The Town Clerk (*ex officio*).

BROOKLINE TOWN RECORDS.

FOR THE MUNICIPAL YEAR 1887-88.

SPECIAL MEETING, MARCH 2, 1887.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To either of the Constables of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Brookline, qualified to vote as the law directs, to meet at the Town Hall, on Wednesday, the second day of March, next, at seven and one-half o'clock in the evening, for the following purposes, to wit:—

First, To choose a Moderator.

Second, To appropriate money for sidewalks.

Third, To accept and allow Marshal Street as a townway as laid out by the Selectmen.

Fourth, To accept and allow as a townway Clark Road as laid out by the Selectmen.

Fifth, To accept and allow Waverly Street as a townway as laid out by the Selectmen.

Sixth, To act upon the extension of sewers.

Seventh, To act upon the Report of the Special Committee on Public Baths and Wash Houses, and to appropriate money to print the same.

Eighth, To hear and act on the reports of town officers and committees.

Ninth, To raise and appropriate such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles, and especially to act upon all the appropriations asked for or proposed by the Selectmen, or by any town officers or committees.

Hereof fail not, and make due return of this warrant to the Selectmen, with your doings thereon, four days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this twenty-third day of February, in the year of our Lord one thousand eight hundred and eighty-seven.

FRANCIS W. LAWRENCE,
ALBERT L. LINCOLN, JR.,
JAMES B. HAND,
HORACE JAMES,

Selectmen of the Town of Brookline.

NORFOLK, SS.

BROOKLINE, Feb. 26, 1887.

* By virtue of the within warrant, I have notified and warned the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the time and place, and for the purposes within named, by causing a printed attested copy of the same to be left at their last and usual place of abode, also by posting the same in three or more public places in said town, four days at least before the day of said meeting.

W. Y. GROSS, *Constable*.

In pursuance of the foregoing warrant, the inhabitants of the town of Brookline, qualified to vote in elections, met in the Town Hall in said town, on Wednesday, the second day of March, in the year of our Lord one thousand eight hundred and eighty-seven, and were called to order at half past seven of the clock in the evening by the Town Clerk, who read the warrant calling said meeting, and the return thereon of the officer who served the same on the inhabitants.

First Article taken up,—“To choose a Moderator.”

The meeting nominated and chose for Moderator Thomas H. Talbot, and he took the chair.

Second Article taken up,—“To appropriate money for sidewalks.”

On motion of Mr. Francis W. Lawrence it was —

Voted, That the sum of eight hundred dollars be appropriated for sidewalks, the same to be paid from any unexpended balances in the treasury.

Seventh Article taken up,—“To act upon the Report of the Special Committee on Public Baths and Wash Houses, and to appropriate money to print the same.”

Hon. William Aspinwall presented the report of the committee on the subject, and on his motion it was —

Voted, That the sum of seven hundred and fifty dollars be appropriated from any unexpended balances in the treasury, to be expended by the committee appointed at the annual meeting of 1886, on the subject of Baths and Wash Houses, in printing the report made on that subject by George F. Newton, or so much thereof as the committee may deem expedient.

Third Article taken up,—“To accept and allow Marshal Street as a townway as laid out by the Selectmen.”

The Selectmen presented the following report on the laying out of said way, to wit :

The undersigned, Selectmen of Brookline, having given printed and written notices to Charles H. and heirs of Marshall Stearns, Moses Kimball, Juline E. Rothwell and Florence D. Talbot, being the only parties

known to us, or believed by us to be interested in the subject-matter of a street or way to be laid out, of our intention to lay out a new townway, running from Sewall Avenue to Longwood Avenue, about seven hundred seventy-five feet easterly from St. Paul Street, through land of Charles H. and heirs of Marshall Stearns, such notices requiring said persons to appear before us at our room in the Town Hall, on Monday, the fifteenth day of November, 1886, at four o'clock in the afternoon; and having caused such notices to be actually served by a constable of the town, as the law requires, upon such persons, seven days at least before the day so appointed for the hearing; and having also given notice to them, and all other persons (if any) who may be interested in the subject-matter of said street, whose names are not known to us, by posting up the same printed and written notices in three public places in the town, seven days at least before the day appointed for the hearing:

Pursuant to such notice, we met at the time and place appointed, and having heard the parties and their remarks and objections, and the street as hereinafter described having been viewed and examined by us, after fully considering the subject, adjudged that it was necessary for the public convenience that a street or townway should be laid out and maintained by the town, as hereinafter described by its centre line, viz:

Beginning at a point on the southerly side of Sewall Avenue, situated 789.60 feet easterly from St. Paul Street, and running south $6^{\circ} 33' 50''$, east 417.45 feet, to Longwood Avenue, and taking from Charles H. and heirs of Marshall Stearns a parcel of land, bounded southerly by Longwood Avenue, northerly by Sewall Avenue, and easterly and westerly by a line parallel with and 20 feet distant from the centre line, containing 16,698 square feet.

The location of said street is in accordance with a plan and profile of the same, dated November 12th, 1886, made by A. H. French, C. E., approved by us, and such plan and profile are adopted by us as a part of this record.

And the owners of the land abutting upon said street, and of the fee of the land over which said street is laid out, in consideration of the laying out and accepting the same, agree to waive all claims to land or grade damages.

And said street as so laid out, located and described, is hereby reported to the town for acceptance, and when so accepted, allowed and recorded, is to be known as a townway, called by us Marshal Street.

The said plan, profile and this record, together with the release from the owners and abutters, have this day been filed by us in the office of the Town Clerk.

ALFRED D. CHANDLER.
FRANCIS W. LAWRENCE,
ALBERT L. LINCOLN, JR.,
JAMES B. HAND,
HORACE JAMES.

Selectmen of the Town of Brookline.

BROOKLINE, November 15th, 1886.

BROOKLINE, MASS., November 15th, 1886.

Filed in the office of the Town Clerk.

Attest: B. F. BAKER, Town Clerk.

On motion of Mr. Francis W. Lawrence, it was —

Voted, That Marshal Street as laid out by the Selectmen, November 15th, 1886, and reported to the town at this town meeting, be accepted and allowed.

RELEASE ON MARSHAL STREET.

Whereas, the undersigned, owners of, or parties having an interest in lands or buildings in, near, or upon a private way forty (40) feet in width, between Sewall Avenue and Longwood Avenue, in Brookline, are desirous that the said private way should be laid out by the Selectmen as a townway, and be accepted by the town.

Now, therefore, know all men by these presents that we, the undersigned, in consideration of the premises and of one dollar to us paid, the receipt whereof is hereby acknowledged, and for other good and valuable considerations, do hereby approve and authorize the laying out of the said private way as a townway, according to plan and profile of A. H. French, C. E., dated April 24, 1884, and its acceptance by the town; and we do hereby remise, release, and forever quitclaim to the said town of Brookline and its assigns all claim or right to damages or compensation of any kind whatsoever, on account of the said laying out by the Selectmen and the acceptance by the town, as aforesaid; or on account of any grading or constructing; or of maintaining, where necessary, the established grade of the said avenue, by sloping or banking on our adjoining lands. But this release is not intended to affect or impair at all the right of any owner of abutting land to use such slopes or banks for building, or any other purpose or use incident to the ownership of the fee in such slopes or banks that will not impair the security of the road-bed, which right is expressly reserved. This release is made upon condition that the said private way shall not be laid out by the Selectmen under the betterment law.

In testimony whereof we have hereunto for ourselves, our heirs, executors, administrators and assigns, set our hands and seals this twelfth day of November, in the year eighteen hundred and eighty-six.

Filed in the office of the Town Clerk.

Attest: B. F. BAKER, *Town Clerk*.

Fourth Article taken up,—“To accept and allow as a townway Clark Road as laid out by the Selectmen.”

The Selectmen presented the following report on the laying out of said way, to wit:

The undersigned, Selectmen of Brookline, having given printed and written notices to George A. Goddard, Horace B. Shepard, and Wm. S. Eaton and Henry G. Dorr, Trustees of Goddard Land Company, (being all the parties known to us, or believed by us to be interested in the subject-matter of the road or way to be laid out,) of our intention to lay out from Boylston Street to Sumner Road, substantially upon the line of Clark Road, a townway, to be called by us Clark Road; such notices requiring said persons to appear before us at our room in the Town Hall, on Monday, the fifteenth day of November, 1886, at five o'clock in the afternoon; and having caused such notices to be actually served by a constable of the town, as the law requires, upon such persons, seven days at least before the day so appointed for the hearing, and having also given notice to them, and all other persons (if any) who may be interested in the subject-matter of said road, whose names are not known to us, by posting up a copy of the printed and written notice in three public places in the town, at least seven days before the time appointed for the hearing:

Pursuant to such notice, we met at the time and place appointed, and having heard the parties, and their remarks and objections, and the road having been viewed and examined by us, after fully considering the subject, adjudged that it was necessary for the public convenience that a road or townway should be laid out and maintained by the town, as hereinafter described by its centre line, viz:

Beginning at a point on the tangent 19.42 feet southerly from the angle in the centre line of Sumner Road (said angle being 51.38 feet southerly from the axis line of the location of the Boston and Albany Railroad, measured on the centre line of Sumner Road), and running northeasterly by a curve to the right, with a radius of 1,595.25 feet, 725.66 feet.

Thence curving to the right, with a radius of 342.56 feet, 157.81 feet.

Thence curving to the right, with a radius of 955.37 feet, 185.42 feet.

Thence running southerly by a tangent 40 feet, to the northerly side of Boylston Street.

A parallel width of 20 feet on each side of the centre line is taken for said road, and the intersection of the side lines of said road with the northerly line of Boylston Street, are both curved with a radius of 20 feet.

The southeasterly corner of Clark Road and Sumner Road is curved with a radius of 34.97 feet, and the northeasterly corner of said roads with a radius of 30.45 feet.

The location of said road is in accordance with a plan and profile of the same, dated November 13th, 1886, made by A. H. French, C. E., approved by us; and such plan and profile are adopted by us as a part of this record.

And the owners of the land abutting upon said road or way, and of the fee of the land over which said road or way is laid out, in consideration of the town laying out and accepting the same, agree to waive all claims to land or grade damages.

And said road, so laid out, located, and described, is hereby reported to the town for acceptance; and when so accepted, allowed, and recorded, is to be known as a townway.

The said plan and profile and this record, together with a release from the owners and abutters, have this day been filed by us in the office of the Town Clerk.

ALFRED D. CHANDLER,
FRANCIS W. LAWRENCE,
ALBERT L. LINCOLN, JR.,
JAMES B. HAND,
HORACE JAMES,

Selectmen of the Town of Brookline.

BROOKLINE, November 15th, 1886.

BROOKLINE, MASS., November 15th, 1886.

Filed in the office of the Town Clerk.

Attest: B. F. BAKER, *Town Clerk.*

On motion of Mr. Francis W. Lawrence, it was —

Voted, That Clark Road, as laid out by the Selectmen, November 15th, 1886, and reported to the town at this meeting, be accepted and allowed.

RELEASE—CLARK ROAD.

Whereas, the undersigned, owners of or parties having an interest in lands or buildings in, near or upon Clark Road, now a private way forty feet in width between Boylston Street and Sumner Road, in Brookline, are desirous that the said Clark Road shall be laid out by the Selectmen as a townway, and be accepted by the town.

Now, therefore, know all men by these presents, that we, the undersigned, in consideration of the premises and of one dollar to us paid, the receipt whereof is hereby acknowledged, and for other good and valuable considerations, do hereby approve and authorize the laying out of the said Clark Road as a townway and its acceptance by the town, and we do hereby remise, release, and forever quitclaim to the said town of Brookline and its assigns all claim or right to damages or compensation of any kind whatsoever, on account of the said laying out by the Selectmen and the acceptance by the town, as aforesaid, or on account of any grading or constructing or of maintaining, where necessary, the established grade of the said road by sloping or banking on our adjoining lands. But this release is not intended to affect or impair at all the right of any owner of abutting land to use such slopes or banks for building or any other purpose or use incident to the ownership of the fee in such slopes or banks that will not impair the security of the road-bed, which right is expressly reserved. This release is made upon condition that the said Clark Road shall not be laid out by the Selectmen under the betterment law.

In testimony whereof, we have hereunto for ourselves, our heirs, executors, administrators, successors, and assigns, set our hands and seals, this twenty-fifth day of September, in the year eighteen hundred and eighty-six.

Commonwealth of Massachusetts.

NORFOLK, SS.

BROOKLINE, February 28, 1887.

Then personally appeared the above-named Henry G. Dorr, and acknowledged the foregoing instrument by him signed to be his free act and deed.

Before me,

GEORGE F. JOYCE,

Justice of the Peace.

Fifth Article taken up,—“To accept and allow Waverly Street as a townway as laid out by the Selectmen.”

The Selectmen presented the following report on the laying out of said street, to wit :

The undersigned, Selectmen of Brookline, having given printed and written notices to Martha A. James, Harvey James, Nathaniel N. James, John Shields, J. Farley Boynton, John D. Sturtevant and Elijah C. Emerson, being all the persons known to us to be interested in the subject matter of the street or townway to be laid out, of our intention to lay out a townway from Cypress Street to Thayer Street, over Waverly Place and land of John D. Sturtevant and others, such notices requiring the aforesaid persons to appear before us at our room in the Town Hall, on Tuesday, the fifteenth day of February, 1887, at four o'clock in the afternoon, and having caused such notices to be actually served according to law upon all such persons by a constable of this town at least seven days before the day so appointed for the hearing, and having given notice to them and all other persons (if any) who may be interested in the subject matter of said street whose names are not known to us, or who have no place of abode in the town, by posting up copies of the same printed and written notices in three public places in the town, at least seven days before said time appointed for the hearing :

Pursuant to such notice we met at the time and place appointed, and thence by adjournment to Monday, the twenty-first day of February, 1887, at four o'clock in the afternoon, at the same place, and after hearing the parties and their remarks and objections, and the route of the street as hereinafter described having been viewed and examined by us, after fully considering the subject, adjudged that it was necessary for the public convenience that a street, to be called by us Waverly Street, should be laid out and maintained by the town, leading from Cypress Street to Thayer Street, as hereinafter described, viz :

Commencing at a point on the easterly side of Cypress Street, situated 67.98 feet southerly from the stone monument marking the division line between land of James M. Seamans and Elizabeth B. James, and running south $65^{\circ} 31' 20''$ east by the northerly line of Waverly Place as now laid out, and by the continuation of said line 500.09 feet. Thence curving to the left, with a radius of 136.59 feet, 151.42 feet, to Thayer Street. Thence running southerly by the westerly line of Thayer Street 162.64 feet. Thence running north $65^{\circ} 31' 20''$ west 695.54 feet to Cypress Street. Thence running northerly by the easterly line of Cypress Street 40.04 feet to the point of beginning, and taking land as hereinafter described.

From Horace James, as he is the owner of the fee of a part of Waverly Place, a parcel of land bounded northerly by the northerly line of Waverly Place, southerly by a line parallel with and ten feet distant from the same, and extending from Cypress Street to other land of Horace James, containing about 3451 square feet.

From John D. Sturtevant, as he is the owner of the fee of a part of Waverly Place, a parcel of land bounded southerly by the southerly line of Waverly Place, northerly by a line parallel with and ten feet distant from the same, and extending from Cypress Street to other land of John D. Sturtevant, containing about 3459 square feet.

From Horace James a parcel of land bounded northerly by the northerly line of the proposed street, southerly by land of John D. Sturtevant, and extending from Waverly Place to land of Elijah C. Emerson, containing 10 square feet.

From John D. Sturtevant a parcel of land bounded southerly by the southerly line of the proposed street, northerly by Waverly Place, and extending from Cypress Street to land of Elijah C. Emerson, containing about 6962 square feet.

Also from John D. Sturtevant a parcel of land bounded northerly by land of Horace James, southerly by other land of John D. Sturtevant, and extending from Waverly Place to land of Elijah C. Emerson, containing 10 square feet.

From Elijah C. Emerson a parcel of land bounded northerly by the northerly line of the proposed street, easterly by Thayer Street, southerly by the southerly line of proposed street, westerly by land of John D. Sturtevant and Horace James, containing 14,139 square feet.

The location of said Waverly Street is in accordance with a plan and profile of the same made by Alexis H. French, C. E., dated February 10, 1887, approved by us, and such plan and profile are adopted by us as a part of this record.

We have estimated the damages sustained by the owners of lands, rights and interests caused by the laying out and construction of said street, whether by taking land or by injuring property in any manner whatsoever, and do estimate and determine the amount to be paid to the said parties respectively as follows:

To John D. Sturtevant the sum of fifteen hundred dollars.

To Elijah C. Emerson the sum of six hundred seventy-three dollars.

No other awards are made; all other parties in interest and the owners of the land abutting upon said street, and of the fee in Waverly Place, over which said street is laid out in part, in consideration of the Selectmen laying out and of the town accepting and constructing the same, have released all claim to land or grade damages.

The Selectmen have given to the owners of the land through which said street is so laid out, thirty days from the date of its acceptance by the town, in which to remove all loam, trees and fences from said land.

The estimated cost of constructing the street is \$1200. The said plan, profile and this record, with the releases herein referred to, have this day been filed by us in the office of the Town Clerk.

On motion of Mr. Francis W. Lawrence, it was —

Voted, That Waverly Street, as laid out by the Selectmen, February 21st, 1887, and reported to the town at this town meeting be accepted and allowed.

Voted, That the sum of three thousand three hundred and seventy-three dollars be appropriated to pay for the land damages and construction of Waverly Street, the same to be paid from any unexpended balances in the Treasury.

RELEASE OF NATHANIEL N. JAMES AND OTHERS, ON WAVERLY PLACE.

Whereas, a petition has been presented to the Selectmen of Brookline, Massachusetts, to lay out a townway between Cypress Street and Thayer Street, as shown by a plan of the same by Alexis H. French, C. E., dated February 10th, 1887.

Now, therefore, know all men by these presents, that we, the undersigned, owners of property abutting on the north side of Waverly Place, in the line of the said proposed way, in consideration of the premises and of one dollar to us paid by the inhabitants of Brookline, hereby approve and authorize the laying out by the Selectmen of the said way and its acceptance by the town; and we, the undersigned, hereby remise, release and forever quitclaim to the said town of Brookline and its assigns, all claim or right to damages or compensation of any kind whatsoever, on account of the said laying out by the Selectmen and the acceptance by the town, as aforesaid, or on account of any grading or constructing, or of maintaining, where necessary, the established grade of the said way by sloping or banking on our adjoining land. But this release is not intended to affect or impair at all our right to use said slopes or banks for building, or for any other purpose or use incident to the ownership of the fee in such slopes or banks, that will not impair the security of the road-bed, which right is expressly reserved. This release is made upon condition that the said way shall not be laid out by the Selectmen under the betterment law.

In testimony whereof, we hereunto, for ourselves, our heirs, executors, administrators, and assigns, set our hands and seals this eleventh day of February, in the year 1887.

RELEASE ON WAVERLY PLACE, OF JOHN D. STURTEVANT.

Whereas, a petition has been presented to the Selectmen of Brookline, Massachusetts, to lay out a townway between Cypress Street and Thayer Street, as shown by a plan of the same by Alexis H. French, C. E., dated February 10th, 1887.

Now, therefore, know all men by these presents, that I, John D. Sturtevant, of said Brookline, the undersigned, in consideration of the premises and of fifteen hundred (1,500) dollars to be paid to me by the inhabitants of Brookline, hereby approve and authorize the laying out by the Selectmen of the said way and its acceptance by the town; and I, the said John D. Sturtevant, hereby remise, release and forever quitclaim to the said town of Brookline and its assigns, all claim or right to damages or compensation of any kind whatsoever, except as aforesaid, on account of the said laying out by the Selectmen and the acceptance by the town, as aforesaid, or on account of any grading or constructing, or of maintaining, where necessary, the established grade of the said way by sloping or banking on my adjoining land. But this release is not intended to affect

or impair at all my right to use said slopes or banks for building, or for any other purpose or use incident to the ownership of the fee in such slopes or banks, that will not impair the security of the road-bed, which right is expressly reserved. This release is made upon condition that the said way shall not be laid out by the Selectmen under the betterment law.

In testimony whereof, I hereunto, for myself, my heirs, executors, administrators, and assigns, set my hand and seal this 15th day of February, in the year 1887.

RELEASE ON WAVERLY STREET,—E. C. EMERSON.

Whereas, a petition has been presented to the Selectmen of Brookline, Massachusetts, to lay out a townway between Cypress Street and Thayer Street, as shown by a plan of the same by Alexis H. French, C. E., dated February 10th, 1887.

Now, therefore, know all men by these presents, that I, Elijah C. Emerson, of said Brookline, the undersigned, in consideration of the premises and of six hundred and seventy-three (673) dollars to be paid to me by the inhabitants of Brookline, hereby approve and authorize the laying out by the Selectmen of the said way and its acceptance by the town; and I, the said Elijah C. Emerson, hereby remise, release and forever quitclaim to the said town of Brookline and its assigns, all claim or right to damages or compensation of any kind whatsoever—except as aforesaid—on account of the said laying out by the Selectmen and the acceptance by the town, as aforesaid, or on account of any grading or constructing, or of maintaining, where necessary, the established grade of the said way by sloping or banking on my adjoining land. But this release is not intended to affect or impair at all my right to use said slopes or banks for building, or for any other purpose or use incident to the ownership of the fee in such slopes or banks, that will not impair the security of the road-bed, which right is expressly reserved. This release is made upon condition that the said way shall not be laid out by the Selectmen under the betterment law.

In testimony whereof, I hereunto, for myself, my heirs, executors, administrators, and assigns, set my hand and seal this twenty-first day of February, in the year 1887.

SPECIAL MEETING, MARCH 29, 1887.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To either of the Constables of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Brookline, qualified to vote as the law directs, to meet at the Town Hall on Tuesday, the twenty-ninth day of March, current, at half-past seven o'clock in the evening, for the following purposes, to wit:—

First, To choose a Moderator.

Second, To see if the town will accept and allow the alteration and widening of Beacon Street, leading from the boundary line between the city of Boston and the town of Brookline, at St. Mary's Street, to the boundary line between the city of Boston and the town of Brookline near Chestnut Hill Reservoir, made by the Selectmen on Monday, the twenty-first day of March, 1887, together with any changes of grade or discontinuance of any portions of said Beacon Street, made therein, and reported to the town at this meeting.

Third, To see if the town will accept either of the propositions made by Mr. H. M. Whitney to the Selectmen, with reference to the alteration and widening of Beacon Street.

Fourth. To see if the town will authorize the Selectmen to enter upon the land taken for the alteration and widening of Beacon Street, before all claims for damages, by reason thereof, shall have been finally adjusted.

Fifth. To raise and appropriate such sums of money as may be necessary for any or all the purposes mentioned in the foregoing articles.

Hereof fail not, and make due return of this warrant to the Selectmen, with your doings thereon, four days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this twenty-second day of March, in the year of our Lord one thousand eight hundred and eighty-seven.

FRANCIS W. LAWRENCE,
ALBERT L. LINCOLN, JR.,
JAMES B. HAND,
HORACE JAMES,
Selectmen of Brookline.

NORFOLK, SS.

BROOKLINE, March 25th, 1887.

In pursuance of the within warrant, I have notified and warned the inhabitants of Brookline qualified to vote in elections, to meet at the time and place, and for the purposes herein named, by causing a printed attested copy of the same to be left at their last and usual place of abode; also by posting the same in at least three public places in said town of Brookline four days at least before the day of meeting.

W. Y. GROSS, *Constable.*

In pursuance of the foregoing warrant, the inhabitants of the town of Brookline, qualified to vote in elections, met in the Town Hall in said town, on Tuesday, the twenty-ninth day of March, in the year of our Lord one thousand eight hundred and eighty-seven, and were called to order at half past seven of the clock in the evening by the Town Clerk, who read the warrant calling said meeting, and the return thereon of the officer who served the notices of the same on the inhabitants of the town.

First Article taken up.—“To choose a Moderator.”

The meeting nominated and chose for Moderator Rufus G. F. Candage.

Second Article taken up.—“To see if the town will accept and allow the alteration and widening of Beacon Street, leading from the boundary line between the city of Boston and the town of Brookline, at St. Mary's Street, to the boundary line between the city of Boston and the town of Brookline near Chestnut Hill Reservoir, made by the Selectmen on Monday, the twenty-first day of March, 1887, together with any changes of grade or discontinuance of any portions of said Beacon Street, made therein, and reported to the town at this meeting.”

The Selectmen presented the following report on the alteration, widening, and laying out of said street, to wit :

The undersigned, Selectmen of the town of Brookline, having under a vote of the town petitioned the Legislature for a Special Act to enable them to alter and widen Beacon Street; the Act having been passed; and having given notice to heirs or devisees of Benj. Goddard, Sarah E. Lawrence, the heirs or devisees of W. R. Lawrence, West End Land Co., John Wales *et al.*, heirs or devisees of David Sears, Charles U. Cotting, David Sears, K. W. Sears, the heirs or devisees of Marshal Stearns, Charles H. Stearns, Town of Brookline, Harrison Bird, A. J. Harrington, Susan H. Howard, George H. Wheeler, Samuel Hutchinson, Jr., Wm. H. Hill, Jr., George W. Armstrong, A. R. Pike, Austin W. Benton, heirs or devisees of Thomas Griggs, Samuel A. Robinson, Jordan & Marsh, Trustees of Boston University, Eugene R. Knapp, heirs or devisees of T. C. Chamberlin, City of Boston, John Ruggles, Anna S. Amory, F. S. G. de Hauteville, James P. Stearns, heirs or devisees of James S. Whitney, D. S. Coolidge *et al.*, Emily J. Northend, J. Emory Hoar, Sarah Mellen, E. Wason, Eliza F. Raymond, Wm. H. Hill, Charles O. Foster, James Stevenson, heirs or devisees of Caroline L. Clark, heirs or devisees of Stephen Dow, and Dana Estes, being all the parties known to them to be interested in the subject-matter, of their intention to alter and widen under the provisions of Chapter 18 of the Acts of 1887, and under the provisions of law authorizing the assessment of betterments, Beacon Street, such notices requiring such persons and corporations to appear before them in the lower Town Hall, on Friday, the eleventh day of March, 1887, at three o'clock in the afternoon, and having caused such notices to be actually served according to law upon all such persons and corporations by a constable of the town, seven days at least before the day so appointed for the hearing, and having given notice to them and all other parties (if any) who may be interested in said street whose names are not known to them, by posting up true and attested copies of the same notice in three public places in the town seven days at least before the day appointed for said hearing :

Pursuant to such notice they met at the time and place appointed, and having heard the remarks and objections of all the parties who desired to be heard in relation thereto and the route of the street as hereinafter described having been viewed and examined by them; after fully considering the subject, do hereby alter and widen said Beacon Street under the provisions of Chapter 18 of the Acts of 1887, and under the provisions of the law authorizing the assessment of betterments, so that said street within the town of Brookline shall hereafter be bounded as follows, to wit :

Easterly by the boundary line between the city of Boston and the town of Brookline; southerly by the southerly line of Beacon Street as herein altered and widened, by various lines as follows, to wit : Beginning at the easterly end of said Beacon Street by a straight line thirty-five hundred and forty 12-100 (3540.12) feet; then by a line curving to the left with a radius of eleven thousand three hundred and seventy-nine 2-10 (11379.2) feet two hundred and ninety-seven 90-100 (297.90) feet; then by a straight line five hundred (500) feet; then by a line curving to the right with a

radius of four thousand three hundred seventy-seven 30-100 (4377.30) feet, four hundred and seven 44-100 (407.44) feet; then by a straight line three hundred (300) feet; then by a line curving to the left on a radius of five thousand two hundred and eight and 90-100 (5208.90) feet, four hundred and ninety-two 44-100 (492.44) feet; then by a line curving to the left with a radius of one thousand four hundred and twenty-one 40-100 (1421.40) feet, one hundred and thirty-two 40-100 (132.40) feet; then by a straight line two hundred and fifty-nine 73-100 (259.73) feet; then by a line curving to the right with a radius of two thousand nine hundred and fifty-nine 90-100 (2959.90) feet, one thousand four hundred and forty-six 41-100 (1446.41) feet; then by a straight line three hundred (300) feet; then by a line curving to the left with a radius of one thousand three hundred and thirty-seven 7-10 (1337.7) feet, two hundred and eighty 11-100 (280.11) feet; then by a line curving to the left with a radius of two thousand two hundred and thirty-one 1-10 (2231.1) feet, two hundred and sixty-nine 32-100 (269.32) feet; then by a straight line one thousand and thirty-seven 84-100 (1037.84) feet; then by a line curving to the right with a radius of seventeen thousand two hundred and sixty-eight 8-10 (17268.8) feet, nine hundred and four 19-100 (904.19) feet; then by a straight line five hundred (500) feet; then by a line curving to the left with a radius of thirty-four thousand two hundred and ninety-seven 5-10 (34297.5) feet, one thousand four hundred and five 06-100 (1405.06) feet; northwesterly by the boundary line between the city of Boston and the town of Brookline; northerly by the northerly line of Beacon Street as herein altered and widened, by various lines as follows, to wit: By a line curving to the right (and which is parallel to and distant from the last described line of the southerly boundary of said widening as hereinbefore described one hundred and sixty (160) feet,) with a radius of thirty-four thousand four hundred and fifty-seven 5-10 (34457.5) feet, one thousand one hundred and three 27-100 (1103.27) feet; then by a straight line five hundred (500) feet; then by a line curving to the left with a radius of seventeen thousand one hundred and eight 8-10 (17108.8) feet, eight hundred and ninety-five 81-100 (895.81) feet; then by a straight line four hundred and forty-one 62-100 (441.62) feet; then by a line curving to the left with a radius of eleven thousand four hundred and fifty-nine 2-10 (11459.2) feet, four hundred and eighty (480) feet; then by a straight line two hundred and twenty-six 65-100 (226.65) feet; then by a line curving to the right with a radius of one thousand one hundred and eighteen (1118) feet, one hundred and eighty-one 8-10 (181.8) feet; then by a line curving to the right with a radius of one thousand five hundred and twenty-seven 7-10 (1527.7) feet, three hundred and nineteen 89-100 (319.89) feet; then by a straight line three hundred (300) feet; then by a line curving to the left with a radius of two thousand seven hundred and sixty-nine 9-10 (2769.9) feet, eleven hundred and sixty 22-100 (1160.22) feet; then by a straight line four hundred and sixty 84-100 (460.84) feet; then by a line curving to the right with a radius of six thousand and forty-nine 2-10 (6049.2) feet, one hundred and forty 78-100 (140.78) feet; then by a line curving to the right with a radius of five thousand three hundred and sixty-eight 9-10 (5368.9) feet, five hundred and seven 56-100 (507.56) feet; then by a straight line three hundred (300) feet; then by a line curving to the left with a radius of four thousand two hun-

dred and seventeen 3-10 (4217.3) feet, three hundred and ninety-two 56-100 (392.56) feet; then by a straight line five hundred (500) feet; then by a line curving to the right with a radius of eleven thousand five hundred and thirty-nine 2-10 (11539.2) feet, three hundred and two 10-100 (302.10) feet; then by a straight line three thousand five hundred and thirty-nine 83-100 (3539.83) feet; this last mentioned straight line being parallel to and distant one hundred and sixty (160) feet from the first straight line of the southerly boundary hereinbefore described.

At the intersections of said Beacon Street, as altered and widened, by the public streets hereinafter named, the corners are to be rounded with curves and the necessary land is hereby taken therefor as follows, to wit: At Kent Street each corner with a curve having a radius of twenty (20) feet; at St. Paul Street the northeast and the southwest corners each with a curve having a radius of fifteen (15) feet; the northwest and southeast corners each with a curve having a radius of fifty (50) feet; at Charles Street each corner with a curve having a radius of twenty (20) feet; at Pleasant Street the northeast corner with a curve of fifteen (15) feet radius, and the northwest corner with a curve of fifty (50) feet radius; at Harvard Street the northeast corner with a curve of fifty (50) feet radius; the southeast and southwest corners each with a curve having a radius of twenty (20) feet and the northwest corner with a curve of fifteen (15) feet radius; at the private way known as Webster Street the southeast corner with a curve of sixteen (16) feet radius; the southwest corner with a curve of one hundred (100) feet radius; at Park Street each corner with a curve of fifteen (15) feet radius; at Winchester Street the northeast corner with a curve of fifty (50) feet radius; the northwest corner with a curve of fifteen (15) feet radius; at Summit Avenue the northeast corner with a curve of one hundred (100) feet radius; the northwest corner with a curve of twenty (20) feet radius; at Marion Street the southeast corner with a curve of twenty (20) feet radius; the southwest corner with a curve of fifty (50) feet radius; at Washington Street the southeast corner with a curve of twenty (20) feet radius; the southwest corner with a curve of seventy-five (75) feet radius; the northwest corner with a curve of fifteen (15) feet radius; the northeast corner with a curve of fifty (50) feet radius; at Tappan Street each corner with a curve of twenty (20) feet radius; at Englewood Avenue each corner with a curve of twenty (20) feet radius. And the following portions of Beacon Street as laid out by the County Commissioners of Norfolk County, which portions are colored red on the plan hereinafter referred to, are not discontinued, but are hereby expressly made a part of said Beacon Street as herein altered and widened; one portion beginning at the intersection of the centre line of Beacon Street, as laid out by said County Commissioners, with the hereinbefore described northerly boundary line of Beacon Street, as herein altered and widened, opposite the land of Grace Stevenson, thence running westerly along the said centre line of said Beacon Street to its intersection with the westerly boundary line produced of said land of said Grace Stevenson, thence southerly along said boundary line produced to its intersection with the said northerly boundary line of Beacon Street as herein altered and widened, thence easterly along said northerly boundary line of Beacon Street as herein altered and widened to the point of beginning. The

second portion is bounded and described as follows, to wit: Beginning at the intersection of the centre line of Beacon Street as laid out by the County Commissioners and the hereinbefore described southerly boundary of Beacon Street as herein altered and widened opposite land of the trustees of Boston University, thence westerly along the said centre line of said Beacon Street to its intersection with a curve of twenty (20) feet radius rounding the easterly corner of the private way known as Winthrop road, thence along the said curve of twenty (20) feet radius to its intersection with the southerly side line of Beacon Street as laid out by the County Commissioners; thence westerly along the said southerly side line to its intersection with a curve of seventy-five (75) feet radius rounding the westerly corner of said Winthrop Road, thence along said curve to its intersection with the before mentioned southerly boundary line of Beacon Street as herein laid out and widened, thence easterly along the said southerly boundary line to the point of beginning.

We take land as follows:

1,346,837 feet.

And the said Beacon Street as herein altered and widened is to be built as follows, to wit: From the boundary between the city of Boston and the town of Brookline at St. Mary's Street to Harvard Street, with sidewalks, planting spaces, roadways, bridleway and a reservation for a street railway in the following order proceeding from south to north: sidewalk ten (10) feet wide, planting space five (5) feet wide, roadway thirty (30) feet wide, planting space five (5) feet wide, reservation for a street railway twenty (20) feet wide, planting space five (5) feet wide, bridleway twenty (20) feet wide, roadway fifty (50) feet wide, planting space five (5) feet wide and a sidewalk ten (10) feet wide. From Harvard Street to Washington Street, as follows, proceeding from south to north: a sidewalk ten (10) feet wide, a planting space five (5) feet wide, a roadway fifty (50) feet wide, a bridleway twenty (20) feet wide, a reservation for a street railway twenty (20) feet wide, a planting space increasing in width from five (5) to thirty-five (35) feet in going from Harvard Street to Short Street, thence continuing thirty-five (35) feet wide to a point opposite the land of Dow, thence gradually diminishing in width until reaching a point near Washington Street; a roadway thirty (30) feet wide, a planting space five (5) feet wide and a sidewalk ten (10) feet wide. From Washington Street to the town boundary near the Chestnut Hill Reservoir, the road is to be constructed as before specified between St. Mary's Street and Harvard Street, excepting that the planting space between the railway and bridle path near the west side of Washington Street is to be of a width to correspond with its width near the east side of Washington Street, thence diminishing in width to five (5) feet and continuing five (5) feet wide to the town boundary; reference being made to the cross sections as drawn on the plan heretofore mentioned.

Such portions of Beacon Street as originally laid out by the County Commissioners as are not included within the limits of the above description are hereby discontinued.

The alteration and widening of said Beacon Street is in accordance with a plan, profile and cross-sections of the same, made by Aspinwall and Lincoln, Civil Engineers, dated February 28th, 1887, approved by us, and such plan, profile and cross-sections are adopted by us as a part of this record.

The Selectmen take the right to support said Beacon Street by slopes or banks where needful on the adjoining land; but this is not intended to affect or impair at all the right of any owner of such adjoining land to use such slopes or banks for building or any other purpose whatsoever incident to the ownership of the fee in said slopes or banks that will not impair the security of the roadbed, which right is expressly reserved to the respective abutters.

We have estimated the damages sustained by the owners of lands, rights and interests caused by altering, widening and constructing said street, whether by taking land or by injuring property in any manner whatsoever, and do estimate and determine the amount to be paid to the said parties respectively as follows:

To James Stevenson	\$21,000
" Estate of Caroline L. Clark	13,000
" Samuel A. Robinson	4,000
" Charles O. Foster	125
" William H. Hill	2,000

To Eliza F. Raymond	\$13,000
" Austin W. Benton	25,000
" Elbridge Wason	5,645
" George W. Armstrong	8,500
" Wm. H. Hill, Jr.	3,800
" Samuel Hutchinson, Jr.	16,000
" Sarah Mellen	4,500
" J. Emory Hoar	4,500
" Susan H. Howard	1,000
" George H. Wheeler	15,000
" Emily J. Northend	2,000
" Almira F. Harrington	10,000
" Charles H. Stearns	23,000
" James P. Stearns	9,000
" Heirs of B. Goddard	4,117

We also make the following awards and assume on behalf of the town the payment of any betterment hereafter to be assessed upon their estates :

To Heirs of Marshal Stearns	4,000
" Sarah E. Lawrence	7,000
" Harrison Bird	8,348

We also assume on behalf of the town the payment of any betterment hereafter to be assessed upon the estates of the following-named persons, they having released to the town all claims for land, grade or other damages growing out of the alteration, widening or construction of said street, viz :

West End Land Co.,	K. W. Sears,
Estate of T. C. Chamberlin,	David Sears,
E. R. Knapp,	Anna S. Amory,
Dana Estes,	Estate of David Sears,
Jordan & Marsh,	F. W. Lawrence,
Chas. U. Cotting,	C. U. Cotting & H. M. Whitney,
Thomas B. Griggs,	H. M. Whitney,
D. S. Coolidge <i>et al.</i> ,	John Wales <i>et al.</i>
F. S. G. de Hauteville,	

And we give the owners of land taken for the widening of said street two (2) months from the date of its acceptance by the town in which to remove all fences, trees and buildings from the land taken east of St. Paul Street, and four months from the said date in which to remove all fences, trees and buildings from the land taken west of St. Paul Street.

And said street so altered, widened and described is hereby reported to the town for acceptance.

The said plan, profile, cross-sections and this record have this day been filed by us in the office of the Town Clerk.

The estimated cost of constructing the street is three hundred and forty-one thousand seven hundred and fifteen dollars (\$341,715).

The estimated cost of land and grade damages is two hundred and two thousand and thirty-five dollars (\$202,035).

BROOKLINE, March 21st, 1887.

FRANCIS W. LAWRENCE,
ALBERT L. LINCOLN, JR.,
JAMES B. HAND,
HORACE JAMES,

Selectmen of Brookline.

BROOKLINE, March 21st, 1887.

Filed in the office of the Town Clerk.

Attest: B. F. BAKER, *Town Clerk.*

Mr. Francis W. Lawrence offered the following vote, to wit :

Voted, That the town accepts and allows the alterations and widening of the highway called Beacon Street, running through Brookline from one part of the city of Boston to another part of said city, as made by the Selectmen of said town the twenty-first day of March, 1887, and filed in the office of the Town Clerk on the same day and reported to the town at this town meeting, together with any and all changes of grade and the discontinuance of any portions of said Beacon Street, the same having been done in pursuance of the provisions of the act of the general court, being chapter eighteen of the acts of the year eighteen hundred and eighty-seven entitled, "An act to authorize the town of Brookline to alter and widen Beacon Street," in said town, and the same is hereby ordered to be recorded by the Town Clerk.

The Moderator appointed as tellers, Messrs. Moses Williams, L. S. Davis, Thomas Aspinwall, D. Hall Rice, John J. McCormack and Edwin P. Bowker, and they were sworn to the faithful discharge of their duties by the Town Clerk.

The motion was then put upon its passage, and those in favor were requested to rise. Almost all the voters in the hall arose, estimated at some six or seven hundred, so large and decisive a majority that a count was deemed unnecessary. Those opposed were then requested to rise, and twenty-seven voted in the negative.

The Moderator then declared the vote passed in the affirmative by a large majority.

The Moderator then asked if any one doubted the decision. The decision of the Moderator was not doubted by any one.

Third Article taken up,—“To see if the town will accept either of the propositions made by Mr. H. M. Whitney to the Selectmen, with reference to the alteration and widening of Beacon Street.”

Mr. Francis W. Lawrence, Chairman of the Selectmen, then read the proposition of Mr. H. M. Whitney to the Selectmen with reference to the alteration and widening of Beacon Street, and recommended the first proposition as follows, to wit :

"BOSTON, 21 March, 1887.

"*F. W. Lawrence, Esq., Chairman Selectmen of Brookline, Mass. :*

"Dear Sir,—I will agree to construct Beacon Street as proposed to be laid out by the Selectmen of Brookline, according to the plans, profile and cross section produced at the hearing before your board on the 11th inst., for the sum of three hundred and fifty thousand dollars (\$350,000,) and will contribute toward the cost of such construction the sum of one hundred and fifty thousand dollars (\$150,000); one hundred and fifty thousand dollars (\$150,000) to be expended by me before calling on the town for any money, and thereafter payments to be made on monthly statements of work done with a reserve of twenty per cent. The entire balance to be paid in thirty days after the acceptance of the work by the Selectmen.

* * * * (Signed) HENRY M. WHITNEY."

On motion of Mr. Francis W. Lawrence, it was —

Voted, That the Selectmen be, and they are hereby authorized to contract with Mr. H. M. Whitney for the construction of Beacon Street, as altered and widened by the Selectmen, March 21st, 1887, substantially in accordance with the first proposition made by him, dated March 21st, 1887, and reported to the town at this meeting.

Fourth Article taken up,—“To see if the town will authorize the Selectmen to enter upon the land taken for the alteration and widening of Beacon Street, before all claims for damages, by reason thereof, shall have been fully adjusted.”

On motion of Mr. Francis W. Lawrence, it was —

Voted, That the Selectmen are hereby authorized to enter upon and construct Beacon Street as altered and widened by them, March 21st, 1887, before all claims for damages by reason of such alteration and widening shall have been finally adjusted.

Fifth Article taken up,—“To raise and appropriate such sums of money as may be necessary for any or all of the purposes mentioned in the foregoing articles.”

On motion of Mr. Francis W. Lawrence, it was —

Voted, That the sum of two hundred thousand dollars (\$200,000) be and the same is hereby appropriated toward the payment of land and grade damages and the construction of Beacon Street, as altered and widened by the Selectmen, March 21st, 1887, and accepted by the town at this meeting.

On motion of Mr. Francis W. Lawrence, it was —

Voted, That the Town Treasurer be authorized to borrow, when so directed by the Selectmen, the sum of two hundred thousand (\$200,000)

dollars in such amounts from time to time as they may think necessary, paying therefor a rate of interest not exceeding four per cent per annum, for such times in each case not exceeding ten years, as may seem to the said Treasurer and Selectmen to be for the best interests of the town, giving therefor the note or notes of the town signed by the Treasurer, and countersigned by a majority at least of the Selectmen; the said sum to be applied toward the payment of land and grade damages and construction of Beacon Street, as altered and widened by the Selectmen, March 21, 1887. Such indebtedness shall be made payable in such annual proportional payments as will extinguish the same within ten years from the date of the delivery of the first of said notes.

The motion was then put upon its passage, the tellers appointed under the second article acting.

The whole number of votes was two hundred and forty-three, as follows, to wit: Yeas, two hundred and forty (240); nays, three (3), — and the vote was declared passed in the affirmative.

Dissolved.

Attest: , B. F. BAKER, *Town Clerk.*

ANNUAL MEETING, MARCH 30, 1887.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To either of the Constables of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Brookline, qualified to vote as the law directs, to meet at the Town Hall, on Wednesday, the thirtieth day of March, current, at one o'clock in the afternoon, for the following purposes, to wit:—

First, To choose a Moderator.

Second, To choose the usual Town Officers for the ensuing year; also, to give in their votes, Yes, or No, in answer to the question, Shall licenses be granted for the sale of intoxicating liquors in this town? on a separate ballot.

Third, To accept the list of Jurors, as revised by the Selectmen and posted according to law.

Fourth, To hear and act upon the Reports of Town Officers and Committees.

Fifth, To see if the town will authorize the Selectmen to settle suits and claims against the town, and employ counsel in cases where they shall consider it necessary.

Sixth, To act upon the extension of sewers.

Seventh, To see if the town will accept Chapter 99 of the Acts of 1887, entitled, An Act to authorize the Town of Brookline to provide for surface drainage and to improve the brooks and natural streams within the limits of said town.

Eighth, To appropriate a sufficient sum of money for the completion of the highway from Harvard Square to Francis Street.

Ninth, To raise and appropriate such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles.

Hereof fail not, and make due return of this warrant to the Selectmen, with your doings thereon, four days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this twenty-second day of March, in the year of our Lord one thousand eight hundred and eighty-seven.

FRANCIS W. LAWRENCE,
ALBERT L. LINCOLN, JR.,
JAMES B. HAND,
HORACE JAMES,

Selectmen of Brookline.

NORFOLK, SS.

BROOKLINE, March 25th, 1887.

In pursuance of the within warrant, I have notified and warned the inhabitants of the town of Brookline qualified to vote in elections, to meet at the time and place, and for the purposes herein named, by causing a printed copy of the same to be left at their last and usual place of abode, also by posting the same in three or more public places in said town four days at least before the said day of meeting.

W. Y. GROSS, *Constable.*

In pursuance of the foregoing warrant the inhabitants of the town of Brookline qualified to vote in elections, met in the Town Hall in the said town, on Wednesday, the thirtieth day of March, in the year of our Lord one thousand eight hundred and eighty-seven, and were called to order at one of the clock in the afternoon by the Town Clerk, who read the warrant calling said meeting, and the return thereon of the officer who served the same upon the inhabitants.

First Article taken up,—“To choose a Moderator.”

On motion of Mr. Willard Y. Gross, it was —

Voted, That the polls be kept open five minutes for the reception of votes for Moderator.

The polls were then declared open for the reception of votes for Moderator, and were kept open five minutes, when

they were declared closed. The Town Clerk then proceeded to sort and count the votes given in for Moderator, and the whole number so given in was twenty-nine, and were as follows :—

For Moderator, Thomas H. Talbot had twenty-nine, was declared elected, and took the chair.

The meeting was then called to order, and prayer was offered by Rev. Reuen Thomas.

On motion of Hon. William Aspinwall, it was —

Voted, That the Moderator of this meeting, with the retiring Selectmen and the Selectmen elect, and fifteen citizens to be appointed by the Moderator, shall constitute a committee who shall consider the remaining articles in the warrant after the second article, and report at the adjournment of this meeting what action they consider it advisable for the town to take thereon, with suitable form of votes for carrying out their recommendations. They shall also publish in The Chronicle and Brookline News previous to said adjourned meeting, the action they intend to propose for the consideration of the town on the several articles submitted to them.

The Moderator appointed the following gentlemen to serve on said committee, viz : William Aspinwall, Charles H. Drew, Edward Atkinson, William Stearns, Charles C. Soule, Benjamin F. Baker, Rufus G. F. Candage, James H. Maher, Austin W. Benton, Edward I. Thomas, Clement K. Fay, Moorfield Storey, Frederic Cunningham, Florance Sullivan, Moses Williams.

On motion of Mr. Francis W. Lawrence, it was —

Voted, That when this meeting adjourns it be to meet in this place on Wednesday, the thirteenth day of April next, at half past seven of the clock in the evening.

Voted, That no business be done at this meeting except under the second article in the warrant.

Second Article taken up,—“ To choose the usual Town Officers for the ensuing year ; also, to give in their votes, Yes, or No, in answer to the question, Shall licenses be granted for the sale of intoxicating liquors in this town ? on a separate ballot.

On motion of Mr. Rufus G. F. Candage, it was —

Voted, That the polls be kept open until ten minutes past six of the clock in the afternoon.

On motion of Hon. William Aspinwall, it was —

Voted, That the meeting now proceed to choose the following town officers for the ensuing year, all to be voted for on one ticket, viz:—

A Town Clerk; five Selectmen, who shall be Surveyors of Highways and a Board of Health; seven Overseers of the Poor, two of whom shall be women; a Treasurer and Collector; three Assessors; three Auditors; three members of the School Committee for three years; four Trustees of the Public Library for three years; one Trustee of the Public Library for two years; two Trustees of the Walnut Hills Cemetery for three years; a Committee of three for Planting Trees; one Commissioner of the Sinking Fund for three years; one Commissioner of the Sinking Fund for one year; one Park Commissioner for three years; one member of the Water Board for three years; two Fence Viewers; five Constables; also, to vote Yes, or No, in answer to the question, Shall licenses be granted for the sale of intoxicating liquors in this town? on a separate ballot.

The Moderator appointed the following gentlemen to assist in sorting and counting the votes, viz: Nathaniel Conant, Frank T. Fay, Frank T. Sullivan, Nathaniel A. Francis, Thomas Mahon and Willard E. Daggett, and they were sworn to the faithful discharge of their duty by the Town Clerk.

The polls were then declared open for the reception of votes, and were kept open until ten minutes past six of the clock in the afternoon, when, after due notice, they were declared closed, in accordance with the vote of the meeting.

The Moderator and Town Clerk then proceeded to assist in sorting and counting the votes given in, and the whole number of votes so given in was seven hundred and seventy-six, two of which were votes of women for School Committee; and the following persons having a plurality, and all a majority, were declared elected; viz:—

Town Clerk, Benjamin F. Baker (sworn by the Moderator).

Selectmen, Surveyors of Highways and Board of Health, Francis W. Lawrence (sworn by the Town Clerk), James B. Hand (sworn by the Town Clerk), Horace James (sworn by the Town Clerk), Albert L. Lincoln, Jr. (sworn by the Town Clerk), Watts H. Bowker.

Overseers of the Poor, Francis W. Lawrence (sworn by the Town Clerk), James B. Hand (sworn by the Town Clerk), Horace James (sworn by the Town Clerk), Albert L. Lincoln Jr. (sworn by the Town Clerk), Watts H. Bowker, Mrs. Henrietta G. Codman, Mrs. Elizabeth Cabot.

Treasurer and Collector, George H. Worthley (sworn by the Town Clerk).

Assessors, William Lincoln, J. Anson Guild, Rufus G. F. Candage.

Auditors, William E. Lincoln, Charles A. W. Spencer (accepted), Gardner C. Brooks.

School Committee for three years, Albert Mason, Rev. John B. Brackett, Frank Wells.

Trustees of the Public Library for three years, Augustine Shurtleff (accepted), Charles H. Drew (accepted), Howard N. Brown (accepted), William Aspinwall (accepted).

Trustee of the Public Library for two years, Desmond FitzGerald.

Trustees of Walnut Hills Cemetery for three years, Barthold Schlesinger, Charles S. Sargent.

Committee for Planting Trees, Charles H. Stearns, Henry M. Whitney, Thomas Aspinwall (accepted).

Commissioner of the Sinking Fund for three years, Charles D. Head.

Commissioner of the Sinking Fund for one year, Charles H. Draper (accepted).

Park Commissioner for three years, Francis W. Lawrence (accepted).

Member of the Water Board for three years, George H. Johnson.

Fence Viewers, Burton W. Neal, Willard Y. Gross (sworn by the Town Clerk).

Constables, Eben W. Reed (sworn by the Town Clerk), Willard Y. Gross (sworn by the Town Clerk), George F. Johnson (sworn by the Town Clerk), Thomas J. Murray, Albert S. Paige.

On the question, Shall licenses be granted for the sale of intoxicating liquors in this town? the whole number of votes was seven hundred and twenty, as follows, to wit: Yes, two hundred and sixty-eight (268); no, four hundred and fifty-two (452).

In voting the check list was used, also a separate list for the women voters; and no person was allowed to deposit his or her vote until their name had been found on the list and checked.

The meeting then nominated and chose the following officers, viz:—

Surveyors of Lumber and Measurers of Wood and Bark, Francis H. Bacon, William K. Melcher, Merrill V. Brown, John E. Cousens.

Sealer of Leather, Samuel A. Robinson.

Sealer of Weights and Measures, Willard Y. Gross (sworn by the Town Clerk).

Field Driver, Eben W. Reed (sworn by the Town Clerk).

Pound Keeper, Eben W. Reed (sworn by the Town Clerk).

Cemetery Committee, Walnut Street, Joseph D. Gutterson (accepted).

Adjourned.

Attest: B. F. BAKER, *Town Clerk*.

In pursuance of the laws of this Commonwealth, the Town Clerk forthwith made out his warrant, and delivered it to

Constable Willard Y. Gross, requiring him, within three days from the date thereof, to summons all officers chosen, and not qualified, to appear before the Town Clerk within seven days from the dates of such notice, to be qualified for their several offices; to be sworn where an oath is required, or to signify their refusal of said office; also, to signify their acceptance or refusal of the office to which they have been chosen, where an oath is not required.

Attest: B. F. BAKER, *Town Clerk.*

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

Then personally appeared the persons below named, and were sworn to the faithful discharge of the duties of their office, at the times set against their names, or filed a certificate of having been sworn before a Justice of the Peace, or signified their acceptance or refusal of the office to which they had been chosen, viz:

Attest: B. F. BAKER, *Town Clerk.*

BROOKLINE, Mass., March 14th, 1887.

Voted, To accept the foregoing list.

Fourth Article taken up,—“To hear and act upon the Reports of Town Officers and Committees.”

The report of the School Committee in relation to providing a new building for the Harvard School was taken up, and the following votes were passed, to wit:—

Voted, That a joint committee, consisting of the Selectmen and the School Committee, be authorized to purchase a lot of land on or near Marion Street, at a cost not exceeding fifteen thousand dollars (\$15,000), and they are further authorized to construct thereon a suitable school house at a cost not exceeding twenty thousand dollars (\$20,000), and also to expend the sum of two thousand dollars (\$2,000) for grading and putting the premises in proper condition.

Voted, That the Selectmen be authorized to sell or dispose of, in such manner as may seem to them for the best interests of the town, the remaining portion of the Harvard School lot, so called, on Beacon, Harvard, and Pleasant Streets, and the old school house; the proceeds of such sale, after deducting the necessary expenses, to be paid into the town treasury.

The following vote in relation to borrowing the money for the foregoing objects was then presented, as follows, to wit:—

Voted, That the Town Treasurer be authorized to borrow, when so directed by the Selectmen, a sum not exceeding thirty-seven thousand dollars (\$37,000), paying therefor a rate of interest not exceeding four

per cent per annum, for not more than ten years from the date of the first note, to pay for the purchase of land, grading, etc., and the erection thereon of a school building, giving therefor the note or notes of the town, signed by the Treasurer, and countersigned by a majority at least of the Selectmen.

The Moderator appointed as tellers Messrs. William W. Potter and Aaron H. Latham, and they were sworn by the Town Clerk.

The vote was then put upon its passage, and the whole number of votes was ninety-nine, as follows, to wit: Yeas, ninety-nine (99); nays, none (0),—and the vote was declared passed in the affirmative.

So much of the report of the committee on Records and Reports as relates to printing one volume of the Town Records, was then taken up and considered.

On motion of Mr. Alfred D. Chandler, it was —

Voted, That the sum of one thousand three hundred and twenty-five dollars (\$1,325) be appropriated to pay for copying, indexing, printing, and binding the town records from 1872 to 1884, under the supervision of the Town Clerk and the Selectmen, the contract for printing to be made by the Selectmen, as under Section 27 of the Town By-Laws, and Sections 10 and 11 of said By-Laws.

So much of the report of the committee on improving the Brookline Avenue playground as relates to grading, was then taken up and considered.

On motion of Hon. William Aspinwall, it was —

Voted, That the sum of forty-seven hundred and fifty dollars be hereby appropriated for the improvement of the Brookline Avenue playground according to the report made by the committee to the town. Said sum shall be expended by a special committee, consisting of Henry M. Whitney, William Stearns, Thomas Aspinwall, James B. Hand, Watts H. Bowker.

On motion of Mr. Francis W. Lawrence, it was —

Voted, That the Reports of Town Officers and Committees which have been printed and distributed through the town, be accepted.

Second Article taken up,—“To choose the usual Town Officers for the ensuing year.”

The meeting then proceeded to fill by ballot the vacancy in the Committee on planting trees, caused by the non-qualification of Mr. Charles H. Stearns.

On motion of Hon. William Aspinwall, it was —

Voted, That the polls be open and kept open five minutes for the reception of votes.

The polls were opened, and were kept open for five minutes, when they were declared closed.

The Moderator and Town Clerk then proceeded to sort and count the votes so given in, and the whole number was forty-one, as follows, viz: Henry S. Codman had one; Charles H. Stearns had fifteen; William Stearns had twenty-five, and was declared elected.

In voting, the list of voters was used, and no person was allowed to deposit his vote until his name was found and checked.

Fifth Article taken up, — “To see if the town will authorize the Selectmen to settle suits and claims against the town, and employ counsel in cases where they shall consider it necessary.”

Voted, That the Selectmen be authorized to settle any claims or suits against the town, which in their opinion cannot be successfully defended, when said suit or claim does not exceed the sum of one thousand dollars; and that the Selectmen be given authority to employ counsel in suits against the town.

Sixth Article taken up, — “To act upon the extension of sewers.”

Voted, That the sum of five thousand dollars be appropriated for the extension of sewers.

Seventh Article taken up, — “To see if the town will accept Chapter 99 of the Acts of 1887, entitled, An Act to authorize the town of Brookline to provide for surface drainage and to improve the brooks and natural streams within the limits of said town.”

Voted, That Chapter ninety-nine of the Acts of the year 1887, entitled, An Act to authorize the town of Brookline to provide for surface drainage and to improve the brooks and natural streams within the limits of said town, be and hereby is accepted.

Chapter ninety-nine of the year 1887, is as follows, to wit :

CHAPTER 99.

Commonwealth of Massachusetts.

In the Year One Thousand Eight Hundred and Eighty-seven.

AN ACT

To authorize the Town of Brookline to provide for Surface Drainage and to improve the Brooks and Natural Streams within the Limits of said Town.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by authority of the same, as follows :

SECTION 1. The Selectmen of the town of Brookline, for the purpose of surface drainage, may, within the limits of said town, improve the brooks and natural streams flowing in or through said town, by widening the same, removing obstructions in or over the same, diverting the water, altering the courses or deepening the channels thereof; and the more effectually to make said improvements may take land, in fee simple or otherwise, not exceeding four rods in width, on either side of the present channels of any such brook or natural stream, or for new channels into which said waters or any surface waters may be diverted, within the limits of said town.

SECT. 2. When land is taken by virtue of the preceding section, the proceedings shall be the same as in the laying out of townways.

SECT. 3. Damages occasioned by the making of said improvements shall be ascertained and recovered as in the laying out of townways.

SECT. 4. At any time within two years after any brook or natural stream in said town is improved, in any of the ways mentioned in the first section of this act, under an order declaring the same to be done under the provisions of law authorizing the assessment of betterments, if, in the opinion of the board of officers of said town authorized to lay out ways therein, any real estate in said town, including that, if any, a part of which is taken therefor, receives any benefit or advantage therefrom beyond the general advantages to all real estate in said town, such board may determine the value of said benefit and advantage to such real estate, and may assess upon the same a proportional share of the expense of making such improvement; but no such assessment shall exceed one-half of such adjudged benefit and advantage, nor shall the same be made until the work of making such improvement is completed; and all laws now or hereafter in force in relation to the assessment and collection of betterments in the case of the laying out, altering, widening, grading or discontinuing of townways shall, so far as the same are applicable and not inconsistent with the provisions of this act, apply to the doings of said town and its officers under this act; and all persons upon whose estates betterments shall be assessed under the provisions of this act, who are aggrieved thereby, shall have the same remedies as are now or may hereafter be provided by law for the cases of persons aggrieved by the assessment or levy of betterments in the laying out of townways.

SECT. 5. This act shall take effect upon its passage so far as to allow said town to vote upon the acceptance thereof, but shall not take full effect until it shall have been accepted at a legal town meeting held in said town.

HOUSE OF REPRESENTATIVES, March 18th, 1887.

Passed to be enacted.

CHAS. J. NOYES, *Speaker*.

IN SENATE, March 21, 1887.

Passed to be enacted.

HALSEY J. BOARDMAN, *President*.

“ State Tax	39,532 50

Voted, That the Water Board have authority to extend any street main at an expense not exceeding five hundred dollars (\$500) in any one case, provided an income is assured of not less than five per centum per annum upon the cost of the extension.

Voted, That when this meeting adjourns, it be to meet in this place on Wednesday, the twenty-seventh instant, at half-past seven of the clock in the evening.

Voted, To adjourn.

Adjourned.

Attest : B. F. BAKER, *Town Clerk*.

ADJOURNED ANNUAL MEETING, APRIL 27, 1887.

Pursuant to adjournment the inhabitants of the town of Brookline qualified to vote in elections, met in the Town Hall in said town, on Wednesday, the twenty-seventh day of April, in the year of our Lord one thousand eight hundred and eighty-seven, and were called to order at half past seven of the clock in the evening, by the Moderator, Thomas H. Talbot.

The Ninth Article, which was under consideration at the close of the last meeting, was laid on the table.

Second Article taken up,—“To choose the usual Town Officers for the ensuing year.”

The meeting then proceeded to fill by ballot the vacancies in the committee for planting trees, caused by the resignation of Messrs. Henry M. Whitney and Thomas Aspinwall.

Voted, That the polls be kept open five minutes for the reception of votes.

The polls were then declared open for the reception of votes for two members of the committee for planting trees, and they were kept open five minutes, when they were declared closed.

The Moderator and Town Clerk then proceeded to sort and count the votes given in, and the whole number so given in was thirty-five, and were as follows, to wit:

E. W. Eaton had one, H. S. Codman had two, D. Fitzgerald had five, Charles H. Stearns had eleven, R. G. F. Candage had nineteen, Edward W. E. Thompson had twenty; and R. G. F. Candage and Edward W. E. Thompson were declared elected on the committee for planting trees.

In voting the check list was used, and no person was allowed to deposit his vote until his name was found and checked.

The meeting then proceeded to fill the vacancies in the committee on the Brookline Avenue playground, caused by

the resignation of Messrs. Henry M. Whitney and Thomas Aspinwall.

The meeting nominated and chose Messrs. William Aspinwall and Edward W. E. Thompson, on the committee on the Brookline Avenue playground.

Sixth Article taken up,—“To act upon the extension of sewers.

On motion of Mr. Albert L. Lincoln, Jr., it was—

Voted, That the Selectmen be and are hereby authorized to petition the Legislature for authority to lay and maintain within the limits of the city of Boston a part of the sewer for the Pond Avenue District, so-called, in this town.

The time having arrived at which a special town meeting had been called, to wit., eight of the clock in the evening, it was —

Voted, That this meeting do now adjourn until the close of the special meeting.

Adjourned.

Attest : B. F. BAKER, *Town Clerk*.

SPECIAL MEETING, APRIL 27, 1887.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To either of the Constables of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Brookline, qualified to vote as the law directs, to meet at the Town Hall, on Wednesday, the twenty-seventh day of April, current, at eight o'clock in the evening, for the following purposes, to wit:—

First, To choose a Moderator.

Second, To hear and act upon the report of the committee upon the new Boyslton Street school house.

Third, To raise and appropriate such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles.

Hereof fail not, and make due return of this warrant with your doings thereon, to the Selectmen, four days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this twentieth day of April, in the year of our Lord one thousand eight hundred and eighty-seven.

ALBERT L. LINCOLN, JR.,
JAMES B. HAND,
HORACE JAMES,
WATTS H. BOWKER,
Selectmen of Brookline.

NORFOLK, SS.

BROOKLINE, April 23d, 1887.

In pursuance of the within warrant, I have notified and warned the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the time and place, and for the purposes herein named, by causing a printed attested copy of the same to be left at their last and usual place of abode, and also by posting the same in three or more public places in said town, four days at least before the day of said meeting.

W. Y. GROSS, *Constable.*

In pursuance of the foregoing warrant the inhabitants of the town of Brookline, qualified to vote in elections, met in the Town Hall, in said town, on Wednesday, the twenty-seventh day of April, in the year of our Lord one thousand eight hundred and eighty-seven, and were called to order at eight of the clock in the evening, by the Town Clerk, who read the warrant calling the said meeting, and the return thereon of the officer who served the notice upon the inhabitants.

First Article taken up, — “To choose a Moderator.”

The meeting nominated and chose for Moderator, Thomas H. Talbot.

Second Article taken up, — “To hear and act upon the report of the committee upon the new Boylston Street school house.”

On motion of William H. Lincoln, it was —

Voted, That the sum of eight thousand dollars be appropriated as an additional appropriation for the new school building on Boylston Street.

Mr. William H. Lincoln offered the following vote, to wit :

Voted, That the Town Treasurer be authorized to borrow, when so directed by the Selectmen, the sum of eight thousand dollars, paying therefor a rate of interest not exceeding four per cent per annum for not

more than ten years, to be expended towards the construction of the Grammar School Building on Boylston Street, giving therefor the note or notes of the town, signed by the Treasurer and countersigned by a majority at least of the Selectmen.

The Moderator appointed as tellers Messrs. Charles T. Duncklee and James M. Codman, Jr., and they were sworn to the faithful discharge of their duty by the Town Clerk.

The motion was then put upon its passage, and the whole number of votes was one hundred and twenty-four, as follows, to wit: Yeas, one hundred and twenty-four (124); nays, none (0),—and the motion was declared passed in the affirmative.

Voted, That this meeting be now dissolved.

Dissolved.

Attest: B. F. BAKER, *Town Clerk*.

ADJOURNED ANNUAL MEETING, APRIL 27, 1887.

Pursuant to adjournment the inhabitants of the town of Brookline, qualified to vote in elections, met in the Town Hall in said town, on Wednesday, the twenty-seventh day of April, in the year of our Lord one thousand eight hundred and eighty-seven, and were called to order at half past eight of the clock in the evening, it being immediately after the adjournment of the special meeting, by the Moderator, Thomas H. Talbot.

Ninth Article taken up,—“To raise and appropriate such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles.”

The meeting then voted the following appropriations, to wit:

For Contingencies	\$8,000 00
“ Lighting Streets	27,500 00
“ Sidewalks	8,000 00

On motion of Hon. William Aspinwall, it was —

Voted, Provided that no part of the said appropriation for sidewalks shall be expended in constructing new sidewalks in any place where the public demand for the same is not sufficient to warrant the payment by the town of the whole expense thereof, and without assessing any part of the cost upon the abutters on such sidewalk.

On motion of Mr. John J. McCormack, it was —

Voted, That the vote whereby the town voted to appropriate the sum of three hundred dollars for the care of public grounds be reconsidered.

Voted, That the sum of eight hundred dollars be appropriated for the care and lighting the public grounds \$800 00
 For Fire Alarm and Police Telegraph 1,000 00
 " Assessors and making the Tax List 3,250 00
 " Selectmen, Salaries of 3,000 00
 " Superintendent of Streets 1,500 00
 " Town Clerk 1,200 00
 " Overseers of the Poor 1,050 00
 " New Street Lights 2,000 00
 " Clerk of the Selectmen and Overseers of the Poor 1,000 00
 " Printing and Advertising 3,000 00
 " Library and Librarian's Salary, additional 500 00

Moved, by Mr. Charles H. Drew, — "That the contract for lighting the streets with oil be awarded to Messrs. E. S. Ritchie & Sons, provided they will do it at the same rates as last year."

Voted, To refer the motion to the Selectmen, with instructions to call for proposals.

On motion of Mr. Albert Lincoln, Jr., it was —

Voted, That the Town Treasurer be authorized to borrow, in anticipation of taxes for the present year, such sums of money as may be needed from time to time, not exceeding altogether one hundred and fifty thousand dollars, paying therefor a rate of interest not exceeding four and one half per cent per annum, giving the note or notes of the town therefor, signed by the Treasurer and countersigned by at least a majority of the Selectmen, and to be paid from the taxes to be raised this year.

Voted, That the money appropriated by the town at this annual town meeting, together with that appropriated since the last annual assessment of taxes, not otherwise provided for, be assessed, after deducting the balance in the treasury and the estimated receipts for the ensuing town year, upon the polls and estates taxable in this town, and be collected as the town charges are usually assessed and collected.

Dissolved.

Attest: B. F. BAKER, *Town Clerk*.

SPECIAL MEETING, JULY 26, 1887.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, ss.

To either of the Constables of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby requested to notify and warn the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the Town Hall, on Tuesday, the twenty-sixth day of July, current, at eight o'clock in the evening, for the following purposes, to wit:—

First. To choose a Moderator.

Second. To discontinue that portion of Pleasant Street that lies between Beacon and Harvard Streets.

Third. To authorize the Selectmen to sell or otherwise dispose of the land that will revert to the town in case that portion of Pleasant Street lying between Beacon and Harvard Streets be discontinued.

Fourth. To authorize the Selectmen to accept the proposition of Mr. Charles H. Stearns for a settlement of his damages from the widening of Beacon Street.

Fifth. To appropriate the sum of three thousand dollars for planting trees.

Sixth. To appropriate the sum of two thousand dollars for the extension of Water Works.

Seventh. To appropriate money for a sidewalk on Torrey's Street.

Eighth. To appoint a committee of three, who shall, with the Water Board, constitute a joint committee to consider the question of the extension of the filtering galleries and additional water supply.

Ninth. To appropriate an additional sum of five thousand dollars necessary to complete the Marion Street school house.

Tenth. To appropriate money for improving the Brookline Avenue Playground, by transferring any unexpended balance in the treasury, or by a new appropriation.

Eleventh. To hear and act upon the reports of town officers or committees.

Twelfth. To raise and appropriate such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles.

Hereof fail not, and make due return of this warrant to the Selectmen, with your doings thereon, four days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this eighteenth day of July, in the year of our Lord eighteen hundred and eighty-seven.

FRANCIS W. LAWRENCE,
ALBERT L. LINCOLN, JR.,
WALTER H. BOWKER,
HORACE JAMES,
JAMES B. HAND.

Selectmen of Brookline.

NORFOLK, SS.

BROOKLINE, July 21st, 1887.

By virtue of the within warrant I have notified and warned the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the time and place, and for the purposes herein named, by causing a printed copy of the same to be left at their last and usual place of abode; also by posting the same in three or more public places in said Brookline, four days at least before the said day of meeting.

ALBERT S. PAIGE, *Constable*.

In pursuance of the foregoing warrant the inhabitants of the town of Brookline, qualified to vote in elections, met in the Town Hall in said town, on Tuesday, the twenty-sixth day of July, in the year of our Lord eighteen hundred and eighty-seven, and were called to order at eight of the clock in the evening, by the Town Clerk, who read the warrant calling said meeting and the return thereon of the officer who served the notice upon the inhabitants.

First Article, — “To choose a Moderator.”

The meeting nominated and chose for Moderator, Thomas H. Talbot.

Second Article taken up, — “To discontinue that portion of Pleasant Street that lies between Beacon and Harvard Streets.”

On motion of Mr. Francis W. Lawrence, it was —

Voted, That the portion of the townway called Pleasant Street, extending from Harvard Street to the southerly side of Beacon Street, be and the same is hereby discontinued.

Third and Fourth Articles taken up, to wit:—Third, “To authorize the Selectmen to sell or otherwise dispose of the land that will revert to the town in case that portion of Pleasant Street lying between Beacon and Harvard Streets be discontinued.” Fourth, “To authorize the Selectmen to accept the proposition of Mr. Charles H. Stearns for a settlement of his damages from the widening of Beacon Street.”

On motion of Mr. Francis W. Lawrence, it was —

Voted, That the Selectmen are hereby authorized to sell or otherwise dispose of the land which will revert to the town by the discontinuance of that part of the townway called Pleasant Street, extending from Harvard Street to the southerly side of Beacon Street.

Voted, That the Selectmen are authorized to accept and carry out the proposition of Mr. Charles H. Stearns for a settlement of his damages from the widening of Beacon Street, made to them July 18th, 1887, and reported by them to the town at this meeting.

Seventh Article taken up,—“To appropriate money for a sidewalk on Toxteth Street.”

On motion of Mr. John J. Henry, it was —

Voted, That the sum of one thousand and five hundred dollars be appropriated for a sidewalk on each side of Toxteth Street, and that one of them be laid with brick.

Sixth Article taken up,—“To appropriate the sum of two thousand dollars for the extension of water works.”

On motion of Mr. Francis Hunnewell, it was —

Voted, That the sum of two thousand dollars be appropriated for the extension of water works, the amount to be taken from water receipts.

Eighth Article taken up, — “To appoint a committee of three, who shall, with the Water Board, constitute a joint committee to consider the question of the extension of the filtering galleries and additional water supply.”

On motion of Mr. Francis Hunnewell, it was —

Voted, That a committee of three be appointed by the chair, who, with the Water Board, shall constitute a joint committee to consider and report in print to a future town meeting, the whole matter of the extension of the filtering galleries and additional water supply, with authority to consult experts; and that the sum of five hundred dollars (to be taken from water receipts) be appropriated to meet any expenses incurred by said committee.

The Moderator appointed the following persons to compose said committee, viz: William Aspinwall, Charles H. Drew, James W. Edgerly.

On motion of Hon. William Aspinwall, it was —

Voted, That Mr. James B. Hand be added to the committee.

Tenth Article taken up, — “To appropriate money for improving the Brookline Avenue Playground, by transferring any unexpended balance in the Treasury, or by a new appropriation.”

On motion of Hon. William Aspinwall, it was —

Voted, To appropriate the sum of two thousand dollars to be expended in improving the Brookline Avenue playground under the direction of the committee appointed for that purpose, said sum to be borrowed by the Treasurer under the direction of the Selectmen, in the usual manner and form, and to be made payable from the taxes of the year 1888.

The Moderator appointed Messrs. Thomas Aspinwall and Capt. R. G. F. Candage to act as tellers, and they were sworn by the Town Clerk.

The motion was then put upon its passage, and the whole number of votes was forty-eight, and were as follows, to wit: Yeas, forty-eight (48); nays, none (0),—and the motion was declared passed in the affirmative, by more than two-thirds of the voters present and voting thereon.

Voted, To appropriate any unexpended balance of the appropriation for the building of the Brookline Avenue school house remaining after the completion thereof, to improving the Brookline Avenue playground, under the direction of the committee appointed for that purpose.

Ninth Article taken up, — “To appropriate an additional sum of five thousand dollars necessary to complete the Marion Street school house.

On motion of Hon. Albert Mason, it was —

Voted, That the sum of five thousand dollars be appropriated to complete the new school house on Marion Street in accordance with the plans adopted by the committee.

Voted, That the Town Treasurer be authorized to borrow, when so directed by the Selectmen, a sum not exceeding five thousand dollars, paying therefor a rate of interest not exceeding four per cent per annum, for not more than ten years, to pay for the completion of the new school house on Marion Street, giving therefor the note or notes of the town, signed by the Treasurer and countersigned by a majority at least of the Selectmen.

The motion was then put upon its passage, the same tellers acting as under the tenth article.

The whole number of votes was forty-six, and were as follows, to wit: Yeas, forty-six (46); nays, none (0),—and the vote was declared passed in the affirmative, by more than two-thirds of the voters present and voting thereon.

Fifth Article taken up, — “To appropriate the sum of three thousand dollars for planting trees.”

On motion of Capt. R. G. F. Candage, it was —

Voted, That the Fifth Article be indefinitely postponed.

Seventh Article taken up, — “To appropriate money for a sidewalk on Toxteth Street.”

On motion of Mr. Francis W. Lawrence, it was —

Voted, That the sum of one thousand and five hundred dollars appropriated for sidewalks on Toxteth Street be taken from any unexpended balances in the treasury.

On motion of Mr. Albert L. Lincoln, Jr., it was —

Voted, That the meeting be dissolved.

Dissolved.

Attest: B. F. BAKER, *Town Clerk*.

GENERAL ELECTION, NOVEMBER 8, 1887.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To either of the Constables of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the Town Hall, in said town, on Tuesday, the eighth day of November, next, it being the Tuesday next after the first Monday in said month, at seven o'clock in the forenoon, at which time and place the Polls will be opened, and kept open until thirty minutes past four o'clock in the afternoon, during which time they will be required to give in their votes for the following State and County Officers, to wit:—

For Governor; Lieutenant-Governor; Councillor for the Second Councillor District; Secretary of the Commonwealth; Treasurer and Receiver-General; Attorney-General; Auditor; Senator for the Second Norfolk Senatorial District; Representative to the General Court for the Second Norfolk Representative District; one County Commissioner for three years,—all to be voted for on one ticket.

Hereof fail not, and make due return of this warrant with your doings thereon, to the Selectmen, four days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this thirty-first day of October, in the year of our Lord eighteen hundred and eighty-seven.

FRANCIS W. LAWRENCE,
ALBERT L. LINCOLN, JR.,
WATTS H. BOWKER,
JAMES B. HAND,
HORACE JAMES,

Selectmen of Brookline.

NORFOLK, SS.

BROOKLINE, November 7, 1887.

In pursuance of the within warrant, I have notified and warned the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the time and place, and for the purposes within named, by causing a printed copy of the same to be left at their last and usual place of abode, and also by posting the same in three or more public places in said Brookline, four days at least before the day of said meeting.

W. Y. GROSS, *Constable*.

In pursuance of the foregoing warrant, the inhabitants of the town of Brookline qualified to vote in elections, met in the Town Hall, in said town, on Tuesday, the eighth day of November, in the year of our Lord eighteen hundred and eighty-seven, it being the Tuesday next after the first Monday in said month, and were called to order at seven of the clock in the forenoon by Francis W. Lawrence, Esq., chairman of the Board of Selectmen. The Town Clerk then read the warrant calling the meeting, and the return thereon of the officer who served the same upon the inhabitants.

In pursuance of the laws of this Commonwealth, the ballot box to be used at elections was then opened in the public meeting and shown to be empty, and was examined by the Selectmen and Town Clerk, and found to be empty. The register of the box was then set at zero and the box locked, and the key of the lower part of the box was delivered to Mr. Willard Y. Gross, Constable, in charge of the meeting, and the key of the upper part to Mr. Francis W. Lawrence, chairman of the Board of Selectmen.

The polls were then declared open for the reception of votes, and were kept open until thirty minutes past four of the clock in the afternoon, when, after due notice being given, they were declared closed.

During the voting the ballot box and check list were in charge of the Selectmen and Town Clerk. The Selectmen and Town Clerk had charge of the election, and during the time of voting the ballot box was, by their unanimous consent, opened several times for the purpose of counting up the votes, and again at the close of the polls, when the register stood at one thousand and eighty-seven (1,087).

During the voting the box had failed to take in the ticket thirteen (13) times by reason of its crumpled condition. The names of those on the list of voters which had been checked were then counted up, and the whole number was found to be one thousand and seventy-four (1,074), which was found to agree with the register on the box, after deducting the thirteen which the box had failed to take in, but registered the number of the same.

The Selectmen and Town Clerk then proceeded to canvass the votes given in, and the whole number was one thousand and seventy-four, which were sorted, counted, and recorded, and declaration thereof made in open town meeting as required by law, and were for the following State and County Officers, viz:—

For Governor.

One thousand and fifty-five:

Oliver Ames, of Easton, had seven hundred and thirty-two.

Henry B. Lovering, of Lynn, had two hundred and ninety-nine.

William H. Earle, of Worcester, had twenty-two.

For Lieutenant-Governor.

One thousand and sixty-four:

John Q. A. Brackett, of Arlington, had seven hundred and forty-four.

Walter Cutting, of Pittsfield, had two hundred and ninety-nine.

John Blackmer, of Springfield, had twenty-one.

For Secretary of the Commonwealth.

One thousand and sixty-seven:

Henry B. Peirce, of Abington, had seven hundred and fifty-four.

John F. Murphy, of Lowell, had two hundred and ninety-five.

Amos E. Hall, of Chelsea, had eighteen.

For Treasurer and Receiver-General.

One thousand and sixty-three:

Alanson W. Beard, of Boston, had seven hundred and forty-one.

Henry C. Thacher, of Yarmouth, had three hundred and three.

John L. Kilbon, of Lee, had nineteen.

For Attorney-General.

One thousand and sixty-eight:

Andrew J. Waterman, of Pittsfield, had seven hundred and fifty.

John W. Corcoran, of Clinton, had two hundred and ninety-eight.

Allen Coffin, of Nantucket, had nineteen.

A. E. Pillsbury, had one.

For Auditor.

One thousand and seventy-two :

Charles R. Ladd, of Springfield, had seven hundred and fifty-four.

William F. Cook, of Springfield, had three hundred.

Edmund M. Stone, of Hudson, had nineteen.

For Councillor of the Second Councillor District.

One thousand and sixty-three :

Elijah A. Morse, of Canton, had seven hundred and thirty-five.

William Aspinwall, of Brookline, had three hundred and nineteen.

Benjamin F. Sturtevant, of Boston, had nineteen.

For County Commissioner, for three years.

One thousand and seventy-one :

George W. Wiggin, of Franklin, had seven hundred and forty-nine.

Edmund Davis, of Hyde Park, had three hundred and three.

Robert C. Hubberly, of Foxboro, had nineteen.

For Senator for the Second Norfolk Senatorial District.

One thousand and seventy-four :

Enos H. Tucker, of Needham, had seven hundred and forty-nine.

Bushrod Morse, of Sharon, had three hundred and six.

Charles W. Hodges, of Foxboro, had nineteen.

For Representative to the General Court for the Second Norfolk Representative District.

One thousand and seventy-four :

Luther F. Beecher, of Brookline, had twenty-one.

Charles T. Dunklee, of Brookline, had two hundred and ninety-eight.

George N. Carpenter of Brookline, had seven hundred and fifty-four,

and was declared elected to the next General Court from the Second Norfolk District.

In voting the check list was used, and no person was allowed to deposit his vote until his name was found on the list and checked.

The business of the meeting being accomplished the returns were filled up, signed by the Selectmen, countersigned by the Town Clerk and sealed up in open town meeting as required by law, and delivered to the Town Clerk to forward to their several places of destination.

The votes cast and the list of voters used at the polls were then sealed up, endorsed by the Selectmen, and deliv-

ered into the custody of the Town Clerk, in conformity with the law in such cases made and provided.

The meeting was then declared dissolved, by Francis W. Lawrence, Esq., chairman of the Board of Selectmen.

Dissolved.

Attest : B. F. BAKER, *Town Clerk.*

SPECIAL MEETING, NOVEMBER 22, 1887.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To either of the Constables of the Town of Brookline, Greeting :—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the Town Hall, on Tuesday, the twenty-second day of November, current, at seven and one-half o'clock in the evening, for the following purposes, to wit :—

First, To choose a Moderator.

Second, To accept and allow a townway to be known as Boylston Place, as laid out by the Selectmen.

Third, To accept and allow the sewers as laid out by the Selectmen in two portions of Sewall Place, in Sewall Court and in Cypress Court; also, a main drain for surface water from Harvard Street through land of Nahum Smith.

Fourth, To see if the town will adopt Sections 1 to 5, inclusive, of Chap. 101, and Sections 1 to 3, inclusive, of Chap. 104 of the Public Statutes.

Fifth, To see if the town will petition the Legislature for authority to establish a building law.

Sixth, To authorize the Selectmen to petition the Legislature for authority to construct and maintain a public sewer in Commonwealth Avenue, Boston, from a point on said avenue near the Cottage Farm bridge, to connect with the sewer in St. Mary's Street.

Seventh, To consider and act upon the report of the Committee on the Brookline Avenue Playground, and to appropriate money for continuing the work.

Eighth, To consider and act upon the report of the Special Committee on the Water Works of the town, and to decide whether an application shall be made to the General Court for power to extend the works and to borrow and appropriate money therefor.

Ninth, To act on the petition for extending a water main through the Holyhood district.

Tenth, To appropriate money for the purchase of water-pipes, as recommended by the Water Board, for the further extension of the works.

Eleventh, To hear and act upon the reports of town officers and committees.*

Twelfth, To raise and appropriate such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles, and especially to act upon all the appropriations asked for or proposed by the Selectmen, or by any town officers or committees.

Hereof fail not, and make due return of this warrant with your doings thereon, four days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this sixteenth day of November, in the year of our Lord eighteen hundred and eighty-seven.

FRANCIS W. LAWRENCE,
ALBERT L. LINCOLN, JR.,
WATTS H. BOWKER,
JAMES B. HAND,
HORACE JAMES,

Selectmen of Brookline.

NORFOLK, SS.

BROOKLINE, Nov. 21st, 1887.

In pursuance of the within warrant, I have notified and warned the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the time and place, and for the purposes herein named, by causing an attested copy of the same to be left at their last and usual place of abode; and also by posting copies of the same in three or more public places, four days at least before the day of said meeting.

W. Y. GROSS, *Constable.*

In pursuance of the foregoing warrant the inhabitants of the town of Brookline, qualified to vote in elections, met in the Town Hall in said town, on Tuesday, the twenty-second day of November, in the year of our Lord eighteen hundred and eighty-seven, and were called to order at half past seven of the clock in the evening, by the Town Clerk, who read the warrant calling said meeting and the return thereon of the officer who served the same upon the inhabitants of the town.

First Article taken up,—“To choose a Moderator.”

The meeting nominated and chose for Moderator, William I. Bowditch.

Second Article taken up,—“To accept and allow a town-way to be known as Boylston Place, as laid out by the Selectmen.

The Selectmen presented the following report on the laying out of said place, to wit :

The undersigned, Selectmen of Brookline, having given printed and written notices to John J. McCormack, Silas W. Merrill, Nathaniel Conant, Edward S. Ritchie, and Suburban Light and Power Company, being the only persons known to us to be interested in the subject matter of the street or way to be laid out, of our intention to lay out a new town-way running northerly from Boylston Street from a point about one hundred and twenty feet easterly from Cypress Street, through land late of Joseph Wentworth, to a passage-way a distance of about one hundred and eighty feet, such notices requiring said persons and corporation to appear before us in our room at the Town Hall on Monday, the twenty-fourth day of October, 1887, at five o'clock in the afternoon, and having caused such notices to be actually served upon said persons and corporation by a constable of this town, at least seven days before the day so appointed for the hearing; and having given notice to said persons and corporation, and all other parties (if any) who may be interested in the subject-matter of said street or way whose names are not known to us, by posting up a copy of the printed and written notice in three public places in the town, at least seven days before the time appointed for the hearing:

Pursuant to such notice, we met at the time and place appointed for the hearing; and all parties and interests which appeared having been heard in relation thereto, and the route of the street or way having been viewed and examined by us, after fully considering the subject do adjudge that a street or townway should be laid out and maintained by the town as hereinafter described, to wit:

Commencing at a point upon the southerly side of a passage-way leading easterly from Cypress Street between land of Edward S. Ritchie and Sons, and of Nathaniel Conant, situated 125.83 feet from Cypress Street and running south $0^{\circ} 52' 52''$ west 54.14 feet; thence south $12^{\circ} 51' 25''$ east 122.64 feet to Boylston Street, and taking land as hereinafter described.

From Nathaniel Conant a parcel of land bounded northerly by the aforesaid passage-way 15 feet, westerly by a line parallel with and 12.50 feet distant from the center line 58.96 feet, easterly by land of Luther M. Merrill 57 feet, containing 427.50 square feet.

From Luther M. Merrill a parcel of land bounded northerly by the passage-way aforesaid, easterly by a line parallel with and 12.50 feet from the center line 170.46 feet, westerly by land of Margaret T. McCormack 124.14 feet, and by Nathaniel Conant 57 feet, containing 3992 square feet.

The location of said way is in accordance with a plan and profile of the same made by Alexis H. French, civil engineer, dated September 23, 1887, approved by us, and such plan and profile are adopted by us as a part of this record. We award to Luther M. Merrill as damages for land taken the sum of thirteen hundred ninety-seven twenty one-hundredths dollars (\$1,397.20).

No other awards are made. All other parties abutting upon this way as well as those having rights upon the passage-way leading easterly from Cypress Street agree to waive all claims for land or grade damages, or for damages in consequence of the closing up in the future, of said passage-way from Cypress Street.

The estimated cost of construction is two hundred and fifty dollars (\$250).

And said way so laid out, located and described, is hereby reported to the town for acceptance, and when so accepted, allowed and recorded, is to be known as a townway, called by us, Boylston Place.

The said plan and this record, together with the releases herein referred to, have this day been filed in the office of the Town Clerk.

FRANCIS W. LAWRENCE,
ALBERT L. LINCOLN, JR.,
WATTS H. BOWKER,
JAMES B. HAND,

Selectmen of Brookline.

BROOKLINE, November 14, 1887.

BROOKLINE, MASS., November 14, 1887.

Filed in the office of the Town Clerk.

Attest: B. F. BAKER, *Town Clerk.*

RELEASES.

Whereas, the raising of the grade of Cypress Street, in Brookline, is contemplated; and whereas the said raising of the grade of said street will necessarily obstruct or wholly prevent the passage of persons and teams to and from said street through and over a private way twenty feet wide, leading in an easterly direction from said Cypress Street, between land of Conant and land of Ritchie; the said private way being shown upon a plan by Alexis H. French, C. E., dated Brookline, Oct. 31, 1887, and recorded with Norfolk Deeds.

Now, therefore, we, the undersigned, owners of land abutting on said private way, and persons having the right to pass over said way, in consideration of one dollar and other good and valuable considerations to each of us in hand paid by the town of Brookline, a municipal corporation duly established by law, within the County of Norfolk and Commonwealth of Massachusetts, receipt whereof is hereby acknowledged, do hereby remise, release and forever quitclaim unto the said town of Brookline, its successors and assigns forever, the right, whenever the grade of said Cypress Street shall be raised as aforesaid, wholly or partially to close up and obstruct the outlet of said private way into said Cypress Street, so as wholly or partially to prevent the passage of persons or teams through and over said private way to and from said Cypress Street, from and to our respective estates abutting on said passage-way; and for the said consideration we do hereby, for ourselves and our heirs, executors and administrators, release and discharge the said town of Brookline and all and every other person, persons or corporations in any way concerned in the raising of said grade of said Cypress Street whenever the same shall be raised, from all and every claim for damages or compensation, which we, the undersigned, but for this release might have, by reason of the closing up of the outlet of said private way through said raising of said grade, and from all claims for damage to said passage-way, and from all claims for damage by reason of interfering with, preventing or obstructing our free right of passage over said private way.

Provided, however, and this release is upon the express condition that before said private way shall be closed as aforesaid, a public way twenty-five feet in width, leading from said private way southerly, through land of Merrill, to Boylston Street, shall be accepted by said town and constructed and opened for travel, the course and extent of said public way to be substantially as shown in the portion of said plan which is colored red.

In witness whereof, we, the undersigned, have hereto set our hands and seals, this seventh day of November, A. D. 1887, adopting as our common seal the seal hereto affixed.

E. S. RITCHIE.

THOMAS P. RITCHIE.

BROOKLINE, November 7th, 1887.

Then personally appeared the above-named E. S. Ritchie, and acknowledged the foregoing instrument by him subscribed to be his free act and deed.

Before me,

GEORGE F. JOYCE,

Justice of the Peace.

Know all men by these presents, that I, Nathaniel Conant, of Brookline, in the County of Norfolk and Commonwealth of Massachusetts, in consideration of one dollar and other good and valuable considerations to me paid by the town of Brookline, a municipal corporation duly established by law within said Norfolk County, the receipt whereof is hereby acknowledged, do hereby, remise, release, and forever quitclaim unto the said town of Brookline, its successors and assigns forever, a certain triangular shaped parcel of land containing about 427.5 square feet, situated in said Brookline, and shown on a plan by Alexis H. French, dated Oct. 31, 1887, to be recorded herewith, bounded and described as follows, to wit: On the north by a passage-way, twenty feet wide, leading from Cypress Street and shown on said plan, there measuring fifteen feet; easterly by land now or late of Merrill, shown as part of a passage-way on said plan, leading from Boylston Street to said twenty-foot way, there measuring fifty-seven feet; and westerly by my other land there, measuring fifty-eight 96-100 feet,—to be used by said town as part of a public way, twenty-five feet wide, leading from Boylston Street in said town; and I do hereby approve and authorize the laying out and acceptance of a public way over said land, and for the consideration aforesaid do hereby release and quitclaim to said town, the right, in making said street and in grading the same, to slope or bank the filling wherever necessary for the support of the road-bed on my adjoining land, and said slopes thereafter to maintain for the support of said road-bed, reserving to myself and my heirs and assigns the right to use said slopes for any

lawful purpose that will not impair the security of the road-bed. And for said consideration I do hereby release and discharge said town from all and every claim for damages or compensation of any kind whatsoever which I may have at any time, or my heirs, executors or administrators may have in any way growing out of the laying out and acceptance of said way, or growing out of the construction or grading of the same as aforesaid.

To have and to hold the granted premises, with all the privileges and appurtenances thereto belonging, to the said town of Brookline and its successors and assigns, to their own use and behoof forever.

In witness whereof, I, the said Nathaniel Conant, together with Susan J. Conant, my wife, who joins herein in token of her release to said grantee and its assigns of all her right, title and estate of dower and homestead in said released premises, hereunto set our hands and seals this first day of November, in the year one thousand eight hundred and eighty-seven.

Signed and sealed in the presence of

SUSIE M. CONANT.

SUSAN J. CONANT. [L. s.]

Commonwealth of Massachusetts.

NORFOLK, SS.

BROOKLINE, November 7, 1887.

Then personally appeared the above-named Nathaniel Conant, and acknowledged the foregoing instrument to be his free act and deed.

Before me,

GEORGE F. JOYCE,

Justice of the Peace.

Know all men by these presents, that we, Margaret T. McCormack, and John J. McCormack, husband of the said Margaret, in her right, both of Brookline, Norfolk County, Massachusetts, in consideration of one dollar and other good and valuable considerations to us paid by the town of Brookline, a municipal corporation duly established by law within said County of Norfolk, the receipt whereof is hereby acknowledged, do hereby remise, release, and forever quitclaim unto the said town of Brookline, its successors and assigns forever, the right in constructing and grading a public way, twenty-five feet wide, to extend from Boylston Street, in said town, in a northerly direction, and shown on a plan by Alexis H. French, C. E., dated Brookline, Oct. 31, 1887, and recorded, or to be recorded, with Norfolk Deeds, and being the portion on said plan colored red, to slope or bank the filling on the land of said Margaret T. McCormack, adjoining said way, wherever necessary to support the road-bed of said way, and said slopes upon said Margaret's land thereafter to maintain, reserving to said Margaret, and her heirs and assigns, the right to make any lawful use of said slopes on her said land for building or other purposes that will not impair the security of the said road-bed.

And for the consideration aforesaid, we do hereby release and discharge said town of Brookline from all and every claims or claim for damage or compensation which we, or either of us, may now or hereafter have in any way growing out of the laying out and acceptance of said way or the construction or grading of the same as aforesaid, but this release of damages is limited to said twenty-five foot way and no other.

To have and to hold the granted premises, with all the privileges and appurtenances thereto belonging, to the said town of Brookline and its successors and assigns, to their own use and behoof forever.

In witness whereof, we, the said Margaret T. McCormack and said John J. McCormack, hereunto set our hands and seals, this first day of November, in the year one thousand eight hundred and eighty-seven.

Signed and sealed in presence of

JOHN CONWAY, JR.

MARGARET T. MCCORMACK. [L. S.]
JOHN J. MCCORMACK. [L. S.]

Commonwealth of Massachusetts.

SUFFOLK, SS.

November 12th, 1887.

Then personally appeared the above-named Margaret T. McCormack, and acknowledged the foregoing instrument to be her free act and deed.

Before me,

JOHN CONWAY, JR.,

Justice of the Peace.

On motion of Mr. Albert L. Lincoln, Jr., it was —

Voted, That Boylston Place as laid out by the Selectmen, November 14th, 1887, and reported to the town at this meeting, be accepted and allowed as a townway.

Voted, That the sum of sixteen hundred and fifty dollars be appropriated for land damages and construction of Boylston Place, the same to be paid from any unexpended balances in the treasury.

Third Article taken up,—“ To accept and allow the sewers as laid out by the Selectmen in two portions of Sewall Place, in Sewall Court and in Cypress Court ; also, a main drain for surface water from Harvard Street through land of Nahum Smith.”

The Selectmen presented the following report on so much of said article as relates to the laying out of the sewers in Sewall Place, and in Sewall and Cypress Courts, to wit :

The undersigned, Selectmen of Brookline, having given printed notices to Catherine Glennon, Mary McGrath, Francis Mealey, Heirs of William S. Wilson, S. Rowland Hart, Lawrence Kelly, Margaret Devine, Richard Kelleher, Mrs. Edward Moran, Dominick Gallagher, John Kelly, Cornelius Shannon, Hugh Dunn, Wm. H. White, agent, Heirs of Moses B. Williams, Lawrence Kickham, Patrick Quirk, Matthew Ryan, Mary Follen, Mary C. Beecher, John Dee, Mrs. James Barrett, Barney McDonald, being the only parties known to us to be interested in the subject-matter of the sewers to be laid out, of our intention to lay out public sewers in the following-named private ways: in Sewall Place, leading from Sewall Street; in Sewall Court, so-called, leading from Sewall Street to Sewall Place; and in Cypress Court, leading from Cypress Street,—such notices requiring said persons to appear before us at our room in the Town Hall on Thursday, the twentieth day of October, 1887, at four o'clock in the afternoon, and having caused such notices to be actually served upon said

persons by a constable of this town, at least seven days before the day so appointed for the hearing; and having given notice to said persons and all others (if any) who may be interested in the subject-matter of said sewers whose names are not known to us, by posting up a copy of the printed notice in three public places in the town, at least seven days before the time appointed for the hearing:

Pursuant to such notice we met at the time and place appointed for the hearing; and all the parties and interests which had appeared having been heard in relation thereto, and the route of the sewers having been viewed and examined by us, after fully considering the subject, do adjudge that the public safety and health require that public sewers should be laid out by us, taking land for the right of way for the same as herein-after described, to wit:

Commencing at a point on the centre line of that part of Sewall Place where it intersects Cypress Street, between lands of Martha L. Wellington and C. A. and W. A. Roberts, and running northeasterly by the centre line of said Sewall Place about two hundred eighty-two and one-half feet (282.5 ft.), taking a parallel width of five feet on each side of said centre line.

Also, commencing at a point situated upon the northeasterly side of Sewall Street and distant 85.4 feet southeasterly from land of C. A. and W. A. Roberts, and running northeasterly by a line parallel with and five feet distant from the southeasterly side of Sewall Court about three hundred eight and one-half feet (308.5 ft.), taking a parallel width of five feet on each side of the axis line.

Also, at a point on the northeasterly side of Sewall Street, where it is intersected by the prolongation of the centre line of that part of Sewall Street running northerly from Chestnut Street, said point being fifteen feet from land of heirs of W. S. Wilson, and running northerly by line parallel with and fifteen feet distant from land of heirs of W. S. Wilson, two hundred forty feet (240 ft.), taking a parallel width of five feet on each side of the centre line.

Also, commencing at the intersection of the centre line of Cypress Court as now located with the northwesterly line of Cypress Street, and running in a direction at right-angles with said Cypress Street, by a course of N. 73° 40' W. 81.14 feet; thence N. 34° 44' W. 191.70 feet, to land of Harriet Vass, and taking from the owners of the fee of said Cypress Court a parallel width of five feet on each side of said centre line, containing 1,364 square feet.

The locations of said sewers are in accordance with plans of the same drawn by Alexis H. French, C. E., dated, respectively, October 20th, 1887, and Nov. 11th, 1887, approved by us, and such plans are adopted by us as a part of this record.

We have estimated the damages sustained by the owners of lands, rights and interests caused by the laying out and construction of said sewers, whether by taking property or by the injury of property in any manner whatsoever, and do estimate and determine the amount to be paid to the said parties, as follows:

To the owners of the fee in Sewall Place	\$2 00
To the owners of the fee in Sewall Court	1 00
To the owners of the fee in Cypress Court	1 00

And said sewers as so laid out, located and described are hereby reported to the town for acceptance, and when so accepted, allowed and recorded, are to be known as public drains or public sewers.

The said sewers are estimated to cost \$2,443.75.

The said plans and this record have this day been filed in the office of the Town Clerk.

FRANCIS W. LAWRENCE,
ALBERT L. LINCOLN, JR.,
WATTS H. BOWKER,
JAMES B. HAND,
Selectmen of Brookline.

BROOKLINE, November 14th, 1887.

BROOKLINE, MASS., November 14th, 1887.

Filed in the office of the Town Clerk.

Attest: B. F. BAKER, *Town Clerk.*

On motion of Mr. Albert L. Lincoln, Jr., it was —

Voted, That the sewers in Sewall Place and Sewall Court, and Cypress Court, as laid out by the Selectmen, November 14th, 1887, and reported to the town at this meeting, be accepted and allowed as public sewers.

Voted, That the sum of four hundred and fifty dollars be appropriated for the construction of the sewer in Cypress Court, to be taken from the receipts for sewer assessments.

So much of the Third Article as relates to “a main drain for surface water from Harvard Street through lands of Nahum Smith,” was then taken up, examined and considered.

On motion of Hon. William Aspinwall, it was —

Voted, That the matter of the drain on Harvard Street into the lands of Nahum Smith, be recommitted to the Selectmen, to consider and report fully at the next annual town meeting, the reasons for laying said drain, whether there is not some other method less injurious to private land owners, for disposing of the surface water.

Fourth Article taken up,—“To see if the town will adopt sections one to five, inclusive, of Chapter 101, and sections one to three, inclusive, of Chapter 104 of the Public Statutes.”

On motion of Albert L. Lincoln, Jr., it was —

Voted, That the town hereby adopts Sections 1 to 5, inclusive, of Chapter 101, and Sections 1 to 3, inclusive, of Chapter 104 of the Public Statutes.

Sections one to five, inclusive, of Chapter 101 of the Public Statutes, in relation to the suppression of common nuisances, are as follows, to wit:—

SECTION 1. In a city or town which adopts this and the four following sections, or has adopted the corresponding provisions of earlier statutes, at a legal meeting of the city council or inhabitants of the town, if the mayor and aldermen or selectmen, after due notice in writing to the owner of a burnt, delapidated, or dangerous building, and a hearing of the matter, adjudge the same to be a nuisance to the neighborhood, or dangerous, they may make and record an order prescribing such disposition, alteration, or regulation thereof as they may deem necessary; and thereupon the city or town clerk shall deliver a copy of the order to a constable, who shall forthwith serve an attested copy thereof upon such owner, and make return of his doings thereon to said clerk.

SECT. 2. An owner aggrieved by such order may, within three days of the service thereof upon him, apply for a jury to the Superior Court, if sitting in the county, or to a justice thereof in vacation. The court or justice shall issue a warrant for a jury, to be impanelled by the sheriff within fourteen days from the date of the warrant in the manner provided in chapter forty-nine relating to highways; or, instead thereof, if the applicant for a jury so elects, and after such notice as the court or justice shall order to the adverse party or parties, shall direct a trial to be had at the bar of the Superior Court, in the same manner as other civil cases are there tried by jury.

SECT. 3. The jury may affirm, annul, or alter such order; and the sheriff, if the trial is had before him, shall return the verdict to the next term of the court for acceptance; and the verdict, whether before the sheriff or in the superior court, being accepted, shall take effect as an original order.

SECT. 4. If the order is affirmed, costs shall be taxed against the applicant; if it is annulled, the applicant shall recover damages and costs against the city or town; if it is altered in part, the court may render such judgment as to costs as justice shall require.

SECT. 5. The mayor and aldermen of a city or selectmen of a town shall have the same power and authority to abate and remove any such nuisance as are given to the board of health of a city or town in sections twenty-one, twenty-two, and twenty-three of chapter eighty.

Sections one to three, inclusive, of Chapter 104 of the Public Statutes, in relation to the inspection of buildings, are as follows, to wit:

SECTION 1. With the exception of Boston, each city or town which has adopted chapter two hundred and forty-three of the statutes of the year eighteen hundred and seventy-two, or which adopts this section, may, for the prevention of fire and the preservation of life, by ordinances or by-laws not repugnant to law, and applicable throughout the whole or any defined part of its territory, regulate the inspection, materials, construction, alteration, and use of buildings and other structures within its limits, excepting such buildings and structures as are owned or occupied by the United States or the commonwealth, and excepting also bridges, quays, and wharves, and may prescribe penalties not exceeding one hundred dollars for each violation of such regulations.

SECT. 2. In a town which has adopted chapter three hundred and seventy-five of the statutes of the year eighteen hundred and seventy, or which adopts this and the following section, no dwelling-house or other structure more than eight feet in length or breadth and seven feet in height, except detached houses or structures situated more than one hundred feet from any other building and wooden structures erected on wooden wharves, shall be built within such limits as the town may, from time to time, prescribe, unless made of and covered with some incombustible material, or unless a special license in writing is granted therefor by a majority of the selectmen for reasons of public good or necessity, and is recorded in the records of the town.

SECT. 3. Any building or structure erected in violation of the provisions of chapter three hundred and seventy-five of the statutes of the year eighteen hundred and seventy, or in violation of the preceding section shall be deemed to be a common nuisance, without any other proof thereof than proof of its use. And the selectmen may abate and remove any such building or structure in the same manner as boards of health may remove nuisances under sections twenty-one, twenty-two, and twenty-three of chapter eighty.

Fifth Article taken up,—“To see if the town will petition the Legislature for authority to establish a building law.”

On motion of Mr. Albert L. Lincoln, Jr., it was —

Voted, That Horace James, W. H. Bowker, Robert S. Peabody, Frederic Cunningham, Thomas Mahon, Edward Atkinson, and John J. Carmody constitute a committee, to draw up and report to the town, at a future meeting, a draft of a building law for the town.

Sixth Article taken up,—“To authorize the Selectmen to petition the Legislature for authority to construct and maintain a public sewer in Commonwealth Avenue, Boston, from a point on said avenue near the Cottage Farm bridge, to connect with the sewer in St. Mary's Street.

On motion of Mr. Albert L. Lincoln, Jr., it was —

Voted, That the Selectmen be authorized to petition the Legislature for authority to construct and maintain a public sewer in Commonwealth Avenue, Boston, from a point on said avenue near Cottage Farm bridge, to connect with the main sewer in St. Mary's Street.

Seventh Article taken up,—“To consider and act on the report of the committee upon the Brookline Avenue playground and to appropriate money for continuing the work.”

On motion of Mr. Thomas H. Talbot, it was —

Voted, That when this meeting adjourns it be to meet in this place on Thursday, the first day of December next, at half past seven of the clock in the evening.

On motion of Mr. Thomas H. Talbot, it was —

Voted, That the matter of the Seventh Article be referred to the Selectmen, to consider and report thereon at the adjourned meeting.

Eighth Article taken up,—“ To consider and act upon the report of the special committee on the water works of the town, and to decide whether an application shall be made to the General Court for power to extend the works, and to borrow and appropriate money therefor.”

On motion of Mr. Edward Atkinson, it was —

Voted, That the matter of the Eighth Article be referred back to the same committee, to consider and give further information thereon, and that they report in print at the adjourned meeting.

Voted, To adjourn.

Adjourned.

Attest : B. F. BAKER, *Town Clerk*.

ADJOURNED SPECIAL MEETING, DEC. 1, 1887.

Pursuant to adjournment the inhabitants of the town of Brookline, qualified to vote in elections, met in the Town Hall in said town, on Thursday, the first day of December, in the year of our Lord one thousand eight hundred and eighty-seven, and were called to order at half past seven of the clock in the evening, by the Moderator, William I. Bowditch.

Seventh Article taken up,—“ To consider and act upon the report of the committee on the Brookline Avenue playground, and to appropriate money for continuing the work.”

The Selectmen, to whom the matter of the Seventh Article was referred, reported that they “ could not say how much the appropriation on the Brookline Avenue playground had been exceeded, if any,” and that “ the question for the town now is, whether it is desirable that the committee shall continue its work ”; they made no recommendations.

On motion of Hon. William Aspinwall, it was —

Voted, That the sum of seven thousand dollars be appropriated for the improvement of the Brookline Avenue playground by the special committee on that matter, in accordance with their report at this town meeting. Said money shall be borrowed by the Treasurer under the direction of the Selectmen, and the note or notes of the town shall be given therefor in the usual form, and shall be made expressly payable from the taxes of eighteen hundred and eighty-eight.

The Moderator appointed as tellers, Messrs. Thomas Aspinwall and Albert L. Lincoln, Jr., and they were sworn by the Town Clerk.

The motion was then put upon its passage, and the whole number of votes was thirty-three, and were as follows, to wit: Yeas, thirty-two (32); nays, one (1),—and the motion was declared passed in the affirmative, by more than two-thirds of the voters present and voting thereon.

Eighth Article taken up,—“To consider and act upon the report of the special committee on the water works of the town, and to decide whether an application shall be made to the General Court for power to extend the works, and to borrow and appropriate money therefor.”

The special committee on additional water supply, to whom the matter of the Eighth Article was re-committed, reported, “That they respectfully renew the recommendation of their report of November the twenty-second, that the town apply to the next Legislature for authority to increase the amount of water the town may take from Charles river, and to raise money for that purpose.” The committee offered the following motion, to wit:

Voted, That . . . be a committee to apply to the General Court on behalf of the town, for power to increase the amount of water which the town may take for its use to three million gallons; and for authority to take and hold by purchase or otherwise any lands which may be necessary for the procuring, retaining and distributing water to the town; and to raise either by taxation or loans, money not exceeding five hundred thousand dollars, sufficient to defray the cost of the additions which may be made to the water works.

The motion was then put upon its passage, the same tellers acting as under the Seventh Article, and the whole number of votes was fifty-eight, and were as follows, to wit:

Yeas, fifty-four (54) ; nays, four (4),—and the motion was declared passed in the affirmative, by more than two-thirds of the voters present and voting thereon.

Voted, That said committee be appointed by the Moderator.

The Moderator appointed Messrs. William Aspinwall, Edward Atkinson, Charles H. Drew, Desmond FitzGerald, and the Water Board, consisting of Messrs. William K. Melcher, Francis Hunnewell and George H. Johnson, to compose said committee.

Voted, That said committee be authorized to expend not exceeding five hundred dollars, to be paid on the order of the Selectmen, by the Treasurer, from any money in the treasury not otherwise appropriated.

The vote was put upon its passage, the same tellers acting, and the whole number of votes was fifty-four, as follows, to wit : Yeas, forty-six (46) ; nays, eight (8),—and the motion was declared passed in the affirmative.

On motion of Mr. Desmond FitzGerald, it was —

Voted, That Edward Atkinson, Alfred D. Chandler, and the Water Board, are requested to report to the town, in detail and in print, at the next annual town meeting, what measures should be adopted by the town to prevent all waste and leakage in the use of water.

Yeas, forty ; nays, twenty-nine.

Ninth Article taken up,—“ To act on the petition for extending a water main through the Holyhood district.”

On motion of Hon. William Aspinwall, it was —

Voted, That the subject of the Ninth Article be referred to the Water Board and the Treasurer, with instructions to report at the annual meeting upon the whole subject of the expenditure on the water works, how far the same are legal or illegal, and what the town may do in the matter of extending the works under the present law, and the present money powers of the town.

Tenth Article taken up,—“ To appropriate money for the purchase of water pipes, as recommended by the Water Board, for the further extension of the works.”

The Water Board offered the following vote, to wit :

Voted, That the sum of ten thousand dollars be appropriated for the purchase of water pipe and the necessary special castings for the extension of the water works, in the Holyhood district and elsewhere ; the amount to be paid from the tax levy of 1888.,

The Moderator appointed as tellers, Messrs. Albert L. Lincoln, Jr., and Eneas Smyth, and they were sworn by the Town Clerk.

The motion was then put upon its passage, and the whole number of votes was fifty-seven, to wit: Yeas, fifty-six (56); nays, one (1),—and the motion was declared passed in the affirmative, by more than two-thirds of the voters present and voting thereon.

Voted, That this meeting be now dissolved.

Dissolved.

Attest: B. F. BAKER, *Town Clerk*.

CORRECTION OF PRINTED RECORDS IN LAST YEAR'S REPORT.

On page 17 [Annual Town Report, 1887] insert after the ninth line:—

Voted, To accept sections twenty-two and twenty-three of chapter fifty of the Public Statutes, in relation to sidewalks.

REPORTS

OF THE

TOWN OFFICERS OF BROOKLINE,

FOR THE

YEAR ENDING JANUARY 31, 1888.

BOARD OF SELECTMEN AND SURVEYORS OF HIGHWAYS.

ORGANIZATION, 1887-8.

FRANCIS W. LAWRENCE, *Chairman.*

ALBERT L. LINCOLN, JR.

WATTS H. BOWKER.

JAMES B. HAND.

HORACE JAMES.

GEORGE F. JOYCE, *Clerk.*

STANDING COMMITTEES.

ACCOUNTS — Mr. Lincoln.

FIRE DEPARTMENT — Messrs. Hand and Bowker.

POLICE — Messrs. Lawrence and James.

PUBLIC BUILDINGS — Messrs. James and Hand.

PUBLIC GROUNDS — Messrs. Lincoln and Bowker.

SEWERS — Messrs. James and Hand.

STREET LIGHTING — Messrs. Lincoln and James.

TOWN HALL — Mr. James.

TOWN STABLE — Messrs. Lincoln and Bowker.

REPORT OF THE SELECTMEN AND SURVEYORS OF HIGHWAYS.

The Selectmen and Surveyors of Highways have the honor to submit the following report for the year ending Jan. 31st, 1888 : —

The board organized by the choice of Francis W. Lawrence as chairman, and George F. Joyce as clerk.

The Highway Districts were assigned as follows : —

No. 1. MR. LAWRENCE.

Beacon Street from Boston line to Harvard Street, Pleasant, Green and Babcock Streets, Longwood and Sewall Avenues, Marshal and Charles Streets, St. Paul Street (north of Longwood Avenue), Kent, Colchester, Carlton, Ivy, Essex, Mountfort, Prescott, Monmouth and St. Mary's Streets, and Monmouth Court.

No. 2. MR. BOWKER.

Beacon Street from Harvard to Washington Street, Winchester, Park, Marion, Vernon, Harvard, School, Prospect, Pierce, Holden, Alton, St. Paul (south of Longwood Avenue), Francis, Toxteth, Perry and Brook Streets, Harrison Place, and Summit, Harvard and Aspinwall Avenues.

No. 3. MR. JAMES.

Washington Street from Boylston Street to Brighton line, White Place, Gardner and Sullivan Roads, Gardner Path, Beacon Street from Washington Street to Brighton line, Cypress Street from Boylston to Washington Streets, Sumner and Clark Roads, Boylston Street from Cypress Street to Newton line, Tappan, Waverly and Thayer Streets, Thayer Place, and Davis, Gorham, Fisher, Chestnut Hill and Englewood Avenues.

No. 4. MR. HAND.

Boylston Street from Cypress to Washington Streets, Walnut Street from Cypress to Washington Streets, Washington Street from Boylston Street to Boston line, High, Irving, Flora, Juniper, Pearl, Emerald and Allerton Streets, Edge Hill Road, and Brookline, Pond, Morss and Walter Avenues.

No. 5. MR. LINCOLN.

Walnut Street from Cypress to Boylston Streets, Cypress Street from Boylston to Chestnut Streets, Sewall, Chestnut, Warren, Dudley, Heath, Pound, Hammond, Grove, South, Newton, Clyde, Cottage, Lagrange, Rockwood and Avon Streets, Goddard Avenue and Allandale Road.

Appropriations.

The following table gives the amount of the appropriations of the past year, the expenditures, and the amounts recommended for the next year:—

ORDINARY APPROPRIATIONS.

OBJECT OF APPROPRIATION.	Amount appropriated, for 1887.	Amount expended, for 1887-8.	Amount recommended, for 1888.
1. Interest on Town Debt	\$73,000 00	\$73,611 98	\$83,300 00
2. Sinking Fund	62,500 00	62,500 00	62,500 00
3. Schools (and receipts—\$145 26)	48,145 26	47,390 70	50,000 00
4. Highways (and receipts—\$200 50)	30,200 50	29,773 87	30,000 00
5. Lighting Streets	27,500 00	26,415 49	30,000 00
6. Police	26,000 00	25,498 83	26,000 00
7. State Tax	39,532 50	39,532 50	
8. County Tax	17,882 95	17,882 95	
9. Sewers, Extension of	18,690 00	18,171 10	
10. Fire Department	14,500 00	14,488 60	14,500 00
Repairs on Steamer, and new hose	—	—	1,500 00
11. Water Works, Maintenance of	13,000 00	13,184 15	13,000 00
12. Water Works, Extension of	10,720 00	12,421 26	10,720 00
13. Watering Streets	10,000 00	10,068 20	10,000 00
14. Sidewalks	8,800 00	9,078 81	9,000 00
15. Contingencies	8,000 00	7,192 64	8,000 00
16. Library and Librarian's Salary	7,000 00	7,000 00	7,000 00
17. Poor (and receipts—\$268 15)	6,268 15	6,372 09	6,500 00
18. Health Department	5,500 00	4,769 88	6,500 00
New Outfit	—	—	2,500 00
19. Abatement of Taxes	4,000 00	—	4,000 00
20. Treasurer and Collector	3,300 00	3,300 00	3,300 00
21. Assessors (including Tax-list)	3,250 00	3,250 00	3,250 00
22. Sewers, Care of (and rec'ts—\$53 13)	3,053 13	3,201 31	3,500 00
23. Selectmen, Salaries of	3,000 00	3,000 00	3,000 00
24. Printing and Advertising	3,000 00	2,111 00	3,000 00
25. Town Hall, Care of (and Janitor)	2,600 00	2,598 95	3,000 00
26. Repairs on Town Buildings	3,000 00	2,069 87	2,500 00
27. Free text-books and School supplies	2,000 00	1,774 72	2,500 00
28. Fire and Police Alarm Telegraph	—	—	2,000 00
29. New Street Lights	2,000 00	2,000 00	2,000 00
30. Superintendent of Streets and Sewers	1,500 00	1,500 00	2,000 00
31. Town Clerk	1,200 00	1,200 00	1,200 00
32. Overseers of the Poor	1,050 00	1,050 00	1,050 00
33. Clerk of Selectmen and Overseers of the Poor	1,000 00	975 00	1,000 00
34. State Aid	900 00	934 00	900 00
35. Care and Lighting of Public Grounds	800 00	691 45	800 00
36. Interior Repairs of School Buildings	750 00	600 24	750 00
37. Muddy River Improvement	500 00	73 25	500 00
38. Evening Schools	500 00	414 84	500 00
39. Industrial Vacation Schools	500 00	524 82	500 00
40. Bath Houses	500 00	487 32	500 00
41. Disabled Soldiers, and families of deceased soldiers	500 00	304 69	500 00
42. Decoration Day	300 00	300 00	300 00

OBJECT OF APPROPRIATION.	Amount ap- propriated, for 1887.	Amount ex- pended, for 1887-8.	Amount rec- ommended, for 1888.
43. Registrars of Voters	\$300 00	\$300 00	\$300 00
44. Military Drill	300 00	231 50	300 00
45. Treasurer of Sinking Fund Com- missioners	200 00	200 00	200 00
46. Cemetery, Walnut Street	200 00	137 00	200 00
47. Ringing Bell	175 00	157 00	175 00

Police.

The Police force continues to work satisfactorily and harmoniously, having accomplished during the past year a larger amount of work than ever before.

The Police Telegraph and Telephone system has now been in use for some months, and thus far has accomplished all that was expected of it.

* Re-appropriation.

† Additional appropriation.

Fire Department.

The Fire Department is in excellent working order and continues to perform good and efficient service. Being well equipped with the most improved apparatus, it compares favorably with the departments in any of the adjoining towns and cities, including the city of Boston. Owing to the rapid increase of wooden buildings in town, and the consequent danger of fire, it is of the utmost importance that this department be kept up to its present standard. Two of the best horses died during the summer and were replaced at an expense of six hundred and fifty dollars, which was charged to the appropriation for fire department.

The streets of four districts are watered by this department, three districts by double teams, and one district with a single team.

The following communication has been received :—

BOSTON, Jan. 25, 1888.

To the Selectmen and the Fire Engineers of Brookline :

Gentlemen, — The lease of the “old Heath house,” so-called, to which the barn now occupied as a hose-station belongs, will expire on the first day of next July. If the present tenant should renew the lease, the barn will not be required with the house; if a change should be made the barn will probably be needed by the new tenant. It may therefore become necessary for us to give the Fire Department notice to quit.

Permit me to call your attention to a lot of land which I think the town ought to buy. It belongs to the Heath estate, of which I am trustee; it is the lot of land in the rear of the premises of Mr. Francis Cabot, and extends from his land to and a little beyond the wall dividing it from the old Penniman estate. The town pound occupies one corner between these two boundaries. This is the place where the engine-house or hose-house ought to stand. I think the town ought also to own this land with a view to its being laid out for a small playground for the present, but ultimately for use for a primary school for the children who are multiplying in that neighborhood and who will soon crowd the school house on Heath Street beyond its capacity.

I shall not name any price for this land or take any part in the negotiation, if one is had. The estate is managed by Mr. Charles H. Heath, my co-trustee.

I suggest to you that this subject be brought before the School Committee as well as the Engineers, and that the purchase of this lot be considered with reference to action at the next town meeting or at such other time as may be suitable.

Yours very truly,

EDWARD ATKINSON.

It is the opinion of the School Committee that there is ample room on the Heath Street lot to provide all necessary school accommodation for this district.

The lot referred to in Mr. Atkinson's letter contains about fifty thousand (50,000) square feet. The price is fifteen cents a foot. The trustees of the Heath estate have offered to rent to the town the building now occupied by the Hose Company, for three hundred dollars per annum. In view of the many large appropriations to be made this year, we recommend that the purchase of land for an engine house in this district be postponed, and advise that the building be leased for one year, from April 1st, at the price offered by the trustees.

All matters of detail pertaining to this department will be found in the report of the Fire Engineers.

Fire Alarm and Police Telegraph.

During the year the Fire Alarm and Police Telegraph has been established and is now in perfect working order in both departments. In the fire department the system is nearly complete. In the police department there are but ten boxes. The reports of the Chief of Police and Fire Engineers contain certain recommendations with reference to the extension of the system, which in our opinion should be made by the introduction of a limited number of boxes each year. We recommend that the sum of two thousand dollars be appropriated for extension and maintenance of the system in both departments.

Street Lighting.

A contract was made with the Suburban Light and Power Company, May 1st, 1887, for the electric lighting, at fifty cents per night for each arc light; and with the Brookline Gas Light Company for the gas lights, at ten and one-half cents per night; also, with the Gas Company, to light the oil lights for seven cents per night, they to use the Globe Company's naphtha gas light, in place of kerosene oil heretofore used. These prices include lighting and extinguishing all lights, and cleaning and repairing lanterns.

Two electric lights have been placed upon the Cypress Street playground, one of which has been temporarily discontinued for the winter. These lights are charged to the appropriation for the care and lighting of public grounds. Four electric lights in those portions of Beacon Street now closed to public travel, have been temporarily discontinued. The gas lights on Harvard Street, north of Beacon street, have, in accordance with the request of the abutters and others, been changed to electric arc lights. In all, sixteen new electric lights have been added, exclusive of those on the playground, and four discontinued on Beacon Street. Eleven gas and eight oil lights have been displaced by the changes which have been made.

The electric lights south and west of Harvard Street have been changed from so-called 1200 candle-power lights to the so-called 2000 candle-power light, and the town is therefore getting in this section a light for fifty cents per night equal to the light for which the city of Boston pays sixty-five cents per night.

The total number of lights of all kinds now in use is 427, viz: Gas lights, 261; oil, 68; electric, 98. This includes the electric light on the playground. For location and kind of light, see table annexed.

To pay for these lights at the rates we are now paying, for 366 nights, will cost as follows:—

For 261 gas lights at 10½c. per night	\$10,030 23
“ 68 Globe lights at 7c. per night	1,742 16
“ 95 arc lights at 50c. per night	17,385 00
“ 1 65-candle power incandescent at 25c. per night . . .	91 50
“ 1 32-candle power incandescent at 10½c. per night . .	38 44
	<hr/>
	\$29,287 33
For re-lighting Beacon Street, say	700 00
	<hr/>
	\$29,987 33
Add for increase of lights in new streets and in old streets not now properly lighted	2,000 00
	<hr/>
	\$31,987 33

Street Lights in Use, February 1, 1888.

Sewers Constructed.

The accompanying table gives the location and description, cost of construction, amount of assessments levied, etc., of the various sewers constructed by order of this board during the year 1887, and charged to the several special and general appropriations made for this purpose. Of the amounts so appropriated there remains unexpended a balance of four hundred and ninety-six dollars.

As shown by the table the total length of the sewers constructed this year is 16,084.9 feet, costing \$41,948.79. The amount of sewer assessments levied on the same is \$28,367.57.

The total length of all the sewers constructed to date is 106,132.9 feet. Cost of same, \$460,164.10. Total amount of sewer assessments to date, \$160,968.18.

Of the \$29,000 appropriated, October, 1886, for the change of grade in Pond Avenue, and for constructing sewers in said avenue and in Chestnut Street, Sewall Street, Sewall Place, and a part of Cypress Street, the sum of \$23,910.35 has been spent in sewer construction, and the balance in raising the grade of the northerly end of the avenue.

The street has been filled to grade and gravelled, but this work was finished so late in the season that it was not possible to roll the street and complete the fencing before the freezing weather set in. This, therefore, remains to be done when spring opens, and an appropriation of \$400 will be required to pay for it.

Beacon Street Sewers.

The sewers in this street are being constructed by the contractor for that work, in accordance with plans furnished by us, and under the general supervision of our engineer. A very large part of the sewer construction between St. Mary's and Washington Streets has been completed, and the balance will be finished in the early spring. In order to afford an outlet for those portions of the sewers in Beacon Street, which incline towards Washington Street, it will be

necessary to build a sewer from the end of the present sewer in that street opposite Gardner Path, to Beacon Street.

As this work can be done to much better advantage before the railroad tracks are laid in the street, than it can afterward, and as the street itself is badly worn, and requires to be picked over and surfaced anew, it is desirable that the sewer should be laid as soon as may be.

The estimated cost of this sewer is \$11,375 ; the sewer assessments will be about \$6,300, with an additional amount of \$900 when lands now too low to assess shall have been filled up.

At some time in the near future it will be necessary to provide an outlet for the sewers in Beacon Street, south of Tappan Street, but the plans for this work are not sufficiently developed to determine the precise locality.

A petition from John J. McCormack and others, asking that a sewer may be laid from Boylston Place, through various private streets or ways, and the lands of several owners, to the sewer in Kerrigan Place, is now before us.

If the board shall decide to lay out the same it will be reported to the annual meeting.

Beacon Street.

In pursuance of the vote of the town passed at the meeting of March 29, 1887, the Selectmen made the following contract with Mr. H. M. Whitney for the construction of Beacon Street: —

To the Selectmen of Brookline, Mass. :—

I agree to construct Beacon Street as laid out by the Selectmen of Brookline, according to the plans, profile, and cross-sections as shown on the plan made by Aspinwall and Lincoln, Engineers, dated February 28, 1887, and recorded in the Town Clerk's office, March 21, 1887, for the sum of three hundred and fifty thousand dollars, and will contribute towards the cost of such construction the sum of one hundred and fifty thousand dollars; one hundred and fifty thousand dollars to be expended by me before calling on the town for any money, and thereafter payments to be made on monthly statements of work done, with a reserve of twenty per cent. The entire balance to be paid in thirty days after full performance of this contract and the acceptance of the work by the Selectmen.

The construction of the street is to be as follows:—

Beacon Street to be widened, graded and laid out according to said plan, profiles and cross-sections filed in the office of the Town Clerk, and put in condition for travel from the town boundary line at St. Mary's Street to the town boundary line near the Chestnut Hill Reservoir.

The roadways of said Beacon Street as widened, shown on the cross-sections recorded with the Town Clerk, shall be finished between the gutters with stone twelve inches deep, as follows: The lower course eight inches deep to be of large stones firmly set and bedded on the sub-grade; the upper course to be of stone crushed to pass through a three (3) inch ring; the whole to be covered with one inch of stone screening or good, clean, sharp gravel, thoroughly watered and then rolled until consolidated, smooth and fit for public travel.

The bridle path to be finished with suitable loose gravel, twelve inches deep. The sidewalks to be finished with good gravel six inches deep.

The planting spaces to be finished with good loam eighteen inches deep, and the slope between the roadways along Corey Hill to be covered with good loam twelve inches deep, and all said loam sowed with good grass seed.

Good cobble-stone gutters of proper form, to be laid in a workmanlike manner on each side of the two roadways. The gutters on the fifty feet roadway to be four feet in width, and those on the thirty feet roadway to be three feet in width.

Sixty-five catch-basins are to be built similar in form and dimensions to those now commonly used by the town of Brookline, excepting those between the bridle path and wide roadway, where iron gratings shall be substituted for granite covering stones. All catch-basins to be provided with proper overflow pipes and to be carried in suitable conduits to such natural water-courses or sewers as shall be directed by the Selectmen.

All culverts now existing to be extended to the sides of Beacon Street as widened.

Suitable cross-walks at each crossing with one row of North river flagging, two feet wide and not less than six inches thick in the center, and four rows of granite blocks on each side are to be laid at the intersections of all public streets.

Suitable curbstones not less than twenty inches rise are to be laid at all corners of intersecting streets.

Tile drains not less than four inches in diameter to be laid, not less than three feet deep, wherever necessary.

A suitable fence such as is now maintained by the town to be built on all slopes and embankments.

A plank sidewalk four feet wide, with cypress bearings, to be laid on one side of the road throughout the entire length.

The grades of intersecting public streets to be altered to conform to the new grades of Beacon Street and finished in the same manner as they now exist, including sidewalks.

Nine hundred trees to be planted and guards furnished for the same.

Water pipes are to be furnished and laid throughout the length of the street, under the supervision of the Water Board of said town, and in accordance with the proposed extension hereto annexed marked A.

Sewer pipes are to be furnished and laid in each street of a capacity approved by the Selectmen and under their direction, it being expressly understood and agreed, however, that if the cost of said pipes laid in the streets, together with the cost of furnishing and laying the surface water conduits, herein provided for, shall together exceed the sum of sixty-one thousand and fifty dollars, the excess shall be paid by said town in addition to the two hundred thousand dollars as above provided.

Said Selectmen to order closed to public travel such streets as may in their opinion be necessary for the prosecution of the work to close, such streets to be opened for public travel as soon as may be practical.

The contractor agrees that he will, under the direction of the Selectmen and while the work is in progress, erect and maintain at his own expense suitable barriers to exclude travellers from such portions of the way as the Selectmen shall from time to time direct and at such places as they shall direct, and that he will keep the same at all times properly lighted at night.

Beacon Street from St. Mary's Street to Charles Street to be closed, with the exception of a crossing at Carlton Street, for a period not exceeding five months.

The contractor is to have the right to lay a railroad track from St. Mary's Street to Charles Street, and to run cars over the same for the purpose of constructing the road.

The town of Brookline to require all parties having buildings, fences, or any structure coming within the lines of the widening, to remove them within the following specified times, viz: Buildings and structures between St. Mary's Street and Charles Street, to be removed within two months from the date of acceptance by the town of this contract; and buildings and structures west of Charles Street to be removed within four months from the date of the acceptance of this contract by the town.

As soon as any section of not less than five hundred feet of either roadway shall have been completed the contractor may offer it for the accept-

ance of the Selectmen, who shall, within thirty days, accept the same or refuse to accept it, in which latter case the contractor may complete the section as required by the Selectmen, or refer the matter to a board of arbitration as hereafter provided. When such section is accepted the liability of the contractor, so far as such section is concerned, shall cease.

The contractor to furnish all the materials and to do all the labor necessary to the completion of the work, being permitted, however, to make such use as he may deem advisable of any old materials found within the limits of the work.

The town to furnish all authority for entrance upon lands of private parties.

The town to assume all damages arising from change of grade by reason of the settling of the embankment.

The contractor agrees to indemnify and save harmless said town of Brookline from all claims for damages sustained by any one in his person or property occasioned by the negligence or wilful wrongdoing or default of the contractor or of those engaged under him in the prosecution of the work, or to which the town may be subjected by reason of or in the course of the work of construction.

HENRY M. WHITNEY.

BROOKLINE, March 21, 1887.

[A.] PROPOSED EXTENSION OF WATER MAINS IN BEACON STREET.

Commencing on the south side of Beacon Street to lay, from St. Mary's to Carlton Street, 650 feet of 10-inch main; from Carlton to Park Street, 4,350 feet of 12-inch; from Park to Washington Street, 1,630 feet of 10-inch and 1,600 feet of 8-inch; from Washington to Tappan Street, 1,150 feet of 10-inch; from Tappan Street to Englewood Avenue the pipe now laid to be used; from Englewood Avenue to Boston line, 1,085 feet of 6-inch.

On the north side of Beacon Street to lay, from St. Mary's Street, 86 feet of 6-inch to end of existing pipe which extends to Carlton Street; from this point to Harvard Street, 3,650 feet of 6-inch pipe; from Summit Avenue to Marion Street, 530 feet of 6-inch; from Marion or Short Street to Winthrop Street, 2,675 feet of 10-inch (high-service); from this point to Tappan Street, 400 feet of 6-inch; from Tappan Street to Boston line, 2,715 feet of 8-inch.

What has been done under this contract by Mr. Whitney up to the present time appears from the report of the engineers hereto appended. The work has thus far been well done, and to the satisfaction of the board, giving us every reason to expect that Beacon Street when finished will be the best constructed street in our town, as of course it should be from the amount to be expended upon it. By the terms of the contract, Mr. Whitney was to expend \$150,000 before calling upon the town for any money, a provision

which saved us a considerable amount in interest. Early in December last he notified us that that amount had been spent by him, and submitted satisfactory vouchers to that effect. Since that date the cost of construction has been paid by the town, which, under our contract, is to pay \$200,000 for making the street and any excess over the estimated cost of the sewers and surface drains. This latter provision was accepted by the Selectmen for the reason that we were not prepared, when the contract was made, to give Mr. Whitney a detailed plan of the sewers and drains, the system never having been thoroughly worked out. Mr. Philbrick considered his estimate amply sufficient to pay the whole cost, and we therefore agreed that the town should pay any excess above his estimate. Owing to the expensive piling across the Stearns marsh, it seems probable now that the estimate may be exceeded.

The amount thus far paid Mr. Whitney by the town for construction is \$40,673.13. In regard to land damages the following settlements have been made in addition to those previously reported to the town :

With Mr. James Stevenson, to whom we awarded \$21,000, a settlement was made by which he took his award and released all damages, we agreeing on behalf of the town to assume the betterments on his estate on Corey Hill; the remainder of his estate at the corner of Beacon and Washington Streets is subject to betterment.

With Mr. Charles H. Stearns, to whom we awarded \$23,000, a settlement was made by which Pleasant Street, between Beacon and Harvard Streets, was discontinued, and the remainder of the Harvard school house lot conveyed to him; he accepted \$14,500 instead of \$23,000, released all damages, and his estate is left subject to betterments.

Mr. Samuel A. Robinson, from whom we took 14,631 square feet of land, awarding him \$4,000, accepted \$377.50 and released all damages, we agreeing on behalf of the town to assume all betterments upon his remaining land.

Mrs. Elbridge Wason, to whom we awarded \$5,645, took her award, leaving her estate subject to betterments.

Mr. J. Emory Hoar, to whom we awarded \$4,500, did the same.

Mr. George H. Wheeler took his award, \$15,000, we agreeing to assume on behalf of the town any betterments on the lot of land to which he has moved his house.

The heirs of B. Goddard, to whom we awarded \$4,117, took half that amount and released all damages, remitting to the town the other half, in consideration of our agreeing on behalf of the town to assume the betterments on their remaining land.

To state the settlements briefly, we have settled awards amounting to \$96,610, by the payment of \$79,929 by the town, and \$2,500 by the trustees of the West End Land Company.

Other settlements might perhaps have been effected had we been willing to assume probably large betterments, but as in our opinion the awards are fair and even generous, we did not feel justified in increasing them, even indirectly.

There now remain twelve awards, amounting to \$107,925, to be settled, and of these, eight, involving \$95,500, are in litigation, with no prospect of settlement in any other way. Suit has also been brought by Mr. W. C. Whittle, to whom we made no award.

We can only repeat that we do not expect our awards to be increased by a jury, and shall not be surprised to see them diminished in some cases.

It is too early to make any definite estimate of betterments, but it must be admitted by anyone comparing the prices asked for land on the new street with those on adjacent streets, having the same railroad advantages, that we are justified in expecting a considerable betterment from land immediately on Beacon Street.

The matter in connection with the construction of the street which perhaps has given us the most difficulty to decide, has been the kind of trees we should ask Mr. Whitney to plant under his contract. Mr. Olmsted's plan contemplated English elms, but considerable objection was made to these, and the board sought the advice of several gentlemen

in town interested in tree culture. Mr. James H. Bowditch advocated red oaks, while Mr. Charles S. Sargent agreed with Mr. Olmsted. Mr. William Aspinwall, Mr. P. S. Allen, Mr. William H. Lincoln, Mr. Henry M. Whitney, and others favored American elms, and the board finally agreed upon the latter, except for the Corey Hill section, in which red oaks are to be planted. The section of the road from St. Mary's Street to Harvard Street, it is hoped, will be planted this spring.

It is the expectation now that the whole roadway will be completed by next fall, leaving only the trees and grass to be planted in the spring of 1889.

We borrowed in the latter part of December last, \$180,000 of the sum of \$200,000 authorized by the town. An equal amount of \$200,000 will be needed to pay the remaining land damages and construction, but of this more than one-half will be spent for sewers and water extension, and in our opinion should be borrowed on a longer term than ten years.

REPORT OF THE ENGINEERS ON THE CONSTRUCTION OF BEACON STREET.

BOSTON, February 21st, 1888.

To the Board of Selectmen of the Town of Brookline:—

Gentlemen, — Complying with your request, we respectfully submit the following report upon the progress of the work of widening Beacon Street, under the contract of the town with Mr. Henry M. Whitney.

Construction in preparation for the main work was begun under a preliminary contract with Mr. Michael J. O'Hearn, on May 9th, 1887; and on July 1st, 1887, the contract for the grading was, after wide advertising for proposals, awarded to Messrs. Putterill & Killian, of Boston, and work was pressed forward as rapidly as possible. On August 6th the contract for building such of the sewers as it was thought could be well undertaken that season, was awarded to Messrs. Wilmarth & Killian. The contract for filling the low lands lying between St. Mary's Street and Charles Street, was awarded to the Boston & Albany Railroad Company, and their work, at least so far as the town was concerned, was completed in October. The tracks still remain, however, having been in use all winter by the railroad company, either for furnishing the filling for the Boston part of Beacon Street or filling the low lands north of Beacon Street, between Carlton Street and Charles Street. The alterations and additions to the water supply on Beacon Street were left in the hands of the Water Board at their own request, and the work was done under the supervision of Mr. F. F. Forbes, the superintendent of the water works,

in conjunction with the construction of the road and sewers. The Brookline Gas Light Company laid the gas pipes, the work being in charge of their superintendent.

The grading of Beacon Street stands to-day about as follows :—

Between St. Mary's Street and Carlton Street both the roadways, with their gutters and the sidewalks are practically finished. A small amount of work upon this section will complete it, and in the early spring it may be opened for travel. St. Mary's Street is ready for the macadam as soon as the sewer on the south side of Beacon Street can be connected with the sewer in St. Mary's Street, work which cannot economically be done until the Boston & Albany Railroad has removed its tracks. Carlton Street having been finished and open to travel and a perfectly good thoroughfare thereby provided, it was not deemed advisable to press the completion of St. Mary's Street, until the railroad tracks were taken out of the way. From Carlton Street to Kent Street, the south (30') roadway is nearly finished; the material is all on the ground and only needs the spreading of the upper layer of the macadam and the final rolling and trimming, for which a very few days will suffice. The gutters are laid, the sidewalk is graded, and the plank walk built as far as Hawes Street. On the north side, the street has only been brought to a rough sub-grade, as it is for the most part new filling over soft ground, and subsidence, which would ruin any finished work, might occur during the winter and spring.

From Kent Street to Pleasant Street, the roadways and sidewalks are only sub-graded; part of the distance being over deep swamps liable to settle, and the sewers in the hard ground having been completed too late in the season to allow of the macadam being well laid.

From Pleasant Street to Harvard Street, very little has been done, the old roadway having been, for the sake of public convenience, left undisturbed. As the school house could not, without dismissing the scholars for an indefinite period, be disturbed, but little work, beyond what was necessary to construct the street railway tracks as far as Harvard Street, was done around the building. Upon Harvard Street, and Beacon Street itself except for the sidewalks, no grading was done, as it seemed impracticable to finish it before winter should stop the work and leave a large section almost cut off from communication with the rest of the town. The sidewalks destroyed were replaced by plank walks along the new location, from Harvard Street to Summit Avenue and Marion Street.

From Harvard Street to Marion Street, the south (here the 50') roadway is nearly macadamized and can be finished quickly as soon as the weather shall permit. The gutters on each side of the roadway are laid and the south sidewalk is graded.

Between Marion Street and Washington Street, the heaviest grading occurs and a serious obstacle to progress existed in the shape of the forty-eight inch water main of the city of Boston, which was laid in the old location of Beacon Street. By an unfortunate misunderstanding on the part of the city authorities, and by the new pipe, which must be laid before the old was removed, not arriving when due, a long and vexatious delay occurred in this part of the work; so that when at last the city had placed its new pipe in position and was ready to take away the old main, the season was too far advanced for any considerable work to be accom-

plished. The work in this locality is sufficiently well along, however, to warrant the assertion that the early summer will find it ready for macadamizing.

The culvert under old Beacon Street, just east of Washington Street, being deemed too small to carry well the volume of water likely, in the not far distant future, to reach it, was taken up and a larger and more substantial structure substituted. The increased size of the culvert necessitated carrying it under the Boston water main by an inverted brick siphon, an undertaking causing the contractor considerable difficulty, as troublesome quicksand was found at the depth to which it was necessary to excavate.

Washington Street was raised to the new grade, macadamized and opened for travel. The roadway, being traversed by lines of sewer, surface-water drains, water pipes and gas pipes, all newly laid in the very late fall, part of them during frosty weather, settled in several places during some of the heavy storms, but having been thoroughly repaired, is now believed to be perfectly solid.

Between Washington Street and Tappan Street, the roadway itself of Beacon Street was left almost undisturbed, but as it seemed to be rather unsafe for travel on account of the excavation by the north side of the old street and the piles of curbstones, etc., stored along the south side, it was thought advisable to warn the public, and barriers, which are lighted at night, were erected.

From Tappan Street west to the Boston boundary, the old street has been left untouched, and construction has been confined to the excavation and embankment on the north side, which is well under way and nearing a sub-grade. At the present time a small gang of about thirty men are at work removing the ledge near Englewood Avenue.

The cost of the road to the 1st of February has been, in round numbers, \$116,000. The following principal items may serve to give a rough impression of the amount of work accomplished during the season just passed.

To date of February 1st, there has been done:

117,000 cubic yards of earth excavation.

1,865	"	"	rock	"
3,000	"	"	loam deposited in the planting spaces.	
82,259	"	"	filling furnished.	
1,800	lineal	feet	50 ft. roadway macadamized and nearly finished.	
2,700	"	"	30 " " " " " "	
9,000	"	"	gutter laid.	
3,900	"	"	sidewalk graded.	
2,200	"	"	plank-walk laid.	

Upon the construction of *the sewers*, in spite of the late date upon which it was possible to begin, much has been accomplished, especial difficulty not having been found in more than a few places.

Between St. Mary's Street and Carlton Street, the sewers (8" and 12" Akron pipe) are laid, and that on the north side has been connected with the main intercepting sewer. The sewer on the south side has not yet been connected with the one which it is to join in St. Mary's Street,

because the junction occurs directly under the temporary tracks of the Boston & Albany Railroad. The tracks will be removed before long and the connection can then be made, when the sewer will be ready for use.

Between Carlton Street and Kent Street, on the south side, the sewer (48" \times 72" elliptical, of brick) is completed and ready for use. On the north side, between Carlton Street and St. Paul Street, as the filling had not settled sufficiently to make it prudent, no sewer work has been done.

After reaching Kent Street on the south side, the sewer reduces from 48" \times 72" to 40" \times 60" (brick, elliptical) and continues, for about two hundred and seventy feet, to be ordinary construction. At the end of this distance, it enters the swamp known as the "Stearns Marsh" and is built upon a heavy timber and pile foundation. The sewer itself changes form externally, the interior section remaining the same, and becomes a stone sewer, lined with brick, up to the springing line of the arch, above which it is all brick. Every precaution was here necessary to guard against upsetting of the sewer by reason of the mud underneath it moving and causing unequal pressure of the filling above. Every six feet, brick piers, upon which the water and gas pipes are to rest when laid, were carried up from the timber foundation. These piers extend across the top of the sewer, forming strong buttresses six feet apart, which undoubtedly add much to the strength of the structure. They are intended, principally, to carry the water and gas pipes, but incidentally form a great addition to the stability of the sewer.

The mud underlying the sewer, being very deep (the piles were, many of them, driven nearly fifty feet before any firm bearing was reached) and the weight of filling very great, the construction of this portion of the work was approached with no little hesitation and anxiety. We therefore availed ourselves of the advice of Mr. Howard A. Carson, a gentleman of large experience in difficult sewer construction, who, after inspecting the plans and methods proposed, gave an opinion indorsing them. We are happy to say that up to the present time there seems to be no reason to doubt that the work is entirely successful, no unusual distortion of the section of the sewer being apparent, and the work appearing to be perfectly erect and free from cracks. Some small cracks may appear later on when the frost is entirely out of the ground, but having stood so well up to the present time, there would seem to be no reason to fear any serious mishap.

As it was necessary to give the filling over the mud as much time as possible in which to assume a tolerably stable condition, the work upon this section was delayed as long as it seemed safe. Placed between the horns of a dilemma, it was difficult to decide what course to pursue. Upon the one hand lay the difficulty, expense and risk of commencing such an undertaking with winter almost begun, and on the other was the problem of what should be done with the surface water from the southerly side of Corey Hill, the old outlet of which, the brook through the D'Hauteville and Amory estates, had been destroyed by filling. The weather, fortunately, proved very favorable, and thus it was possible to carry on the construction until well into January before any long-continued cold weather came on to compel the cessation of work. About sixty feet only of the masonry remains to be completed, and work is now

being resumed in hopes that by taking advantage of every warm day, it may be possible to carry the heavy spring rains through the sewer without flooding any of the low lands in the neighborhood.

At St. Paul Street the sewer again reduces (in ten feet) from 40'' \times 60'' to 24'' \times 36'' (egg-shaped) and continues of these dimensions, to within five hundred feet of Marion Street, when it changes to 20'' \times 30'', continuing of this size for about eleven hundred feet, when it becomes 15'' pipe sewer. It continues to be 15'' in diameter for four hundred feet and then reduces to 8'', which size it follows for three hundred and forty feet, ending nearly opposite the Clarke estate on Corey Hill.

The sewer on the south side from Carlton Street to the end at Corey Hill, is a main intercepting sewer into which the sewers from the cross streets, and on the north side of Beacon Street, will discharge. Branches from this main sewer have been built at Carlton Street and Borland Street, as far as could safely be done at present, at Kent Street, Harvard Street, Summit Avenue, and on Corey Hill, between Marion Street and the Clarke estate. The masonry of the cross-sewer, 24'' \times 36'' egg-shaped, brick, at St. Paul Street, is just being commenced; the piles are all driven and part of the trench dug.

On the north side, all the (8'' and 12'') pipe sewer (before mentioned) is laid between Carlton Street and St. Mary's Street, connecting with the main sewer in St. Mary's Street. From Pleasant Street nearly to St. Paul Street, or as far as the hard ground extended, a 12'' pipe has been laid. From Centre Street to Summit Avenue, a pipe sewer 15'', 12'' and 8'' in diameter has been built, and from Summit Avenue to Short Street there has been laid a sewer of 15'' and 12'' Akron pipe. Between Short Street and the Clarke estate on Corey Hill, sewers of 8'' and 18'' pipe, discharging into the cross sewer before mentioned, have been built.

At Washington Street, considerable sewer work was done. A brick sewer (20'' \times 30'' egg-shaped) was built from the southerly drive, about two hundred feet toward the south, through the heaviest of the filling, and about four hundred feet of 15'' pipe was laid from the upper end of this brick sewer toward the north and continues about two hundred and thirty feet beyond the side line of Beacon Street. On the south side of Beacon Street west from Washington Street, about two hundred and eight feet of 12'' pipe, and on the north side, about two hundred and seventeen feet of 8'' pipe have been laid. Just east of Washington street, two short pieces of 8'' pipe for house drainage have been laid. Besides this foregoing, five hundred and eighty-five feet of 12'', 10'' and 8'' pipe, to carry surface water, have been laid, and three catch-basins built. All but about thirty feet of the sewer work at Washington Street has been completed, and when this small length shall have been laid, it will not be necessary to again open the street for sewer work except to make house connections. The sewers for house drainage have at this point no outlet, it being intended to take the sewage through the Washington Street sewer, which is here only built so far as the limits of the Beacon Street work extended.

West of Washington Street, the scheme to be followed was not decided upon in time for any work during the season just ended.

A summary of the amount of work thus far completed would read about as follows :

6,033 feet brick sewer.

7,088 feet pipe sewer.

50 manholes.

11 catch-basins.

The total cost of the work to date of February 1st, has been about \$54,000.

The water pipes have been laid on both sides of Beacon Street between St. Mary's Street and Carlton Street, and on the south side between Carlton Street and Kent Street. From Pleasant Street the water pipes are laid nearly to St. Paul Street, or as far as the foundation was found to be good. On the South side from Harvard Street to Marion Street, and on the north side between Winchester Street and Summit Avenue, the work has been completed. The high-service pipes on the north side have been laid from Short Street to Winthrop Road, and the main in Washington Street has been raised to conform to the new grade.

The cost of the changes in, and the additions to the water supply system on Beacon Street has been thus far about \$32,000.

The gas pipes have been laid between Carlton and St. Mary's Streets, and in St. Mary's Street itself. On the south side they are laid as far as Kent street, and between Harvard Street and Marion Street. They have also been laid on Washington Street, across Beacon Street.

Respectfully submitted,

ASPINWALL & LINCOLN,
Chief Engineers.

Harrison Place Extension.

The extension north to Brook Street was completed, fenced, and opened for travel, about the first of June, 1887. During the summer it was necessary to re-grade the portion across the marsh, and at the present time this section of the street is in very good condition. On April 13th, 1877, the town voted to appropriate the sum of \$17,000 to complete the street to Kent Street. Some difficulty was experienced in obtaining satisfactory bids for furnishing the filling for the section from Aspinwall Avenue to Kent Street, but the contract was finally awarded to Mr. Hugh Murray, at 59 cents per cubic yard. While the work has not progressed as rapidly as was expected, there may be, as a result, less settling after the work is completed.

The ashes collected in the neighborhood during the fall and winter have been dumped here, and the town teams

have been employed in carting filling, when not needed elsewhere. The surplus earth from the Longwood and Aspinwall Avenue sewers has also been used as filling.

The approaches at either end have been about completed as far as the marsh, and unless the weather should prove extremely unfavorable, we see no reason why the entire work should not be completed by May 1st, 1888.

The cost to date and the additional expenditures as estimated by Aspinwall and Lincoln, the engineers in charge of the construction, which we submit, indicate that the appropriations will be sufficient to complete the work.

Nov. 10, 1886.	Appropriated	\$10,000 00	
Apr. 13, 1887.	“	17,000 00	
		<hr/>	\$27,000 00
Feb. 1, 1888.	Expenditures and reserved	\$19,835 87	
	Filling required to complete, 5,000		
	yds. at 59 cents	2,950 00	
	Gravel, 1,500 yds. at 80 cents	1,200 00

		<hr/>	\$24,950 87
Contingencies			<hr/> \$2,049 13

As the street is soon to be completed, the matter of a name should be considered. It is our opinion that it would be less confusing if one name were given to the entire street, from Harvard Street to Beacon Street.

Marshal Street and Clark Road.

These streets, which were laid out by the board, November 15, 1886, were accepted by the town at the meeting of March 2, 1887.

Waverly Street.

This street was laid out by the Selectmen, February 21, and was accepted by the town at the meeting of March 2, 1887.

Boylston Place.

This street was laid out by the Selectmen, November 14, 1887, twenty-five feet wide, from Boylston Street to a

private way leading easterly from Cypress Street. It was laid out in order to give an outlet to the estates on the above mentioned private way, when the raising of the grade of Cypress Street, occasioned by the building of the proposed bridge, shall have closed the present outlet, all the abutters having waived their prospective claims for damages caused by the closing of the private way.

The amount paid for land taken was \$1,397.20, and for building the street, \$113.26.

Street Railways.

Locations for Street Railways have been granted, after public hearings, at which no one appeared in opposition, as follows:—

To the West End Street Railway Company, for a double track, with suitable curves, connections, and switches, in Beacon Street, from the Boston line at St. Mary's Street to the Boston line near Chestnut Hill Avenue, — tracks to be laid and in running order before January 1, 1888. Subsequently the time was extended to April 1, 1888, upon the representations by the company that they were unable to complete the laying of their tracks, owing to the occupation of the easterly end of the street by the tracks of the Boston and Albany Railroad, who are filling the low lands on the northerly side of the street. It is now expected that the tracks will be laid and cars running by April 1.

To the Suburban Street Railway Company, for double tracks in Brookline Avenue, from the Boston line to Washington Street; from the intersection of Washington and Boylston Streets, through Boylston to Cypress Street; and for a single track from the intersection of Boylston and Cypress Streets, through Cypress to Chestnut Street,—tracks to be laid, and in running order, before January 1, 1888. The portion on Brookline Avenue has not been constructed, and that part of the location is therefore void.

To the West End Street Railway Company, for a location for double tracks in Washington Street, from Harvard Square to the Boston line, and in Harvard Street, from

Harvard Square to the Boston line. One track in each street to be laid, and in running order, before July 1, 1888. A portion of the track in Washington Street has been laid, and cars are now running upon it.

Cypress Street Bridge.

A hearing upon the petition of the Selectmen for the bridging of Cypress Street was given by the County Commissioners July 12, 1886. No decision has yet been reached by that board. A petition has lately been presented to us, signed by William I. Bowditch, Esq., and other prominent citizens, asking us to take steps to induce the commissioners to take some action in the matter, and we have applied for a re-hearing on the original petition.

A hearing was given by the Selectmen, October 3, 1887, to the petitioners for the widening and straightening of the lines of Cypress Street, south of the bridge, but no action has been taken upon it as yet, because of its intimate connection with the bridge, and it was thought best to consider it as part of the bridge scheme.

Harvard Street Drain.

The method of disposing of the surface water from the northerly slope of Corey Hill, through Winchester, Williams, and Harvard Streets, is one which various boards of Selectmen for the past eighteen years have attempted to grapple with. This board, on November 14, 1887, laid out a surface drain through land of Nahum Smith, to connect with Smelt Brook, and presented it to the town for acceptance at the meeting of November 22. The town declined to accept it, and referred the subject back to the Selectmen for further consideration.

The board is still of the opinion that Smelt Brook is the natural and proper outlet for this surface water; but it has lately come to our knowledge that a company has been formed to develop the territory between Harvard Street and Brighton Avenue, and that they are engaged in laying out a comprehensive system of streets, some one of which will probably serve to carry a proper drain directly to Charles

river. We think, therefore, that it is best to wait until these plans have been definitely decided upon, before taking any further action.

Public Baths.

The bath house was opened to the public during the months of June, July, August, and September. In these four months, 5,940 persons (men and boys) used the bath. A better supply of water would be desirable, and it is expected that the improvements to be made in the brook channel will, to some extent, supply this want. Accommodation for salt water bathing would be an improvement on the present system. We expect the committee having in charge the matter of public baths and wash houses will recommend a plan by which the much-needed accommodation may be provided; also, to provide a place where working men, after their day's work, can be furnished with a comfortable bath. As a means of preventing disease and promoting the health of a community, the free use of water for public bathing is indispensable.

Guide Posts.

Guide posts are erected and maintained throughout the town wherever required by the statutes, or by public necessity and convenience.

Licenses.

Licenses were granted as follows :—

Druggists. — Warren G. Currier, Arthur W. Bowker, George W. Cobb.

Common Victuallers. — Jacob Morlock, Thomas J. Cusick.

Auctioneers. — John J. McCormack, Walter Jackson, George F. Joyce.

Employment Offices. — Ellen Hill, Mary A. Holmes, Alice Welch.

Billiard Room. — E. S. Holmes.

Carriage. — Jeremiah Guilfoyle, Thomas Quinlan, O'Day Brothers, Edward T. Drohan, John Daley.

Drain Layers. — Horace James, Reuben S. Dewing, J. M. Russell, Philip S. Allen, Johnson Bros., Michael J. O'Hearn, James Driscoll, Daniel Collins.

Miscellaneous.

The contract for concrete sidewalks was awarded to C. W. Lynam, at the same price as last year, viz :—

For new walks	65 cents per square yard.
For driveways	85 “ “ “ “
For street crossings	\$1.00 “ “ “

and for plank walks, to M. Mahan, as follows :—

For 3-plank walks	13½ cents per foot.
For 4- “ “	16½ “ “ “
For 5- “ “	19½ “ “ “
For 6- “ “	23 “ “ “

The contract for coal for the public buildings was awarded to Geo. M. Winslow & Co., at \$5.60 per long ton.

ALMSHOUSE — Mrs. Cabot, Mrs. Codman, Mr. Hand.

POOR — The Board.

THE SICK POOR — Mrs. Cabot, Mr. James.

REPORT OF THE OVERSEERS OF THE POOR.

The Overseers of the Poor have the honor to submit the following report : —

Almshouse.

Mr. and Mrs. Campbell remain in charge of the almshouse, and continue to manage it with great capacity and care. The inmates, at present, consist of two men, two women and four children (three girls and one boy). Besides these we have received and discharged during the year five men, two women and five children. It has been a somewhat more expensive year than the last. Mr. Gallagher's five children have been in the almshouse during the whole year. This has required additional assistance, which Miss Campbell has given at a moderate rate of compensation. Mr. Gallagher has repaid the town fifty-five dollars during the year, which is hardly one-quarter of the cost of their maintenance. We consider, however, that the children are better off under Mrs. Campbell's care, with regular schooling, well fed and clothed, and in a most healthy locality, than they could be in any other place at our disposal; and though the expense is large, we see no proper way of lessening it, until their father assumes it.

Names and Ages of the Inmates of the Almshouse.

* Re-admitted.

Out-Door Poor in Brookline.

Seven widows with children and four without are now receiving regular out-door relief as usual, the town giving them groceries, in return for which they sew when able to do so, supplying their own rent and fuel.

Out-Door Poor in other Towns.

One widow with children, and two single women have regular partial relief in other towns. The widow, Mrs. Catharine Quinn, is a great sufferer from rheumatism, and wholly unable to do anything for herself or her children. By the advice of the Overseers of the Poor, in Auburn, where she lives, we have increased her weekly relief from three to four dollars.

Occasional Relief.

We have given occasional relief in four cases in Brookline, and in eight cases to Brookline people living in other towns. Each case has been carefully investigated and we believe the relief has been properly given.

The expense of out-door relief, and the number of out-door poor will each be found somewhat larger than last year, but we believe that the increase in numbers and expenditure bear a fair proportion.

Partial Support.

Cochrane, Mrs., widow, with two children. We have allowed \$1.50 per week since Jan. 1, 1887. She is crippled with rheumatism, but is able to do something towards her own support.

Close, Annie. Paid board for her at her grandfather's to the amount of \$25.75. She is a daughter of John Clayton, and deserted by her husband.

Crosby, Michael, wife and three children; \$13.

Cummings, Mary A., wife of Michael Cummings, formerly railroad wagon driver in Brookline. She is ill and in destitute circumstances, and we have aided her to the amount of \$11.25.

Desmond, Catharine, wife of John (insane), and three children. We allow her \$2 per week.

Denehy, Thomas, and wife, living in Dedham. We have paid during the year, \$69.33.

Fossà, widow, with six children, the eldest 11 years old. Her husband died in Nov., 1887, leaving her with a young baby. We allow her \$2 per week in groceries.

Hall, Mrs. James, widow. She lives with her daughter, and we allow her \$1 per week.

Hartnett, John. \$25; City Hospital.

Hill, Mrs. Thomas. We allow \$1 per week, and have given her a little clothing.

Keenan, Hannah. \$137; medical relief.

Lamb, Mrs. Mary, widow of Lawrence. Settled in Boston; \$1 per week, repaid by Boston.

Leary, Teresa. \$4.65; repaid by Boston.

Larkin, Bridget, widow, with two children. We have allowed her \$2 per week during the winter, as she has been unable to find work, and has been ill.

Moran, Mrs. Thomas, widow, and three children. \$1.50 per week.

Missett, Mrs. Thomas, widow, and three children. \$1 per week.

McCarthy, Julia. Boards with her son at Winchester, at \$5 per month.

Mountain, Mrs. Ellen, widow of Patrick. \$1 per week.

Mitchell, Norah, living with her son in Fall River. During her illness we relieved her to the amount of \$15.

Clare, Ellen M. \$13.75; temporary relief.

McNamara, John. \$20; to Carney Hospital.

McDermott, B., Jr. \$16; City Hospital.

Murphy, Thomas. \$27.43; paid Boston. He is now at Tewksbury. He has a military settlement.

O'Brien, Thomas. \$2; no settlement.

Quinn, Mrs. Lawrence, widow, and three children. Disabled with rheumatism; living in Auburn. We allow her \$4 per week.

Rogers, Mrs. Harriet, widow; too old for work. \$1 per week.
 Reardon, Catharine; lives in Boston. Paid \$78 during the year on her account.
 Stewart, John. \$2; temporary relief (sickness).
 Tracey, Patrick. \$24; at Deer Island for drunkenness; paid Boston.
 Waldron, Mary, widow of William, and five children. \$2 per week.

Insane Poor.

We have had thirteen insane, in charge of the asylums during the past year, instead of twelve in 1886-7, and all but one have been permanent cases, which again has increased our necessary outlay.

Mary Broderick, at Danvers	\$169 41
Mary Cranwell, at Danvers	179 32
Stephen J. Cronin, at Worcester	179 55
John Desmond, at Worcester	181 40
Ellen Flaherty, at Worcester	177 95
Julia Hickey, at Danvers	178 48
Thomas Larkin, at Taunton	149 51
Margaret Lanman, at Danvers	180 33
William Lynn, at School for Feeble Minded	1 25
*Julia Mahoney, at Worcester	176 85
Annie J. Murray, at Worcester	154 17
Herbert M. Orcutt, at Worcester	186 64
Mary J. Trowbridge, at Danvers	177 92

Orphan and Neglected Children.

Sixteen children are now or have been under the care of the town during the year. Of these, one, Annie Gallagher, has recently gone to a place and will, we hope, become self-supporting. Four remain in the almshouse, and the others are accounted for in the following table:

Burkes (3). We pay \$5 per month for their board with their uncle, Martin Costello.
 Conlys (3). Two are with the sisters in Salem, and one is boarded with an uncle. We pay \$5 per week for the three.
 Gallaghers (5). Boarding at the almshouse. Their father has paid \$55 toward their support during the year. One has recently gone to a place.
 Flaherty, Annie. She remains in her place in the country, where she has been for nearly two years, and is doing well. We have paid \$3 for clothing for her in 1887.
 Henry J. Thing, 8 years old. Deserted by his parents, and boarded at Wellfleet, Mass., at \$2 per week.
 W. D. Duchesney. Boarded at the State Primary School, being taken up for truancy. His father had a military settlement in the town.

* Received during the year on account of this case, \$140.00.

New Cases.

Two families, widows with children, have become dependent on the town and claimed the out-door relief during the year. As long as they are able to supply their own rent and fuel, the Overseers consider it better to keep the families together, rather than place them in the almshouse.

Summary.

Sixty-five adults and forty-eight children have received aid at some time during the year. Thirty-two adults and forty-one children are now receiving entire support, or regular partial support from the town. This includes the insane, the inmates of the almshouse, and the out-door poor. Of these, Boston pays for two.

We have exceeded our appropriation by the sum of \$103.97, but the foregoing explanations will, we believe, show that the expenditure has been justified.

SUMMARY OF EXPENSES OF THE POOR DEPARTMENT.

Gross expenditures at Almshouse		\$1,959 25

REPORT OF THE BOARD OF HEALTH.

The following report is in substance that of the Agent of the Board, George K. Sabine, M. D. :—

There have been reported during the year ending December 31, 1887, twenty-seven cases of scarlet fever, one of diphtheria, and nine of typhoid fever; occurring as follows :—

	Scarlet Fever.	Diphtheria.	Typhoid Fever.
January	3	0	0
February	5	0	1
March	5	0	0
April	4	0	0
May	6	0	0
June	0	0	0
July	2	0	1
August	0	1	1
September	0	0	2
October	0	0	0
November	0	0	2
December	2	0	2
	<hr/> 27	<hr/> 1	<hr/> 9

The following table shows the number of cases of scarlet fever and diphtheria reported during the last eleven years, and the number of typhoid fever cases during the last six :—

	Scarlet Fever.	Diphtheria.	Typhoid Fever.
1877	46	29	0
1878	15	19	0
1879	16	12	0
1880	17	25	0
1881	5	26	0
1882	12	7	4
1883	24	7	23
1884	38	19	12
1885	40	3	9
1886	79	9	13
1887	27	1	9

The single case of diphtheria reported occurred on Boylston Street, near Cypress Street.

The cases of typhoid fever occurred in the following localities : —

Clyde Street, near Newton Street	1
Heath Street, near Hammond Street	2
Carlton Street, corner of Colchester Street	1
East Carlton Street	1
Upper Boylston Street	1
Chestnut Hill Avenue	1
Longwood Avenue, near Sewall Avenue	1
Chestnut Place	1

It will be seen by the foregoing table that the number of scarlet fever cases, although larger than that of some years, is still below the average for the whole eleven.

The record relating to diphtheria is quite remarkable, the number of cases being certainly smaller than for any one of the preceding ten years, and probably for a much longer period.

In only one of the preceding five years (1882) has the number of cases of typhoid fever been smaller than during the last. Three of the nine cases, at least, are known to have been imported, so that not more than six could have originated in Brookline.

The number of deaths within the town was one hundred and fifty-four, against one hundred and forty-nine in 1886, one hundred and fifty-one in 1885, and one hundred and nineteen in 1884.

Deducting the still-births, nine in number, it leaves one hundred and forty-five deaths within the year, or a mortality of a little less than sixteen per thousand, reckoning the population of the town, as given by the census of 1885, at 9,196. This rate is lower than that of either the State or County at large.

There were two deaths from typhoid fever, both imported cases, one from diphtheria, two from croup, four from whooping cough, and none from scarlet fever.

At the commencement of the year Alonzo Bowman was appointed Inspector of Milk ; Thomas Mahon, Inspector for the Board ; and G. K. Sabine, M. D., Agent, to give the legal

certificates in the case of the death of any person without an attending physician. J. D. Gutterson's license as funeral undertaker was renewed.

There have been twenty-seven examinations of premises by the inspector. Twenty-five notices have been served for the abatement of nuisances, one to vacate a dwelling, and there have been three prosecutions for non-compliance with the orders of the Board.

There have been granted thirteen licenses for the collecting of grease, etc.

The Board caused the wet land by the side of the B. & A. railroad track, near Longwood Station, to be filled to a proper grade, and the Davis marsh to be drained under the main sewer into Muddy river, and the overflow from the sewer onto the marsh to be closed. The main sewer, the Brook Street sewer, the School Street brook sewer, the Old Village sewer, the Brookline Avenue brook, through the playground, and the Boylston Street brook, from the bath house to a point east of Aspinwall Avenue, have all been cleaned under the direction of the Superintendent of Streets. An itemized account of the cost of the work may be found in his report. The city of Boston paid for one-half of the cleaning of the Brookline Avenue brook.

On April 27th a contract was made and signed with Eben W. Reed for collecting and removing house-offal for the ensuing year; said Reed to receive the sum of fifteen hundred and fifty dollars. The contract, like that of previous years, required that the offal should be collected and removed from all dwelling houses, restaurants, meat and provision and fish stores in the town, every day except Sundays and legal holidays, during the months of May, June, July, August and September, and three times a week during the remainder of the year.

This Board concurs with the opinion of the last Board, that a much more satisfactory service could be had if this work were done by the town, instead of by contract, and we recommend that an appropriation be made for that purpose.

The following orders were passed in April : —

Ordered, That no public funeral shall be held over the remains of any person having died of small-pox, scarlet fever, or diphtheria, without the written permit of the Board of Health, and under such regulations as may prevent the spread of either of said diseases. *Ordered*, further, that the remains of persons dying of either of said diseases shall at once be placed in a tight or sealed coffin, and shall not thereafter be exposed to view, or disturbed except for burial.

Ordered, That no child be allowed to attend school from any house where there is, or has been, a case of scarlet fever or diphtheria, until the expiration of at least four weeks from the commencement of the last case.

Ordered, That no child from any house where there is or has been a case of scarlet fever shall be allowed to mingle with those of any other house until the expiration of at least four weeks from the commencement of the last case.

Ordered, That no dead body of any person shall be carried to any cemetery, or from one place to another within the town, in any public vehicle other than a hearse, or undertaker's wagon, provided for that purpose.

Ordered, That from May 1 to Nov. 1, no vault shall be emptied by any other than the odorless process, nor by carts not of the Odorless Excavating Company, except permission be first obtained from the chief of police.

Ordered, That the manure from livery and horse-car stables shall not be removed from the stables between the hours of sunrise and sunset.

Attention is called to the following statute :—

[ACTS OF 1884 — CHAPTER 98.]

AN ACT CONCERNING CONTAGIOUS DISEASES.

Be it enacted, etc., as follows :

SECTION 1. When a householder knows that a person within his family is sick of small-pox, diphtheria, scarlet fever, or any other disease dangerous to the public health, he shall immediately give notice thereof to the selectmen or board of health of the town in which he dwells, and upon the death, recovery or removal of such person, the room occupied and the articles used by him shall be disinfected by such householder in a manner approved by the board of health. Any person neglecting or refusing to comply with either of the above provisions, shall forfeit a sum not exceeding one hundred dollars.

SECT. 2. When a physician knows that a person whom he is called to visit is infected with small-pox, diphtheria, scarlet fever, or any other disease dangerous to the public health, he shall immediately give notice thereof to the selectmen or board of health of the town; and if he refuses or neglects to give such notice, he shall forfeit for each offence not less than fifty nor more than two hundred dollars.

SECT. 3. The boards of health in the several cities and towns shall cause a record to be kept of all reports received in pursuance of the preceding sections, and such record shall contain the names of all persons who are sick, the localities in which they live, the diseases with which they are

affected, together with the date and the names of the persons reporting any such cases. The boards of health shall give the school committee immediate information of all cases of contagious diseases reported to them according to the provisions of this act.

SECT. 4. The Secretary of the Commonwealth shall furnish the boards of health with blank books for the record of cases of contagious diseases as above provided.

SECT. 5. Sections seventy-eight and seventy-nine of chapter eighty of the Public Statutes are hereby repealed.

[*Approved March 21, 1884.*

REPORT OF THE CHIEF OF POLICE.

OFFICE OF THE CHIEF OF POLICE,
BROOKLINE, Jan. 31, 1888.

To the Selectmen:—

GENTLEMEN,—I have the honor to submit my annual report of the Police Department, for the year ending Jan. 31, 1888.

Some of our Work for the Year.

Number of persons arrested, 554 (eighty-five more than last year).

Males	515	Non-residents	325
Females	39	Of American birth	219
Residents of the town	229	Of Foreign birth	335

Causes for Arrest.

Assault and battery	45
do. felonious	3
Breaking and entering	2
Bastardy	1
Cruelty to animals	4
Concealed weapons, carrying of	2
Disorderly conduct	5
Disturbance of the peace	35
Defrauding innholders	2
Defaulters	2
Drunkenness (simple)	250
Drunkenness (2d offence)	11
Drunkenness (3d offence)	3
Drunkenness (common)	8
Evading railroad fares	4
Embezzlement	1
False pretences (obtaining values by)	5
Forgery	1
Fast driving	6
Insane persons	2
Larceny	27
Incendiary	1
Malicious mischief	6
Malicious injury to trees	7

Peddling without license	10
Profanity	6
Stubborn child	2
Trespass	32
Vagrancy	16
Violation of town by-laws	15
Violation of liquor laws	25
Violation of Sunday laws	9
Violation of bird laws	2
Making bonfires	2
Non-support of minor children	2
Number of arrests made for other police departments	15
Number of persons brought in by officers on suspicion, investigated and released	32

Arrests in the last eight years have been as follows:—

1880-81	305	1884-85	395
1881-82	355	1885-86	446
1882-83	437	1886-87	464
1883-84	475	1887-88	554

Amount of fees earned and paid to the Town Treasurer \$1,367 31
(For expenditures of Police Department see Treasurer's report.)

Miscellaneous Work.

Accidents reported and assistance rendered	45
Amount of property reported lost, and recovered by officers	\$2,575 27
Amount of property taken from arrested persons, returned to them and receipted for	5,077 65
Amount of property reported stolen	1,182 00
Amount of stolen property recovered	985 00
Buildings, stores, shops, and houses found open at night and secured	55
Cases and complaints investigated	352
Disturbances suppressed without arrests	71
Defects in streets and sidewalks reported	306
Defective hydrants and pipes reported	25
Gas-leaks in street pipes reported	12
Water running to waste reported	53
Fires extinguished without alarm	10
Number of stray animals running at large and taken care of	57
Number of persons committed for non-payment of fines and costs	72
Number committed by sentence	13
Number committed by default of bail	9
Number of persons arrested for the offence of drunkenness, residents of the town	78
Non-residents arrested for drunkenness	194
Number brought in by officers and reprimanded and released (mostly juveniles)	53
Number of persons applying for lodging	1,140
Males, 1,117; females, 23; of native birth, 560; of foreign birth, 580.	

Arrests for drunkenness since 1880 have been as follows:—

1880-81 (No-License)	163	1884-85 (No-License)	157
1881-82 (License)	199	1885-86 (License)	152
1882-83 (License)	185	1886-87 (License)	198
1883-84 (License)	219	1887-88 (No-License)	272

Record of persons applying at this station for lodgings since 1880:—

1880-81	360	1884-85	848
1881-82	338	1885-86	1,023
1882-83	299	1886-87	983
1883-84	741	1887-88	1,140

Number of runaway horses caught by mounted officers	15
Number of sick and disabled persons cared for	37
Number of lost children found and cared for	22
Number of nuisances reported	47
Number of dead animals found and reported to the Superintendent of Streets for burial	36
Number of dangerous places on streets and sidewalks reported and lanterns placed at night	89
Number of orders and permits given for cleaning vaults and cesspools	84
Number of licenses for collecting grease examined and indorsed monthly	18
Number of town reports and documents distributed	23,000
Number of street lights reported out, gas	325
Number of street lights reported out, kerosene or naphtha	80
Number of Electric lights reported out	433
Number of street lights reported broken	34
Number of houses reported temporarily vacant and special police protection asked for	110
Number of officers reporting when off duty for special duty at fires	172
Number of officers detailed by request of citizens	185
Number of officers detailed for public occasions	42
Number of complaints of dangerous dogs	17
Number of complaints of dangerous buildings	9
Number of telegraph and telephone wires reported down	35
Number of dogs reported lost or stolen	78
Number of dogs found and restored to owners	46
Number of disabled horses ordered from work	15
Number of dead bodies found and reported to Medical Examiner	2

The organization of the department remains the same as last year. Patrolman Murray resigned in December last, in consequence of partial disability, after nearly fifteen years of faithful service, and Patrolman Allen was appointed to fill the vacancy.

Several cases of house breaking have occurred the past year, mostly in the Longwood district. Two noted burglars have been arrested, one of whom has been indicted for breaking and entering no less than five different dwelling-houses in the Longwood district. He is now serving sentence for burglary committed in Suffolk County, and will be tried at the next term of the Superior Court for Norfolk County, in April next, on the several indictments found. The other is now serving a term of five years for breaking and entering a dwelling-house in the Longwood district, in October last. Nearly all the property stolen by the above parties has been recovered and returned to the owners. Two dwelling-houses were entered in November last, and small amounts of jewelry stolen; a lady was also robbed of a hand-bag on the public street in the early evening. Several unsuccessful attempts were also made about this time to enter dwelling-houses in the night time. These attempts, together with the great number of burglaries daily committed in Boston and vicinity, caused no little uneasiness among our citizens. The annoyance was great; the losses light.

The Mounted Force.

The services of the mounted force have been valuable the past year, particularly in those sections of the town not covered by officers on foot, thus enabling me to concentrate and shorten the routes; also, to regulate driving on the principal thoroughfare, in several instances preventing serious and probably fatal accidents from runaway horses.

Enforcement of the Liquor Laws.

Persistent efforts have been made to enforce the liquor laws of the Commonwealth as directed by the Board of Selectmen. Some degree of success has been had. Thirty-four search warrants have been served, and seven hundred and forty-three gallons of intoxicating liquors have been seized, condemned, and disposed of by order of court. The arrests for drunkenness were seventy-four more than last year.

There are some seven licensed places within a pistol-shot of the line between the city and town, where intoxicating liquors are sold, both wholesale and retail. While this state of thing continues, we cannot reasonably expect a total abstinence community to exist, although Brookline is a no-license town.

The Police Wagon.

The police wagon has been of great service the past year, not only as a patrol wagon in making arrests, and conveying sick or disabled persons to hospitals or their homes, but also in the general work of the department, and has saved the town no small amount of expense formerly incurred in hiring teams. The distance run by the police wagon during the year has not been less than twenty-five hundred miles, or an average of seven miles per day. In the matter of arrests of badly intoxicated persons, especially women, the often degrading spectacle and very disagreeable duty of propelling a helplessly intoxicated person through the streets of the town, often followed by crowds of hoodlums, is by the use of the police wagon avoided. With our police signal system the police wagon can be readily called by the officers on their routes.

Signal and Telephone System.

The electric police signal (the Gamewell system) and telephone system has been in operation now some four months, and may be considered a success. An average of one hundred and twenty-five signals are sent into the station every twenty-four hours from the street boxes by the sergeants and patrolmen on street duty. Officers on patrol duty are required to signal from the boxes on their routes every hour, and on some routes oftener, the record being kept at the Chief's office averaging thirty-eight hundred per month.

By this system the officer on patrol can readily convey any information to and receive directions from his superior officer at the station. It is also a constant voucher to the fidelity and activity of the officer.

I regard this as the most important addition that has ever been made to police service. In my judgment it is very

desirable that the system should be extended, and I think it would be true economy to nearly, if not quite, double the present number of boxes the coming season.

The secret service, or detective work of the department, has been done in a very satisfactory manner by the Inspector of Police, to whose perseverance and untiring industry much of the success of the department in this direction is due.

It gives me great pleasure to be able to state that the Department of Police has run very smoothly the past year. There has been more work done than in any previous year. The discipline and conduct of the force has been excellent. The hundreds of calls for extra duty during the summer months, especially during the vacation season, often onerous and exhausting, have been met with a cheerful promptness worthy of special mention. To meet the demand of many citizens for police service, a considerable increase in the force will be necessary.

We are under obligations to many good citizens for valuable assistance rendered. Our thanks are due the Fire Department for courtesies received; to the Board of Selectmen for their strong support during the year; to Judge Drew and the associate justices of the Police Court I am greatly indebted for their wise counsel throughout the year; to Drs. Sabine and Blanchard we are under obligations for valuable assistance and advice in sanitary and other matters; to the Committee on Police we are indebted for able support and a well-equipped police department.

Respectfully submitted,

ALONZO BOWMAN,
Chief of Police.

REPORT OF THE PROBATION OFFICER.

BROOKLINE, Jan. 31, 1888.

To the Board of Selectmen:—

GENTLEMEN,—I have the honor to submit my seventh annual report.

The whole number taken on probation for the year ending January 31, 1888, was twenty-seven,—twenty-two males and five females. Eleven of these were under seventeen years of age. They were arrested for the following offences:—

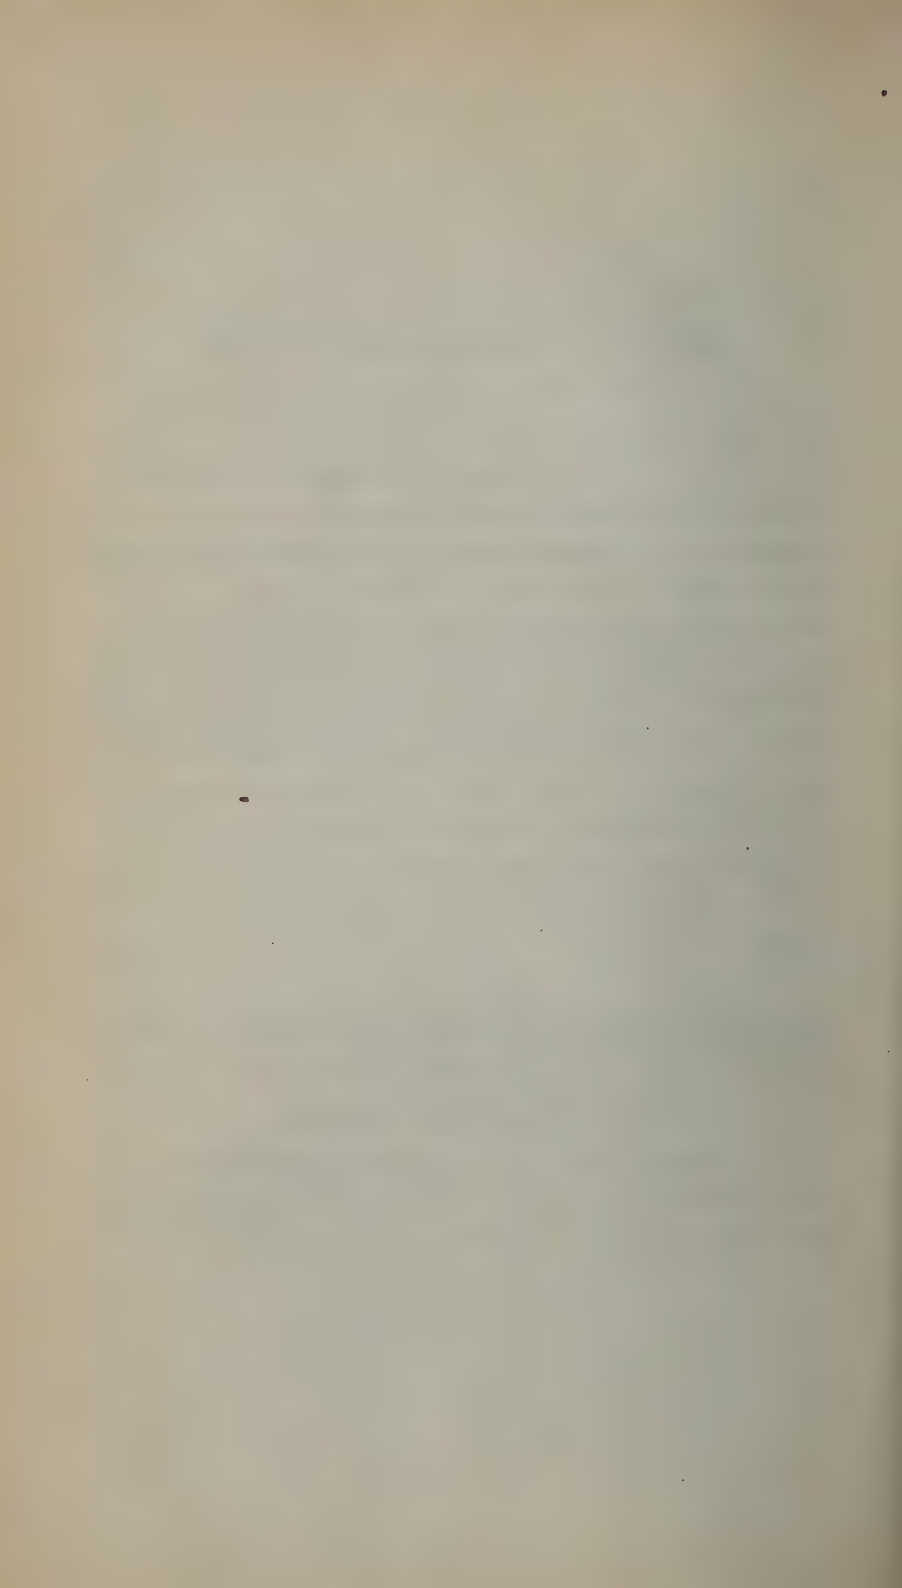

Violation of by-laws	8
Disturbance of the peace	8
Drunkenness	1
Trespass	4
Larceny	1
Profanity	1
Assault	4

Of this number twenty-one have been discharged, four surrendered, and two are now on probation.

Respectfully submitted,

GEO. F. DEARBORN,

Probation Officer.

REPORT OF THE FIRE ENGINEERS.

BROOKLINE, February 13, 1888.

To the Board of Selectmen:—

GENTLEMEN, — In pursuance of the ordinance in relation to the Fire Department we herewith respectfully present our annual report for the year ending Jan. 31, 1888. The report, though brief, will be found to contain a statement of all fires and alarms, showing loss and insurance recovered, with the amount of insurance on property damaged, as near as could be ascertained, a description of apparatus in use, and such other information as may be of interest to your honorable body, and all others interested in this department.

During the year there have been thirty-three alarms of fire. The loss upon buildings and contents was \$11,325. The insurance recovered on same was \$9,025. The insurance on buildings and contents was \$45,700. A detailed statement of fires and alarms is appended.

Organization.

The organization of the department remains the same as last year,—one chief engineer, two assistant engineers, two hose companies of eleven men each, one hose company of six men, one hook and ladder company of thirteen men, one chemical engine with three men, engineer and assistant engineer of steamer, and seven drivers, — all being call-members except six drivers who are permanently employed.

Apparatus.

By the addition of a new hose-wagon the past year we now have two hose-wagons and one hose-carriage, in excellent order, with one two-wheeled hose-carriage in reserve.

The chemical engine having been repaired the past year, is now in as good shape as when purchased.

The hook and ladder carriage has been in service twelve years, and is still in good condition, and by being painted and varnished the coming year will last the town for years to come.

If the steam fire engine is to be kept in service, which it certainly will have to be, it will require a thorough overhauling, and we would recommend that a sum be appropriated sufficient to put it in thorough repair.

Buildings.

The house at the corner of High and Washington Streets, and the house on Washington Street near the Town Hall, are in good repair. The chemical engine house in the Longwood district, being a new house, will not need much repairs for some time to come.

Horses.

There are in the department at the present time nine horses, which are in good condition with the exception of one of steamer horses, which is unfit for the service and should be replaced with a new one at an early day.

Hose.

The total amount of hose in use in this department is 5,300 feet of cotton hose in good condition, and about 800 feet of cotton hose not reliable. In the interest of the town the Engineers would recommend that one thousand feet of new hose be purchased, and that one thousand dollars be appropriated for the same.

Water Service.

The same careful supervision by the Superintendent of the Water Works continues, everything pertaining to the same being at all times in readiness for immediate use. Eight new hydrants have been added on high and low service the past year, making a total of two hundred and twelve hydrants.

We would suggest that the main on Boylston Street be extended to the Holyhood district, for fire protection to a

large property which is now deprived of water facilities. Also, that six new hydrants be purchased, to be located at different parts of the town, where needed.

Fire Alarm.

By order of Selectmen the automatic fire alarm system went into service August 12. Since that time it has given good satisfaction, always having struck the number correctly when there has been an alarm of fire, and thereby saving much valuable time. We would recommend that additional boxes be purchased and placed as follows: One at or near the town stable, one on the hook and ladder house, one near the junction of Aspinwall Avenue and Brook Street. Also, that a tower striker be placed in the tower of the church on Walnut Street, for the benefit of the many call-members who are liable to be at work in that part of the town.

Recommendations.

As the lease of parties occupying the house on estate where the stable which is used as a hose-house is located, (the use of which is generously given by Mr. Edward Atkinson,) expires next July, and as the next party hiring the house may want the stable, we feel compelled to recommend to the Board of Selectmen that a lot of land be purchased in that vicinity, and a suitable building erected thereon for Fire Department use.

For the better protection of property, as well as for general purposes throughout the town, we would again renew our recommendation of last year, that the steam-fire engine be placed in reserve, and a chemical engine be purchased. This will necessitate no increase in running expenses, as the same horses and men will be available for both. The cost of the chemical engine will be about \$2,000.

As the hook and ladder carriage is one of the first pieces of apparatus wanted at every fire, and as that team has to answer every alarm, and often at a long distance, we would also recommend to your honorable board that the truck

horses be not required to water the streets hereafter, so that the apparatus may be in readiness at all times.

We wish to call your attention to the poor and imperfect manner we have of heating the engine houses,—that is, by stoves, which do not more than half heat the buildings. Some of the main rooms are so arranged that there is no room for a stove, and some of the rooms that have stoves could be used to better advantage if the stoves were not in the way. These are the only town buildings which do not have either steam or furnace heat. We hope that you will give this subject your early attention, and see if some better and more economical arrangements can be made for heating the engine houses. The cost of heating all by steam would be about \$2,100; by hot water, \$2,100; by furnace, \$1,150.

Appropriations.

The Engineers would recommend an appropriation of \$15,000 for the current expenses of the Fire Department, including watering streets; and \$1,500 for new hose and repairs of steamer.

In conclusion, we desire to extend our thanks to the Board of Selectmen for the interest taken in our department the past year. To the Committee on Fire Department our thanks are due, for their hearty concurrence in all matters which have been suggested for the welfare and efficiency of the department. The Chief of Police and those of his command will except our thanks for the valuable assistance given us at all fires. And last, but not least, we desire to return to the officers and members of this department, our sincere thanks for the prompt and cheerful manner in which they have discharged their varied duties the past year. Their earnest, intelligent and persistent efforts to protect the property of their fellow-citizens have been attended with success in most cases.

GEO. H. JOHNSON,
J. H. ALLEN,
JAMES W. HORTON,
Engineers.

STATEMENT OF FIRES AND ALARMS FOR THE YEAR
ENDING JANUARY 31, 1888.

- Feb. 2. Alarm at 4.30 P. M. Frame building in Fay Place, owned by M. Russell; occupied by C. G. Richards. Loss on buildings and contents, \$300. Cause unknown. Insured.
- Feb. 4. Alarm at 1.30 P. M. Frame barn on Boylston Street, owned by Dr. McDonald; occupied by Gilbert. No damage. Cause, sparks from locomotive.
- Feb. 7. Alarm at 1.55 P. M. Frame dwelling, Boylston Street, owned by J. B. Hand; occupied by John Maney. Loss on building, \$50. Cause, defective flue. Insured.
- Feb. 11. Alarm at 4.15 P. M. Frame building, Brookline Avenue, owned by John Sullivan; occupied by several families. No damage. Cause, defective flue. Insured.
- Feb. 15. Alarm at 6.30 P. M. Frame dwelling on Washington Street, owned by T. Nagle, and occupied by T. Finnegan. Cause, explosion of kerosene lamp. No damage. Insured.
- March 4. Alarm at 7.45 P. M. Frame building on Cypress Street, owned by D. W. Russell, and unoccupied. Cause, steam from mortar. Insured.
- March 28. Alarm at 7 P. M. Frame building on Boylston Street; owned and occupied by James Healy. Cause, explosion of lamp. No damage. Insured.
- April 13. Alarm at 11.55 A. M. Brush fire in woods in rear of R. S. Peabody's, Edge Hill Road.
- April 13. Alarm at 9 P. M. Frame barn in White Place, owned and occupied by Mrs. George Stitt. No damage. Cause, sparks from locomotive. Not insured.
- April 25. Alarm at 2.30 P. M. Brush fire in Mrs. Cleveland's woods, on Chestnut Street.
- May 7. Alarm at 12.25 P. M. Brush fire at Whipple's woods.
- May 12. Alarm at 5.50 P. M. Slight fire on railroad bridge, on Aspinwall Avenue. Cause, sparks from locomotive.
- May 14. Alarm at 2.55 P. M. Fire in Whipple's woods.
- May 15. Alarm at 2.10 P. M. Brush fire in Whipple's woods.
- May 20. Alarm at 3.45 P. M. Brush fire on Hammond Street.
- May 25. Alarm at 7.25 P. M. Grass fire near railroad bridge, Sumner Road.
- May 31. Alarm at 6.25 P. M. Frame building on Monmouth Street, owned by town of Brookline, and used as school house. Cause, smoke from furnace. No damage. Not insured.
- June 6. Alarm at 6 A. M. Frame dwelling on Boylston Street, owned by Dr. McDonald, and occupied by George Lorman. Loss on building and contents, \$575. Cause, defective flue. Insured.

- July 28. Alarm at 5.30 P. M. Burning of straw near house of C. A. Macdonald, Washington Street. Alarm needless.
- Oct. 1. Alarm at 2.30 P. M., box 5. Frame building on Juniper Street, owned by N. Dorr, and occupied by Drohan. Cause, fat boiling over. No damage. Insured.
- Oct. 9. Alarm at 2.55 A. M., box 4. Frame building on Pearl Street, owned and occupied by Mrs. Maloney. Loss on building, \$400; on contents, \$500. Caused by sparks from locomotive. Insured.
- Oct. 9. Alarm at 4 A. M., box 4. Re-kindling of Maloney fire. Alarm needless.
- Oct. 13. Alarm at 6.05 P. M., box 21. Frame barn on Boylston Street, owned and occupied by Andrew White. Loss on building and contents, \$400. Cause, lamp explosion. Insured.
- Oct. 16. Alarm at 1 P. M., box 9. Frame barn on Boylston Street, owned by McDonald, and not occupied. No damage. Cause, boys and matches. Insured.
- Nov. 23. Alarm at 2.55 A. M., box 34. For boiling over of kettle of tar on Beacon Street.
- Nov. 29. Alarm at 4.55 P. M., box 4. Frame dwelling on Brookline Avenue, owned and occupied by C. Rohan. Cause, burning out of chimney. No damage. Insured.
- Jan. 3. Alarm at 7.45 P. M., box 8. Frame dwelling on Cypress Street, owned by D. W. Russell, and occupied by Bowles. Damage to contents, \$100. Cause, gas setting fire to evergreen. Insured.
- Jan. 12. Alarm at 6.00 A. M., box 23. Frame dwelling on Boylston Street, owned by Thompson, and occupied by Chas. Houghton. Loss on building and content, \$3,000. Cause, defective flue. Insured.
- Jan. 23. Alarm at 5.10 P. M., box 13. Frame dwelling on High Street, owned and occupied by W. O. White. No damage. Cause, burning out of chimney. Insured.

Number of still-alarms, 17.

REPORT OF THE SUPERINTENDENT OF STREETS.

OFFICE OF THE SUPERINTENDENT OF STREETS,
TOWN HALL, BROOKLINE, Feb. 6, 1888.

To the Honorable Board of Selectmen:—

GENTLEMEN,—I respectfully submit my twelfth annual report of the work done, and the expense incurred, in the Highway Department, for the year ending January 31st, 1888.

The amount appropriated at the annual meeting for the support of highways, including removing snow from sidewalks, was \$30,000. The amount expended was \$29,773.87; the details of this expenditure are as follows:—

Alton Street: picked over and gravelled	\$135 33
Aspinwall Avenue: picked over and gravelled in part, macadamized in part, gutter paved, and bridge rebuilt	831 55
Beacon Street: sundry repairs	50 00
Boylston Street: picked over and gravelled in parts, gutters repaved, culvert and catch-basin rebuilt	1,265 13
Brookline Avenue: repaired and gutter paved	78 55
Chestnut Street: picked over and gravelled	240 29
Cleaning gutters, streets and sidewalks	2,870 11
Cleaning street crossings	315 68
Clyde Street: repaired, widened on land of N. Hamlen, fence built, and drains put in	364 66
Coal, etc: repairs on engines, moving crushers, etc.	302 89
Cottage Street: portion of bank wall rebuilt	23 75
Crossings: labor and materials for new crossings, repaving and widening old crossings	1,367 75
Crushing stone now on hand: collecting and piling stone . . .	922 46
Cypress Street: picked over and gravelled in part, sundry repairs	244 05
Davis Avenue: repairs on street and gutter	58 75
Engineering, etc.	40 50
Fencing: new fences built and old fences repaired	213 99
Fisher Avenue: sundry repairs	21 25
Francis Street: picked over and gravelled	169 00
Goddard Avenue: cash paid Mr. Hartt for fencing	138 95
Grass and weeds cut on sidewalks, etc.	203 80
Gravel: cash paid for gravel and stone	374 80
Grove Street: repaired	88 48

Amount carried forward \$10,321 72

<i>Amount brought forward</i>	\$10,321 72
Hammond Street: repaired, culvert built	77 08
Harrison Place: sundry repairs	50 25
Harvard Street: sundry repairs, new catch-basin, grading after railroad tracks were laid	686 96
Heath Street: picked over and gravelled	1,853 88
Horses and stable: care and maintenance	3,278 90
Cash paid for one new horse and exchange of another	500 00
Ice: picking ice in gutters, etc.	618 02
Ivy Street: gutter paved and edgestones set	41 42
Kent Street: repaired and edgestones set	22 48
Longwood Avenue: sundry repairs, grading sidewalks, and edgestones set	479 65
Loose stones picked off	112 25
Marion Street: repaired and edgestones set	76 37
Marshal Street: gutter paved and street put in order	195 75
Morss Avenue: sundry repairs	23 87
Miscellaneous work not included elsewhere	174 49
Mountfort Street: sidewalk graded, etc.	68 52
Newton Street: sundry repairs	242 63
Pearl and Emerald Streets: sidewalk gravelled, etc.	111 20
Pond Avenue: repaired	23 38
Park Street: picked over and gravelled	385 57
Preparing material in gravel banks not elsewhere included	92 91
Pruning trees, and removing dead trees	243 79
Repairing sundry streets, not elsewhere charged	248 54
Repaving sundry gutters, not included in other streets	175 71
Rolling: cash paid for use of Mr. Whitney's steam roller	342 90
Sewer trenches repaired	118 37
Sign boards, etc.	143 09
Snow: removing snow from sidewalks, etc.	2,429 34
South Street: repaired	49 87
Sullivan Road: cash paid Mr. Wight for fencing	42 60
Summit Avenue: gutters repaired, etc.	26 25
Sundry work in winter: opening gutters, etc.	600 67
Tappan Street: roadway widened, picked over and gravelled, new catch-basin built at Sumner Road, gutter repaved, etc.	651 71
Tools, new tools, etc.: repairs and sharpening, etc.	709 89
Toxteth Street: picked over and gravelled, sidewalk gravelled, edgestones set, etc.	663 88
Walter Avenue: sidewalks gravelled, repairs, etc.	65 13
Walnut Street: picked over and gravelled in part, new catch- basin, gutters repaved, etc.	248 23
Warren Street: picked over and gravelled, and sundry repairs.	683 56
Washington Street: sundry labor repaving gutters, etc., grad- ing and macadamizing after railroad tracks were laid, etc.	779 08
Waverly Street: edgestones set, etc.	572 19
White Place: edgestones set and gutter paved with granite blocks	1,541 77
Total	\$29,773 87

There are now in the stable thirteen work horses, two of which are used in the work of collecting ashes, etc., and almost the whole time of another is used on sewer work, leaving ten to do the work of the highway and other departments. One horse has been bought, and one exchanged during the year.

An arrangement has been made with Mr. Learned of Brighton, by which the town can have a supply of stone for the repairs of the roads, for a few years, from his ledge on Washington Street, just beyond the town line. The large crusher has been set up in the lot and is ready for work. A considerable quantity of stone has been collected from various sources during the past few months, and piled in the stable yard, where the small crusher is located; this will serve for spring repairs in the village end of the town.

It is expected that most of the repairs for the coming year will be made with broken stone; during the past year the building of horse railroads and sewers afforded a large supply of gravel, mostly of good quality, and it was deemed economical to use it; much better results can be obtained from the use of broken stone.

The street railroad tracks have been laid in Boylston and Cypress Streets as far as located; in Washington Street they have been laid as far as Gardner Path. The location extends to the Brighton line. The street is very much in need of repairs, but if the tracks are to be laid, it is better that they should be put in before the street is repaired. In Harvard Street the tracks are laid from the town line to Beacon Street, and the location extends to Harvard Square. Nothing has been done in Brookline Avenue, where a location for tracks was granted. In this connection, I would suggest the advisability of adopting a by-law which shall regulate, if it does not prevent, the use of sand, largely mixed with salt, on the street railroads. Heretofore, it was hardly necessary to consider this matter, but now, with tracks in our principal thoroughfares, some action should be taken.

It is hardly necessary to again call the attention of your board, to the great need of surface drainage for Winchester,

Williams and Harvard Streets; this matter has been referred to your board to report on at the annual meeting, and it is hoped that the necessary drains and catch-basins may be built early in the season, so that these streets may be put in proper order. Harvard Street will have its heavy travel concentrated on a much narrower roadway, and should be macadamized; the sidewalks above Williams Street need grading.

A petition has been received, asking that Fisher Avenue be put in good condition for travel. Probably no street in the town has been dug up so thoroughly, for the purpose of laying water and gas mains and sewers, as this street. The season was well advanced when the city of Boston completed its high-service reservoir, and no provision has been made for the disposal of the large quantity of surface water which flows down this street. It seemed wise, therefore, to wait until sufficient drains and catch-basins could be built, before doing anything on the street. To do the work as it should be done will cost at least \$4,000.

Of the appropriation for Highways, more than \$4,000 was expended in furnishing and setting edgestones, and laying street crossings.

New Streets.

Sumner Road was built by Mr. A. W. Blake, at his own expense, from the railroad bridge to Tappan Street; the portion from the bridge to Boylston Street was put in good condition by this department. Clark road was also put in good order by this department, the cost of both being \$910.85. There is need of catch-basins and drains to take care of the surface water on these roads, particularly at the junction of Clark Road with Boylston Street, and with Sumner Road.

Marshal Street was put in good condition and gutters paved, the cost, \$195.75, being charged to Highways.

Harrison Place was built by contract, from Harvard Square to Brook Street; edgestones were set on both sides of the old place, and plank walks and fences were built.

Both ends of the other portion of the street were graded by this department, and the filling on the marsh is being done under a contract. The town teams are also employed in filling the street, when they can be spared from other work. The sum of \$1,517.98 has been expended in this portion of the work.

Boylston Place has been partly constructed, \$102.26 having been expended.

Street Crossings.

The usual amount of work in repaving and keeping in order existing crossings was done, and new crossings of North River stone and small granite blocks were laid at the following places :

Washington Street at the Post Office,
Washington Street at Pond Avenue,
Washington Street at Cypress Street,
Cypress Street at Waverly Street,
Cypress Street at Gorham Avenue,
Waverly Street at Cypress Street,
Harvard Street at Harrison Place,
Harrison Place at Harvard Street,
Aspinwall Avenue at Perry Street,
Longwood Avenue at Kent Street,
Winchester Street at Williams Street,
Gorham Avenue at Davis Avenue.

Crosswalks of granite blocks were laid across —

Brookline Avenue at Aspinwall Avenue,
Sewall Street at Chestnut Street,
Sewall Street at Sewall Place.

Watering Streets.

Contracts were made in April last, with the same parties for sprinkling the same routes at the same rates as last year. In May the routes were re-arranged, and an additional team, owned by Matthew Ryan & Son, was employed. The appropriation was \$10,000 and \$10,068.20 was expended. Portions of Beacon Street will probably be opened to travel before summer is over, and arrangements must be made to have such portions sprinkled.

Sidewalks.

The amount appropriated for sidewalks was \$8,800. At the meeting held July 26th, 1887, a special appropriation of \$1,500 for a brick sidewalk and edgestones on the westerly side of Toxteth Street was made. The amount expended was \$9,078.81, and the details are as follows :

Edgestones were set on —

Longwood Avenue	485.6 feet.
Prescott Street	32 "
Toxteth Street, (west side)	704.4 "
Marion Street	791 "
Gorham and Davis Avenues	290 "
Cypress and Walnut Streets	21.6 "
Sumner Road and Tappan Street	49 "
Brookline Avenue	373 "
Waverly Street	761.4 "
Kent Street and Sewall Avenue	13.3 "
Ivy Street	14.4 "
Toxteth Street, (east side)	628.5 "
Harrison Place	1,505 "
White Place	1,275 "
Harvard Street and Longwood Avenue	36 "
Total	6,980.2 "

In addition to the above, which were all new edgestones with the exception of about 300 feet taken from the discontinued portion of Pleasant Street, and reset on Marion Street in front of the school house lot and estate of B. H. Greene, edgestones were reset in many places. The brick sidewalk in front of Joyce's building in Harvard Square was repaved, and a new brick walk was laid on the westerly side of Toxteth Street.

New concrete walks were laid on —

Prescott Street	214 sq. yds.
Mountfort Street	194 " "
Toxteth Street, (east side)	438 " "
Marion Street	421 " "
Waverly Street	244 " "
Walter Avenue	636 " "
Brookline Avenue	722 " "
Total	2,869 " "

Considerable patching and repairing was done on the concrete walks, and the following pieces were skim-coated :

Harvard Street	148 sq. yds.
Marion Street	182 " "
Cypress Street	534 " "
Walnut Street	400 " "
Total	1,264 " "

New plank walks were laid on —

Marshal Street,	24 inches wide	333 feet.
Mountfort Street,	24 " "	891 " "
Vernon Street,	40 " "	656 " "
Williams Street,	40 " "	683 " "
Toxteth Street,	40 " "	609 " "
Aspinwall Avenue,	40 " "	1,279 " "
Winchester Street,	40 " "	1,012 " "
" " "	20 " "	1,395 " "
Marion Street,	32 " "	261 " "
Boylston Street, from Hammond Street to town line,	20 " "	1,077 " "
Gorham Avenue,	40 " "	281 " "
Thayer Street and Place,	40 " "	375 " "
Waverly Street,	40 " "	406 " "
Tappan Street,	40 " "	1,790 " "
Walnut Street near Elm Place,	40 " "	375 " "
Walnut Street near Res- ervoir,	40 " "	896 " "
High Street,	24 " "	314 " "
Boylston Street, from Cypress towards vil- lage,	40 " "	2,015 " "
Warren Street,	40 " "	992 " "
Cypress Street,	40 " "	1,065 " "
Harrison Place,	40 " "	1,286 " "
Brookline Avenue,	40 " "	235 " "
Total		18,226 " "

In addition to the walks on Beacon Street on the south side, which are included in the contract with Mr. Whitney, the following were built on the north side : —

From Pleasant Street to Summit Avenue, 40 inches wide . .	1,322 feet.
" St. Mary's Street to Carlton Street, 40 " " . .	671 " "
Total	1,993 " "

The expenditure for sidewalks was as follows :—

Repairing plank walks	\$391 18
New plank walks	3,462 98
Edgestones, resetting, etc.	1,770 76
New concrete walks	2,125 69
Repairing concrete walks	594 58
Brick walks	603 92
Sundries	129 70
Total	\$9,078 81

Care of Sewers.

In addition to the usual work of cleaning the catch-basins and brook channels, the channel of Muddy river, from the northerly line of Aspinwall Avenue through the Brookline Avenue playground, and between Brookline Avenue and Downer Street, to and through the culvert under Washington Street, was thoroughly cleaned. The city of Boston, through its Board of Health, agreed to pay one-half the cost of cleaning that part of the channel which is the boundary between the city and town; and the street department agreed to pay one half the cost of cleaning the culvert. The main sewer, Brook Street and School Street brook sewers, the old village sewers, and the brook along the railroad, were all thoroughly cleaned; the lateral sewers, when necessary, were cleaned and flushed, and are in good condition. The overflow from the main sewer into the Davis marsh was closed, and the surface water carried through a culvert under the main sewer and the railroad, into the channel of Muddy river. There is no longer any cause for complaint of the defilement of any brook from the main sewer. The cost of making this improvement was charged to contingencies.

The appropriation for care of sewers was \$3,000; bills were rendered to the city of Boston amounting to \$210.81; the amount expended was as follows :—

Catch-basins cleaned, etc.	\$1,524 20
Lateral sewers	191 41
Brook Street and Park Street brook sewer	78 56
Old village sewer	354 69
Main sewer	180 56
Railroad brook	271 78
Muddy river	478 55
Culverts and sundries	121 56
Total	\$3,201 31

Collecting Ashes.

The cost of collecting the ashes and dry dirt throughout the town was \$2,430.64. A second cart and harness have been bought, and it is intended to change the method of collecting ashes this spring, so that they will be taken from certain districts on each day, instead of on Fridays and Saturdays as heretofore. It will not be surprising if the cost of this work increases largely in the near future, as the low places into which the ashes have been dumped are being rapidly improved, and it will be necessary to cart the ashes a much greater distance.

Public Grounds and Sundries.

The usual work of caring for the public grounds and school house lots was done at a cost of \$607.30. Of this amount \$334.11 was expended on the Boylston school lot, which was graded with material from the cellar of the new school on the opposite side of the street; eighty-three trees, maple, spruce and poplar, were planted, and all excepting two spruce trees are doing well. This lot is now in good condition, and needs only a fence on the westerly side to complete the work. I would suggest that the grounds in front of the Pierce Grammar school, where grass formerly grew, be concreted.

The grading around the new school on Brookline Avenue was done at a cost of \$1,277.96, which was charged to the appropriation for the building; some work, such as fencing, seeding, etc., remains to be done in the spring.

Loam and filling, to the amount of \$263.19, was carted from the new school lot on Boylston Street to the Brookline Avenue playground, and the cost was charged to the appropriation for improving that lot.

The sum of \$96.50 was expended in grading at the new school on Boylston Street, and charged to the building appropriation.

The sum of \$134.70 was expended in grading at the new school on Marion Street, when the work was suspended on account of the frost.

The grounds around the chemical engine house at Longwood were graded, and the entrances concreted, at a cost of \$445.07.

The sewers were all built by contract, under the supervision of Mr. A. H. French, and the surplus material was removed by this department. In doing this work and filling Pond Avenue, the sum of \$2,006.52 was expended.

Sundry other work, amounting in the aggregate to \$628.18, was done, and the cost was charged to the proper accounts.

The customary schedule of property belonging to the department is on file in this office.

Respectfully submitted,

MICHAEL DRISCOLL,

Superintendent of Streets.

REPORT ON THE VITAL STATISTICS.

To the Selectmen of the Town of Brookline :

GENTLEMEN, — The undersigned herewith submits the report of the vital statistics of the town of Brookline for the year ending December 31, 1887.

Marriages by Months.

MONTHS.	Whole Number.	First.	Second.	Third.
January	4	7	1	
February	11	20	1	1
March	3	6		
April	9	18		
May	8	14	2	
June	15	27	3	
July	6	10	2

B. F. BAKER, *Town Clerk.*

REPORT ON SUITS TO WHICH THE TOWN IS A PARTY.

BROOKLINE, February 21, 1888.

FRANCIS W. LAWRENCE, ESQ.,

Chairman Selectmen of Brookline: —

DEAR SIR, — We report as follows concerning the suits in which we have been of counsel for the town, viz: —

First.

Mary B. Pierce vs. Town of Brookline.

Arthur Rotch vs. Town of Brookline.

There has been some negotiation looking toward a settlement of these cases, but nothing definite has as yet been agreed upon.

Second.

Emeline Trowbridge vs. Town of Brookline.

This case, for draining two wells upon the plaintiff's land, caused by the construction of the Cypress Street sewer, in which the jury returned a verdict in favor of the plaintiff for fifty dollars, was, at the date of our last report, pending for decision in the Supreme Judicial Court upon our exceptions. The case has since been decided in favor of the plaintiff, and the sum of fifty dollars and costs of suit has been paid to her.

Third.

Ellen E. Sullivan vs. Town of Brookline.

In this case, which is fully explained in our last report, after verdict for the defendant, the plaintiff alleged exceptions, but concluded not to take them to the Supreme Court, and this case has therefore been terminated by the entry of judgment for the defendant.

Fourth.

James Lacey, by his next friend, vs. Town of Brookline.

This was an action of tort brought to recover damages set at two thousand dollars, for injuries alleged to have been sustained by the plaintiff, through a defect or want of repair on Juniper Street, in Brookline. The case came up for trial last December term of the Superior Court at Dedham, and finding that it could be settled for one hundred and forty-five dollars, we advised this disposition of it, and the case was accordingly settled by the payment of this sum. The injury complained of consisted of a dislocation of the elbow joint.

Fifth.

Charles J. Adams vs. Town of Brookline.

This is an action of tort, in which the plaintiff seeks to recover damages for injuries to his horse and carriage, occasioned, as he claims, by his horse taking fright on being driven by the sewer excavator, which was being used last summer in the construction of a sewer in Longwood Avenue. The case will probably come up for trial at the April term of the Superior Court at Dedham.

Sixth.

The following persons, being dissatisfied with the awards made them by the Selectmen, in the alteration and widening of Beacon Street, have filed petitions in the Superior Court at Dedham for juries to assess their damages, viz:—

AUSTIN W. BENTON,
ALMIRA F. HARRINGTON,
SAMUEL HUTCHINSON,
JAMES P STEARNS,
JOHN M. CLARK,

SUSAN H. HOWARD,
GEORGE W. ARMSTRONG,
CAROLINE A. BENTON, and others,
ELIZA T. RAYMOND, and others,
WILLIAM C. WHITTLE.

Seventh.

Nicholas Watson vs. Alfred D. Chandler et al.

This was an action of tort brought against the Selectmen, in which the plaintiff claimed damages for the raising of the grade of Fay Place. The real question at issue was the amount of damages the plaintiff was entitled to receive. The plaintiff claimed \$2,000, but the case was finally settled for \$700.

Eighth.

William Bigham vs. Alfred D. Chandler et al.

This is an action of tort brought against a former Board of Selectmen for injuries alleged to have been caused to the plaintiff's house during the raising of White Place. The case will probably come up for trial at the April term of the Superior Court at Dedham.

Ninth.

Patrick Kelley vs. Francis W. Lawrence et al.

Joanna Conway vs. Same.

These are two actions brought against two of the members of the Board of Health of 1883, and a contractor employed by the board, for injuries alleged to have been done to the plaintiffs' premises by altering the drains thereon. The Board of Health having adjudged that the plaintiffs' drains were a nuisance, ordered the plaintiffs to remove the nuisance, and on the plaintiffs neglecting to obey the order, the board proceeded to have the necessary work done. The plaintiffs now claim that the board exceeded its authority, and that the work was not properly done, and that they were damaged by the acts of the defendants.

Very respectfully,

M. & C. A. WILLIAMS.

REPORT OF THE INSPECTOR OF MILK.

OFFICE OF INSPECTOR OF MILK,
BROOKLINE, Jan. 31, 1888.

To the Board of Health: —

GENTLEMEN, — The following-named persons have been licensed to sell milk in the town of Brookline the past year, — thirty-five from wagons, and twenty-two from stores, — fifty-eight in all: —

FROM WAGONS.

Thomas H. Dyer & Co.,	"	James Spires,	"
Nelson Bros.,	"	C. A. McDonald,	"

One hundred and forty-one samples of milk (pints) have been bought from licensed dealers, and thoroughly tested by Prof. Griener's lactodensimeter, and Prof. Feser's improved lactoscope, besides many samples brought to this office by consumers for purpose of test. There has been a decided improvement in the quality of milk sold in the town the past year, more especially that sold from stores and shops.

In the report of the inspector for the State Board of Health, for thirty cities and towns in Eastern Massachusetts, the standard for Brookline is considerably above the standard fixed by the statutes, and nearly forty per cent above the average.

No applications have been made for licenses for the sale of oleomargarine, or imitation butter, the past year. A good deal of interest has been manifested in the inspection of milk, and of the quality furnished by dealers. No prosecutions have been made the past year.

Respectfully submitted.

ALONZO BOWMAN,
Inspector of Milk.

THE WATER BOARD.

WATER BOARD.

ORGANIZATION, 1887-8.

FRANCIS HUNNEWELL Term expires 1888.
WILLIAM K. MELCHER Term expires 1889.
GEORGE H. JOHNSON Term expires 1890.

WILLIAM K. MELCHER, *Chairman.*
FRANCIS HUNNEWELL, *Clerk and Registrar.*
FAYETTE F. FORBES, *Superintendent of Works.*
RICHARD J. FLINN, *Engineer, Low Service.*
WILLIAM B. WEBBER, *Engineer, High Service.*

REPORT OF THE WATER BOARD.

The Water Board herewith present their report for the fiscal year ending January 31, 1888, it being the twelfth annual report of this department.

At the annual town meeting, held March 30, 1887, George H. Johnson was elected a member of the board for three years.

The board organized by the choice of William K. Melcher as chairman, and F. Hunnewell as clerk and registrar. The superintendent, and engineers at the two pumping stations, remain the same as last year.

With the work called for by the widening of Beacon Street, in connection with the extensions in various parts of the town, the past may be regarded one of the busiest years experienced by this department since the works were established.

Beacon Street.

A large portion of the pipe for Beacon Street has been laid. All the pipe, hydrants, and special castings necessary to complete the work are on hand, in readiness for the spring's opening, and will be pushed forward as rapidly as other work in progress upon the avenue will permit. Of course, until this work is completed, no detailed report can be given of it, and it must therefore be made the subject of a later communication to the town.

Street Mains — Extension.

As will be seen by the detailed report of the Superintendent, hereto annexed, there has been laid during the past season, independent of the work done on Beacon Street,

951 feet of 10-inch pipe, 820 feet of 8-inch pipe, 4,095 feet of 6-inch, and 1,178 feet of 2-inch. There have been added during the year 112 service-pipes, making the present total 1,505.

It has been the policy of this board for several years past to lay no street-mains smaller than a 6-inch, where there has been any probability of the want of hydrant service in the near future.

In every case where extensions of street-mains have been made, the revenue realized from the water-takers on the line, or owners of the land, has been not less than five per cent upon the actual cost.

Filtering Galleries and Future Supply.

The past annual reports of this department have borne ample testimony to the wisdom of the original promoters of our water works, in their selection of the source of supply, both as regards the average daily quantity to be relied upon, and the character of the water. Experience has demonstrated that no mistakes were made in these particulars, and the town, these twelve years, has reaped an ample compensation in its rapid and substantial growth. But the consumption of water in proportion has far outstripped the growth of the town in population, although the consulting engineer, in his report to the town upon the construction of the works in 1873, states that "my specifications and estimates are for works calculated to meet the wants of the town until 1888, when the population will have reached, probably, 10,000."

In the original calculations, the yield of the galleries was estimated at 750,000 gallons, average, per diem for the summer months. This was and still is the critical part of the year for our water supply,—a season when the supply is the lowest and the consumption the greatest. This certainly appeared an ample supply, and to spare. No calculations were made, or thought necessary, for drawing directly from the river, and no possible emergency seemed imminent, calling for such a provision. In fact the right to take, under our charter, 1,500,000 gallons in twenty-four hours, seemed so

bountiful that a proposition was entertained in 1875 for supplying the Brighton district with water from our surplus.

But when, later on, it was shown that the town on its highways, public buildings, and sewer construction, required and was consuming at least fifty per cent of the possible summer yield of the galleries, one of two courses was imperative; namely, either shut off the use, or draw a partial supply indirectly from the river. The latter plan was adopted, although somewhat detrimental to the quality of the water.

The following summers a still larger draught was made upon the canal at periods when the filtering galleries would not furnish a supply sufficient to keep the pumps at a full stroke, and the reservoir up to the maximum line.

During the summers of 1884 and 1885, when the consumption reached for many days more than a million gallons for the twenty-four hours, the Water Board, cognizant of the fact that our consumption was fast reaching the limit of supply authorized on our charter, and that the water-takers were increasing at the rate of about twelve per cent annually, asked for an appropriation for the purpose of investigations, with the view of extending the galleries. These investigations have been continued to the present time, and led the Water Board at the town meeting held the 26th day of July, 1887, to ask for the appointment of a Special Committee, who should investigate this whole matter of additional water supply, and render such a report as would enable the citizens to act intelligently.

If the recommendations of the Water Board are found to be well founded, the citizens, of course, will take the necessary steps for carrying them into execution. If, on the other hand, it should be found that the time has not yet come for the extension of the galleries, but that other means can be resorted to, to protect and warrant an ample supply, in such an event this board has the satisfaction of having given to the town their honest convictions and placed the responsibility, both as to knowledge of facts, and the execution of the work, upon the shoulders of the citizens, where it properly belongs.

Buildings and Machinery.

All the buildings and machinery at both high and low service pumping stations are in good condition, and with the exception of the repairs suggested by the Engineer at the low-service station, to the larger Worthington pump, no other changes are necessary at the present time.

The town needing more room in the stable yards, it became necessary that another location should be obtained for storing the surplus pipe, an unusual quantity being on hand belonging to the Beacon Street contract. On consultation with the Selectmen it was decided to use the lot on Tappan Street near the common, and to erect a storehouse for the more valuable castings, such as hydrants, gates, etc., and for the various appurtenances used in the prosecution of the work of the department. A policy of insurance has been taken out, covering the cost of the building and the value of the contents.

Meters.

There are now in use 156 meters, a portion of which have been set in pursuance of the ordinance giving the Water Board authority to place meters where it is impossible to get at the consumption of water in any other way. These meters are, of course, the property of the town, the others being ordered and paid for by the taker.

As this question of meter-service is so intimately related to that of the water waste, and as they are both in the hands of a Special Committee for investigation, no lengthy report will be given here under this head; but the board are now, as they have been for some time past, of the firm conviction that the town should adopt a general meter system, for obvious reasons; and no scheme of extending the works or increasing the supply can make this demand any the less imperative. And it is equally certain that no meter system or inspection can more than partially overcome our great (what we style) waste, or obviate the pressing necessity of now considering the extension of the supply.

The Character of our Water Supply.

Early in the season complaints began to come in of the very bad taste and smell of the water. The most emphatic came from takers on the high service. The cause of the trouble was known to the Water Board, they having traced it directly to the peculiar vegetable growth found in the reservoirs.

The high-service tank was thoroughly cleaned out, but within a week the water was as bad as before. Analyses of the water shew that the supply in the filtering galleries was as sweet and pure as ever, and as good as any spring water. The problem was to give it to the takers in as equally good condition. Authority was found for excluding light from the tank, which was covered over as an experiment, and has proved an entire success.

The difficulty with the Fisher Hill reservoir remains, and up to the time of the cold weather, complaints of the water were general. This matter will be considered very fully by the Special Committee having in hand the question of the extension of the works.

Revenue.

Revenue collected the past year, as appears by the books of the Treasurer : —

From private consumers \$23,255 75

Charged town of Brookline for various departments : —

Fire department, 212 hydrants	\$5,300 00	
Street department (watering, etc.)	4,400 00	
Highway department (sewers, etc.)	300 00	
School houses	325 50	
Fire department, for house use	69 00	
Town Hall	79 00	
Police department	42 00

Repairs on reservoirs	94 97	
Repairs on filtering galleries and canal	105 82	
Unexpended balance	148 42	
	<hr/>	\$13,332 57

Appropriations to be Asked for.

The appropriations required for the extension and maintenance of the works the coming year are as follows : —

For Maintenance, Main Works, or Low Service	\$11,000 00
“ “ High Service	2,000 00

It will be noticed these are the same amounts appropriated for the respective services last year. It is thought they are sufficiently large for the present year, although, of course, as the works are extended, it is clear a larger amount is needed to maintain them. On the other hand, no more money has been or will be expended than is absolutely required, and all unexpended balances lapse into the treasury.

For Extension—Low Service.

The petitions on file in the Water Board office for the extension of street mains, are as follows, viz : —

1st. From the Boston & Albany Railroad Co., for a main to supply the new station near Chestnut Hill Avenue. The estimate is for a 6-inch pipe from the end of the present main on said avenue, a distance of 560 feet, with hydrants, etc., as usual, at a cost of \$694.79, the company agreeing to pay at least 5 per cent on the cost for five years.

2d. From owners of estates on the new street, constructed from Harvard to Vernon Streets, the estimate being for a 6-inch pipe, a distance of 570 feet, at a cost, including hydrants, gates, etc., of \$681. The house in process of erection will, when occupied, more than pay the five per cent income required.

3d. From Theodore A. Dodge, Esq., for a main on South Street to a new building, to be constructed the coming summer for his own occupancy. The estimated cost of this work is for 366 feet of 8-inch pipe, 1,413 feet of 6-inch pipe, and 145 cubic yards of ledge, amounting to \$2,675.34. Mr. Dodge, in his application, signifies his willingness to comply with the usual requirements of the town in the guaranty of five per cent for five years on the actual cost. But

for the reason that the outlay is large, and the probable chances of any additional water-takers on the line for many years to come, being very doubtful, the Water Board feel they can but lay the facts before the town without any specific recommendation, other than the obvious one of aiding to build up an almost isolated district, and leave the matter there for your further consideration.

With the above, there will be required :—

For Pipe and meters, likely to be called, also labor account .	\$2,000 00
“ Service-pipe, lead, etc.	2,000 00
“ Pipe, etc., for Boston & Albany Railroad Co.	694 00
“ Pipe, etc., for Harris Street, so called	681 00

High-Service Extension.

At the special town meeting held Tuesday, Nov. 22, 1887, the question of extending the high-service main through the Holyhood district being under consideration, and also the question of purchasing a stock of pipe, hydrants and special castings for future use, the sum of \$10,000 was appropriated for this purpose. A very favorable contract has been made for the pipe, with R. D. Wood & Co., of Philadelphia, viz : \$31.90 per ton of 2,240 pounds, for straight pipe, and \$59 per ton for specials, deliverable in Brookline in May. The Water Board do not regard the town, by the above appropriation, absolutely committed to the Holyhood extension, although \$5000 of it was in excess of the amount asked for. If, therefore, it is the pleasure of the town to make this extension, authority will be given to use this pipe as far as needed, and further appropriate \$6,258.74 for labor, etc., in accordance with the estimates submitted to the above-mentioned town meeting.

WM. K. MELCHER,

F. HUNNEWELL,

GEO. H. JOHNSON,

Brookline Water Board.

SUPERINTENDENT'S REPORT.

BROOKLINE, Jan. 31, 1888.

To the Brookline Water Board:—

GENTLEMEN,—I have the honor to present herewith the annual report of the Superintendent, for the year ending Jan. 31, 1888.

Extension of Street-Mains.

The extension of street-mains has been as follows :

(1.) Extensions to Low Service:

Harrison Place, from Harvard Street	763.0	feet	10-inch	pipe.
Sumner Road, from pipe as before laid, over bridge of Boston and Albany Railroad	188.0	"	10	" "
Center Street, from Beacon Street	320.5	"	8	" "
Center Street, from Williams Street northerly	295.2	"	8	" "
Clinton Road, from Sumner Road	204.7	"	8	" "
Williams Street, from end of pipe as before laid, to Winchester Street	196.5	"	6	" "
Waverly Street, from Cypress Street to Thayer Street	667.0	"	6	" "
Thayer Street, from end of pipe as before laid, to Davis Avenue	483.0	"	6	" "
Station Street, from end of pipe as before laid	111.5	"	6	" "
Clark Road, from end of pipe as before laid, to Sumner Road	760.0	"	6	" "
Sumner Road, from ten-inch pipe to Tappan Street	620.0	"	6	" "
Harris Street, from Harvard Street	226.8	"	6	" "
Cameron Street, from Boylston Street	158.5	"	6	" "
Boylston Place, from Boylston Street	142.0	"	6	" "
Sewall Place	50.7	"	2	" "
Fairmount Avenue, from Dudley Street	914.0	"	2	" "
Cameron Street, from end of six-inch as above	43.6	"	2	" "

(2.) Extensions to High Service:

Cross Roads, from end of pipe as before laid	223.4	"	6	" "
Rockwood Street, from Goddard Avenue to pri- vate way off Rockwood Street	496.0	"	6	" "
Private way off Cross Roads	169.8	"	2	" "

The two-inch pipe in Harrison Place for a distance of 300 feet, and all the two-inch pipe in Waverly Street, 325 feet, has been discontinued, a larger main in each case having been laid as shown above.

Service-Pipe.

The number of service-pipes laid the past year was 113. Five have been taken out, making total number to date 1,501.

Hydrants.

A larger part of the hydrants which have been in continual use since the works were built, have needed none or trifling repairs till the past season, when many of the rubber valves have given out; this has caused quite an expense, and the coming season a larger outlay will probably be needed here.

A careful inspection has been maintained and no hydrant has failed to do its work when called into service.

Leaks.

Leaks the past season have been as follows:—

In street-mains	3 leaks.
“ force-mains	0 “
“ service-pipe	4 “

Reservoir, High-Service Tank, Filtering Galleries, and Consumption of Water.

The reservoir was thoroughly cleaned in November last, and by so doing it was necessary to waste about 4,000,000 gallons of water; not very much sediment was found on the bottom, and none on the sides. This sediment was evidently the result of the decomposition of the algæ growths which develop quickly in the water. Three weeks after the water was again let in, these growths were nearly if not quite as abundant as before the reservoir was drawn off. Many careful microscopic examinations of the water detected their first appearance, and their subsequent rapid development, or rather, increase in number of individuals. In warm weather, under like conditions, these growths appear in about ten days, instead of three weeks.

The high-service tank has been painted on the inside, and roofed over to keep all light from the water.

The filtering galleries, with the help of the canal spoken of in former reports, have furnished all the water used by the town the past year.

As the whole subject of our consumption, leakage, etc., will be so fully treated by a Special Committee, it would not seem necessary to say anything about it in this report.

Beacon Street.

The work on Beacon Street has been carried on as rapidly as the street was ready for the pipe. No account in extension of street-mains, list of hydrants, etc., has been taken of the work done here to date. It would seem better to wait till the work is finished, as a much more comprehensive statement can then be made.

I subjoin the following tables, the record of consumption, etc., all of which is respectfully submitted.

F. F. FORBES,
Superintendent.

List of Stop-Gates Set in 1887.

One 10-inch gate Harrison Place, corner Harvard Street.
Two 10-inch gates Sumner Road, by railroad bridge,
One 8-inch gate Clinton Road, corner Sumner Road.
One 8-inch gate Center Street, corner Williams Street.
One 6-inch gate Cameron Street, corner Boylston Street.
One 6-inch gate Boylston Place, corner Boylston Street.
One 6-inch gate Williams Street, corner Winchester Street.
One 6-inch gate Francis Street, corner St. Paul Street.
One 6-inch gate Thayer Street, corner Davis Avenue.
One 6-inch gate Waverly Street, corner Thayer Street.
One 6-inch gate Waverly Street, corner Cypress Street.
One 6-inch gate Clark Road, corner Sumner Road.
One 6-inch gate Sumner Road, corner Tappan Street.
One 6-inch gate Harris Street, corner Harvard Street.
One 6-inch gate Rockwood Street, corner Goddard Avenue.
One 2-inch gate Fairmount Avenue, corner Dudley Street.
One 2-inch gate Rockwood Street, corner Private way.
One 2-inch gate Cameron Street, end of six-inch pipe.
One 2-inch gate Private way off Cross Roads.

Water-Cart Feeders.

Number set as per last report, 45. The following have since been set in 1887 :—

One Boylston Street, near Duffy's shop.
 One Babcock Street, near Reardon's.
 One Babcock Street, near Freeman Street.
 One Dudley Street, near house by Taylor.
 One High Street, near Chestnut Street.
 One Ivy Street, near St. Mary's Street.
 One Monmouth Street, near St. Mary's Street.
 One Sewall Avenue, near Kent Street.
 One St. Paul Street, near Brown Street.
 One Sumner Road, near Clark Road.
 One Thayer Street, near Waverly Street.

Three water-cart hydrants on Beacon Street have been taken away.

Total number to date, 53.

Drinking Fountains Now Set.

One in Harvard Square.
 One on Boylston Street, near Duffy's shop.
 One on Boylston Street, corner Chestnut Hill Avenue.
 One on Playground, Cypress Street.
 One corner Aspinwall Avenue and St. Paul Street.
 One small drinking fountain, Harvard Square.
 One small drinking fountain Boylston Street, corner Washington Street.
 One small drinking fountain Brookline Avenue, corner Washington Street.

The last three were set the past year.

List of Hydrants.

Number set as per last report, connected with Low Service	168
“ “ “ “ “ “ High Service	36
Total	204

The following have since been set in 1887 :—

(1) Connected with Low Service,—

One Thayer Street, opposite Waverly Street.
 One Waverly Street, near line between land of Emerson and James.
 One Clark Road, near house by Farnsworth.
 One Clark Road, about 300 feet from Sumner Road.
 One Harrison Place, near house by McKenna.
 One Cameron Street, near Boylston Street.

(2) Connected with High Service,—

One Cross Roads, near house by Cobb.
 One Rockwood Street, near Boston Line.

Total number of hydrants now supplied by Low Service	174
“ “ “ “ “ High Service	38
Total to date	212

Total supplied by both Low and High Services, $38\frac{22,819}{5280}$ miles,

LOW-SERVICE ENGINEER'S REPORT.

PUMPING-STATION, BROOKLINE WATER-WORKS,
WEST ROXBURY, Feb. 3, 1888.

To the Brookline Water Board:—

GENTLEMEN,—I have the honor to present the report of the Engineer for the year ending January 31, 1888.

There has been a marked increase in the time, 1,113 hours, during which the engines were in operation, and should the water-supply not be increased we will soon have to pump night and day for the greater part of the year. The increase in the quantity of water pumped over last year is 24,017,423 gallons.

Pumping-Engines.

In my last annual report I mentioned that I had thoroughly overhauled the steam-cylinders and air-pumps of the engines, and that I was about to overhaul the water-cylinders. An examination of the pumps showed that it was not expedient to make repairs on them at that time. One of the plunger-rings of Engine No. 1 was considerably worn, but not enough to warrant its renewal. It will be necessary to put in a new composition lining this year, also to put new water-valves in Engine No. 2. New plungers and rings will also be required in the boiler feed-pump, and drip-pans under the pump-rods of both engines. The cost of these repairs will be about \$200.00.

Boilers.

The boilers are in first-class condition, and have needed no repairs except to put a cock in the blow-off pipe of boiler No. 2. Some slight repairs are needed on the fire-brick lining over the furnace doors.

The foundation of the boiler-setting shows no sign of settling since it was repaired.

The following table shows the amount of water pumped, coal consumed, etc.

Respectfully submitted.

RICHARD J. FLINN, *Engineer.*

LOW-SERVICE PUMPING STATION.

HIGH-SERVICE ENGINEER'S REPORT.

HIGH-SERVICE PUMPING-STATION
BROOKLINE, Feb. 1, 1888.

To the Brookline Water Board:—

GENTLEMEN, — I have the honor to present herewith the report of the Engineer of the High-Service Pumping-Station, for the year ending January 31, 1888.

Some very much needed improvements have been made at this station the past year. A shed was built in July for wood storage and other purposes. In September new packing for water-end of engines, consisting of grooved metallic rings, were put in, doing away entirely with the old soft packing, and thus far it has given entire satisfaction.

The engines were in continual operation from the 2d until the 11th of August, while the tank was cleaned, painted and covered, pumping during this time directly into the main; but it was found impossible to run the engines slow enough to supply only the ordinary consumption, and a valve to low-service mains was opened, and about fifty per cent of water so pumped was returned back to low service.

The engines were run nights instead of days during a part of the months of October and November, on account of the water in low-service reservoir being bad.

The boiler and engines are in as good if not better condition than one year ago.

The consumption of water shows an increase of nearly 38 per cent over last year.

The following table will show the record at this station.

Respectfully submitted.

WILLIAM B. WEBBER, *Engineer.*

THIRTY-FIRST ANNUAL REPORT

OF THE

TRUSTEES OF THE PUBLIC LIBRARY.

The thirty-first annual report of the Trustees, the report of the Treasurer of the Board, and the report of the Librarian, are herewith submitted.

The Treasurer's account of the investments of the Gardner Fund and of the Hall Fund, shows them to be in an entirely satisfactory condition, and that the income has been duly paid in. The money thus received has been, as usual, devoted to the purchase of the more costly and valuable works, which will be found enumerated in the Librarian's report.

As heretofore, it has been necessary to replace many books, worn out by hard service, but the wear caused by legitimate use is never regretted by the Trustees, as it indicates that the library is doing its duty; yet it is fair to say that in too many cases soiling and mutilating the leaves and covers of the books, especially among the juvenile literature and works of fiction, is the result of culpable carelessness. As a whole the books are in as good condition as can reasonably be looked for in a free library.

The number of volumes added during the year by gift and purchase is 1,068, making the total contents of the library 32,700 volumes, besides a large number of pamphlets and other unbound works.

The average daily circulation has been 139 for home use, and 171 for library and home use together, the total circulation having been 52,025 volumes for the entire year.

The old and dangerously splintered hard-pine floor in the gallery of the book-hall has been overlaid by a new and substantial flooring of oak, which proves to be a most satisfactory piece of work.

It is nineteen years since the library was moved from the old Town Hall into the present building. Then there were eleven thousand volumes; now there are very nearly thirty-three thousand volumes.

The alcoves are full and many of them overflowing, and the Trustees believe the time has come when an enlargement of the building should be made.

A preliminary sketch for an addition to the north wing has been obtained, which will nearly double the capacity of the book-hall, and provide for the growth of the library for many years.

The Trustees, after mature consideration, but without committing themselves to any definite plan, have decided to ask the town for an appropriation in order that some suitable addition may be carried out during the coming season.

In the opinion of the Trustees, the proposed alterations and additions can be made at a cost not exceeding \$15,000 including all necessary fixtures and heating apparatus.

Friends of the late Lieutenant-Colonel Wilder Dwight of the Second Massachusetts Regiment, who was fatally wounded at Antietam, have presented to the library a life-like portrait of that gallant young officer, painted by Eastman Johnson. This now hangs upon the south wall of Gardner Hall.

During the year the Trustees have been forced, most unwillingly, to accept the resignation of the honored Treasurer of the Board, whose delicate health called for change of climate and rest. The long administration of this important office by Mr. Head has been characterized by watchful care and marked success. The Trustees are pleased to express thus publicly their appreciation of his faithful guardianship.

BROOKLINE, February 7, 1888.

This certifies that I have examined the foregoing account with vouchers, find the same correctly cast and the balance on hand to be the sum of one thousand seventy-six dollars and eight cents (\$1,076.08).

T. E. FRANCIS, *Auditor.*

* \$300.00 of this apparent balance has since been paid out for books, and the remainder will be required for current expenses for February and March.

REPORT OF THE LIBRARIAN.

BROOKLINE, February 1, 1888.

To the Trustees of the Brookline Public Library: —

GENTLEMEN,—My sixteenth report, containing an account of the thirty-first year of the Brookline Library, is herewith respectfully laid before your board. In so doing it becomes my pleasant duty to record, first of all, a successful year in its truest sense, one in which the helpful capacity of the library has been laid under daily contribution, with mutual benefit to itself and to those whom it serves.

The reference work of the year has been unprecedented in our history, frequently engaging the librarian as well as assistants in pursuit of the more difficult subjects of inquiry, thus developing an enthusiasm for the work among ourselves and awakening a hearty appreciation of the worth of the library among the many who seek its aid.

To those of us who have known the valuable contents of the library, and who have long lamented the comparative disuse of its better grades of books, this increased and increasing demand for them affords great satisfaction and hopefulness.

Condition.

The library now contains 32,700 volumes, and their general condition leaves little cause for criticism or complaint, the only unfortunate feature being the over-crowded state of the shelves, which detracts from their orderly appearance, disarranges the classification, and, in a hasty search for books, often leads to errors.

This anomalous condition of having more books than shelf-room cannot be maintained for any length of time without serious detriment to the best interests of the library. It would therefore seem the part of a wise and practical economy to

provide speedily and generously for an extension of the book-hall, so as to double its present capacity; such a plan, happily carried out, would permit a complete re-arrangement and re-classification of the library, placing it at once upon a basis for another twenty years' growth without further alteration or expense, or any of the temporary expedients which add so much to the cost, without equivalent in permanent value, and which sooner or later must give place to the right thing.

Sixteen years ago the library underwent a thorough re-arrangement which has carried it smoothly along until the present time, and your librarian hopes for the opportunity and privilege of remodelling it once more, bringing to the work the gathered experience of all these years, and pledging her best efforts to the fulfilment of the task.

Improvements.

The gallery of the book-room has been greatly improved by a newly-laid oaken floor, giving a safe and even surface, free from cracks and splinters, and adding much to the appearance and comfort of the room.

A new case of shelves has been placed at the foot of the gallery stairs, which we propose to utilize for the overflow of books from the fiction alcoves. Other minor improvements, including the repair of furniture, have also been made, and a critical observer might easily discover urgent need for still further renovation.

Accessions.

The average proportion of new books and bound periodical literature, and numerous gifts, make up the year's growth, the net increase being somewhat in excess of that last reported. The several items of book accessions are 604 volumes by purchase, 185 freshly bound serials, 317 volumes by gift and exchange, and four volumes replaced by individuals, making a total entry of 1,110 volumes, with an actual gain, however, of 1,068, owing to the replacement of 42 volumes.

Appendixes B and C give lists of some of the specially valuable accessions, and appendix D adds a full author list of all books placed upon the shelves during the year.

Pamphlets and odd numbers of periodicals, numbering 152 and 60, respectively, complete the full account of accessions.

Gifts.

Aside from the usual number of books and pamphlets, the library has been the recipient of two generous gifts of another character, one being a portfolio of 100 photographic plates, illustrating Muybridge's "Animal Locomotion," a gift from Hon. Theodore Lyman; the other, a memorial portrait of Lieut.-Col. Wilder Dwight, which was recently presented to the library by certain of his friends and fellow-citizens.

A complete list of all who have contributed books and pamphlets is given in Appendix A, from which I would gladly quote and specify gifts, did the limits of this report permit.

Circulation.

The statistics of this department present altogether the most gratifying results of the year, showing gains at all points, but more especially in the use of books of reference and study.

We have had 305 working days, in which we have sent out 43,464 volumes, at a daily average of 139, and have supplied 8,561 volumes for reading and study in the building, making a total use of 52,025 books, or, an average supply of 171 daily. This circulation is maintained among 2,563 borrowers, 409 additional names having been registered during the year.

As a matter of interest in regard to the gains in the use of books of reference, I submit an item from the record of books loaned on "hall-slips" during the months of December and January, showing 2,055 books thus drawn, nearly one-half (1,001) of them having been used strictly for reference.

The delivery of books is only one phase of the circulation, the duties by no means ending with the desk work, but including the care and preservation of the books, which suffer more or less in the handling, even with the most scrupulous persons, and as our books often fall into careless and untidy hands, it follows that we have much renovating work to do daily, aggregating many thousand volumes per year.

According to the account for 1887-8 we have replaced covers and labels upon 9,222 books, and have been obliged to send 368 more to the bookbinder, as the direct effect of ordinary usage.

Pertaining to the delivery department we have sent out 3,086 postal notices, and have collected \$137.87 in fines. Fewer offences in the way of marked and mutilated books have occurred, the fines thereon amounting only to \$13.68—which sum is much less than that of the previous year.

Reading Room.

This room continues to increase in popular favor, if one may judge from the number of readers seen daily at its tables. Few town libraries afford such a liberal supply of periodical literature, and fewer still afford the advantage of having the latest numbers lying at hand upon the reading-room tables, ready to be picked up and used without the formula of written application and registry.

The room itself has a bright and attractive air, with its sunny windows, its pictures and portraits, and its inviting array of magazines and reviews; if we could but add “perfect quiet” to these attractions, we should indeed have quite an ideal reading-room.

The two fine portraits which adorn its walls have given rise to frequent inquiries as to subjects and artists, therefore it may not be inappropriate to mention that the portrait of the Hon. Rufus Choate, which has hung for many years over the mantel, was painted by Thomas H. Sawyer shortly after Mr. Choate's death, which occurred in 1859, and was presented to the library in 1873 by Mr. Henry G. Fay.

The facts in regard to Col. Dwight's portrait have already been given in the earlier part of this report.

Library Aids.

Our printed catalogues, with two interleaved supplements, two manuscript fiction lists, an interleaved school-list, and the monthly bulletins of new books are among the instrumentalities by which the public may gain a fair knowledge of the contents of the library up to the latest date, and whenever these are not sufficient, the services of the librarian and assistants are very gladly placed at the command of any who may need them.

When, as sometimes happens, our library does not contain the desired sources of information, the librarian can frequently put the inquirer in the way of consulting other libraries where the books are known to be, and will be most happy to do so.

In conclusion may we not venture to hope that these details of library service clearly demonstrate that the year 1887-8 takes rank among the best years of our library history.

MARY A. BEAN,
Librarian.

WILLIAM HENRY LINCOLN, *Chairman.*

WM. T. R. MARVIN, *Secretary.*

ANNUAL REPORT OF THE SCHOOL COMMITTEE.

THE School Committee of the Town of Brookline respectfully submit the following as their annual report for the year now closed.

Immediately after the annual town meeting, the Board met for organization, and elected Mr. Wm. H. Lincoln as Chairman of the Board, and Mr. W. T. R. Marvin as Secretary. At a subsequent meeting sub-committees were appointed as follows : —

HIGH SCHOOL— Wm. T. R. Marvin, J. B. Brackett, John D. Runkle.
GRAMMAR SCHOOLS— Albert Mason, Wm. H. Lincoln, M. Driscoll.
PRIMARY SCHOOLS— Howard N. Brown, M. Duffley, Frank Wells.
TEACHERS— John B. Brackett, Albert Mason, Wm. H. Lincoln.
FINANCE— M. Driscoll, Wm. H. Lincoln, Howard N. Brown.
EXAMINATIONS— Wm. T. R. Marvin, Albert Mason, Frank Wells.
MUSIC— Howard N. Brown, Frank Wells, Wm. T. R. Marvin.
DRAWING AND WRITING— Albert Mason, M. Duffley, John D. Runkle.
MILITARY DRILL— Frank Wells, Wm. T. R. Marvin, John B. Brackett.
INDUSTRIAL SCHOOLS— John D. Runkle, M. Driscoll, Howard N. Brown.
EVENING SCHOOLS— M. Duffley, M. Driscoll, John B. Brackett.

The statistics of the schools of the town, and lists of teachers, etc., will be found in the following tables.

Superintendent, Special Teachers, etc.

	Began Service.	Present Salaries.

Summary of Statistics.

Number of children in town between five and fifteen years of age, May 1, 1887	1,777
Increase upon number returned May 1, 1886	47
Valuation of school buildings and grounds, May 1, 1887 . .	\$314,000.00
Approximate value of other school property, as desks, pianos, books of reference, etc.	\$11,500.00
Assessed valuation of real and personal estates of Brookline, May 1, 1887	\$38,640,500.00
Amount raised by taxation for support of day-schools, including repairs	\$47,990.90
Additional amount for text-books and supplies	\$1,774.72
Total expenditures for schools for the year, including text-books and supplies	\$49,765.62
Percentage of valuation expended for schools00129
Cost of instruction for each pupil, based on the average whole number, including incidentals, text-books, and supplies	\$32.48
Cost of text-books and supplies for each pupil, based on the average whole number	\$1.16
Whole number of different pupils enrolled in all the schools for the year	1,886
Average whole number for the year	1,532
Per cent of attendance in all the schools, based on the average whole number93
Number of pupils over fifteen years of age	193
Number of pupils between eight and fourteen years of age .	1,049
Number of pupils enrolled in all the schools for the week ending Jan. 27, 1888 (boys, 800; girls, 828)	1,628
Of which there are in High school 79, or 4.9 per cent.	
Grammar schools 757, or 46.5 per cent.	
Primary schools 792, or 48.6 per cent.	
Average number of pupils to each teacher in High school .	16
Average number of pupils to each teacher in Grammar schools	39
Average number of pupils to each teacher in Primary schools	42
Number of teachers in High school	5
Grammar schools	19
Primary schools	19
Special teachers (military drill, 1; drawing, 1; music, 1; sewing, 1)	4

Teachers.

There have been but few changes in our teachers during the year, and we are happy to say that none of these were at the instance of the Committee. In the High school, Mr. A. J. George resigned at the beginning of the present school

year to accept a position at Newton; Mr. John W. Mason, a graduate with honors both from our High school and from Harvard, was temporarily appointed to fill the vacancy, and some slight changes were made in the assignment of the work of the teachers, to secure the greatest advantages attainable under the present arrangement. Mr. J. J. Sheehan, who had received a temporary appointment in the Boylston school, where it seemed desirable we should hereafter have a male teacher, was placed in charge of the room formerly under Miss Green, and the result has been satisfactory to the Board, and he has since been confirmed. Miss E. M. McRoberts, who has for some time been teaching in the Ward school, resigned on the first of October last, to go abroad, and Miss A. H. Rockwood has been appointed to the vacancy. Mrs. R. E. Lander has been appointed to take charge of the classes formerly taught by Miss Palmer. Several of the teachers have been assigned to classes in different buildings from those in which they were at work last year, and it is possible that the opening of rooms in the new buildings will require similar changes in the immediate future. With these exceptions our corps of teachers remains as last year, and we believe their services have not only been generally satisfactory to parents as well as to the Board, but that their longer experience has been of increased value to the town.

New School Houses.

The action of the town in making liberal appropriations for the erection of three new school houses, as recommended by the Board, affords the relief which we have long needed, and merits our gratitude and heartfelt appreciation. The new school buildings contain 16 rooms, while the two buildings soon to be removed, contain 10 rooms, thus furnishing the town with an addition of 6 rooms, or accommodation for about *250 more pupils*, which is not more than is necessary in view of the rapidly increasing population.

The new school building on Brookline Avenue has been completed and occupied. The old quarters of the Primary classes in the Ward school were gladly abandoned, and three

of the four rooms in the new school house have been filled by drawing pupils from the schools on Walter Avenue, and the Ward. The Board, by unanimous vote, have given the name of our honored fellow-citizen Robert C. Winthrop to this school, and he has signified his acceptance and appreciation of the compliment.

The Harvard school has suffered much inconvenience by the operations on Beacon Street, and the Board look forward with pleasure to the early occupancy of the new building on Marion Street, now nearly finished, and to which the name of a gentleman long identified with the cause of public education in the town, and for a time the chairman of this Board, Mr. J. Elliot Cabot, has been given.

It is proper to acknowledge the courteous aid which the Committee have received from the gentlemen interested in the widening of Beacon Street: recognizing the embarrassment the removal of that building would occasion us, there being no other place available for the school, they arranged with their contractor to make the necessary excavations for the sewer and water-pipes under the building during the summer vacation, and we were enabled to open the school at the usual time, although the grounds were in some confusion. The new school house, with its four rooms, will give us relief for some of the classes at the Lawrence school, and will supply the needs of this district for pupils of the Primary grades for some time. If the growth of this part of the town is as rapid as recent developments warrant us to expect, a Grammar school building will be required at no distant day.

The new Grammar school building on Boylston Street, containing eight rooms, and which has been named the Wm. H. Lincoln school, in honor of the present chairman of the Board, is nearly completed, and will be occupied early in April. It is but just to Mr. Lincoln to say that the action of the Board in giving his name to this building was taken when he was not present, and without his knowledge, and was a spontaneous tribute rendered for many years of service. This building, when finished, will be the most commodious and the best adapted to its purpose of any in

the town. It will contain a large hall, capable of seating all the children of the school, besides reserving space for an audience, and is to be appropriately and handsomely decorated by the gentleman whose name it bears. Apartments will be provided for the classes of the Industrial school, and in many ways we expect to supply advantages for the children of that vicinity which we have never before been able to give. It is proposed that when the building is opened, some simple dedicatory exercises shall be given, when our citizens will have an opportunity to inspect what has here been accomplished.

The school house on Walter Avenue will hereafter be known as the Thomas Parsons school; this name has been given to it in honor of one of our late fellow-citizens, the Hon. Thomas Parsons, who was for many years a member of the School Committee, for a time chairman of the Board, and whose valuable services to the town in various capacities will long be remembered.

The Pierce Primary school has been greatly crowded the past year, and much of the time for the previous year also; since the opening of the present year, we have found it impossible to accommodate the pupils there, and have been compelled to divide the class in Miss Draper's room, and arrange for one portion, under the charge of Miss Wetherbee, to attend during the afternoon. This has been a disadvantage, as the sessions during the winter were considerably shortened, but it was the best plan we could devise.

The opening of the Cabot school will not relieve this school to any appreciable extent, so that some additional provision must be made for the growing necessities of this district. We have carefully considered this subject, and see no other solution but to enlarge the building by the addition of two rooms, for which the lot is of sufficient size, and which was contemplated when the building was erected. We therefore recommend this action on the part of the town, and request an appropriation of twelve thousand dollars for this purpose.

During the year, members of the Board have made careful personal inspection of the sanitary arrangements

all the school buildings in town, and of the out-buildings; they have been found, with few exceptions, to be in good order, and the necessary care has been taken wherever required. Rules relative to proper heating and ventilation of the school rooms have been printed in large and clear letters, and placed in each room.

The changes of classes from one building to another, following the opening of new quarters, has brought great additional labor on the Board, and on its sub-committee of classification, who were early in the year entrusted with planning and arranging for equalizing the classes; we have suffered considerable inconvenience from crowded rooms in some parts of the town throughout the year. The Committee has been fully sensible of the discomfort to parents and teachers; and has done all in its power to make these as light as possible; they hope that in a few weeks most of the trouble from this source will cease.

We append a table showing the buildings at present occupied, with data concerning them.

SCHOOL HOUSES.	Erected.	Enlarged.	Material.	No. of rooms.	Location.
High School . .	1856	1884	Wood	6	Prospect Street.
Pierce Grammar .	1855	-	Brick	4	Prospect Street.
Pierce Primary .	1860	-	Brick	4	Pierce Street.
Harvard	1855	-	Wood	2	Harvard Street.
Lawrence	1874	1885	Brick and wood	4	Francis Street.
Longwood	1864	-	Wood	2	St. Mary's Street.
Ward	1855	-	Wood	8	Pond Avenue.
Winthrop	1887	-	Brick	4	Brookline Avenue.
Parsons	1883	1886	Brick and wood	4	Walter Avenue.
Boylston	1868	1883	Brick	4	Boylston Street.
Sewall	1880	-	Wood	2	Sewall Street.
Heath	1855	1871	Wood	4	Heath Street.
Newton Street .	-	-	Wood	1	Newton Street.

NOTE. — The Ward school house, erected in 1855, was enlarged in 1857; moved to Pond Avenue and again enlarged in 1863, and further enlarged in 1873. The Ward and Harvard school houses are to be vacated April, 1888.

High School.

With the exception of the change in one of the teachers of this school, already mentioned, there is little to say beyond what has been so often said before. The operation of the free text-book law has enabled some of our Grammar school graduates to remain longer in the school than perhaps they otherwise would have done. The average attendance has been excellent and the work of the teachers generally satisfactory. We continue to have a good proportion of scholars who appreciate the advantages which we offer, and take special courses of study, by the consent of the Board; this has kept with us several whom we were glad to retain for their influence on other pupils.

The graduating class in June last numbered 16. From Mr. Hoar's report we take the following: The whole number of pupils the last year has been 115. Boys, 58; girls, 57. In September a class of 33 entered from the Grammar schools; there entered from other schools, 5. Eight boys have gone from the school into business offices and stores; four have taken their final or preliminary examinations for admission to college, and two have entered the Institute of Technology. There are now 41 studying Latin; of these some are as yet undecided whether to take the full classical course, but we have 14 preparing for college and 8 for the Institute. The regular work of the several classes, as prescribed by the course of study, has been accomplished, and the arrangements made by the Committee, whereby those pursuing the Latin course may also receive instruction in English literature, have been successfully entered upon.

Recognizing the necessity of doing more to meet the increasing requirements for entrance to college, the Committee took steps, at the beginning of the year, to ascertain the feeling of parents of children in the upper class of the Grammar school, who proposed to send their children to the High school, relative to introducing the study of Latin into that class. Circulars were sent to the parents of each pupil, asking for written replies whether they desired to have such instruction given, and the result showed that without

a single exception it was the wish to have the course so enlarged. The study was accordingly added, the former course being somewhat modified to make room for it, and the result has been very satisfactory, thus far. The test will come a little later, when the class gets into the High school, but we have seen no reason to regret it; the scholars have done exceedingly well, and have manifested great interest. We can but hope that the step will not only add to the advantages of the High school, but aid us in retaining some pupils who have been taken from our schools and sent elsewhere, that they might begin their preparation for college earlier than has heretofore been possible.

Military Drill.

The military drill has continued during the year. Last Decoration Day the battalion made the first public parade, acting as an escort to the Grand Army Post in the town, and their appearance and behavior was highly creditable. Extracts from the report of Colonel Hapgood, Military Instructor, are given below:—

“The school year of 1887 closed with 40 names on the roll. The new school year opened with the same number; since then, two, both holding the rank of captain, have left school, and the present strength of the command is 1 captain, 2 lieutenants, 5 sergeants, 4 corporals, 26 privates,—an aggregate of 38; just half of them new men. There have been 16 meetings for drill, the whole command being present except one at each meeting.

“The boys are smaller than the class of last year, and I have not thought best to give them as much drill with the pieces so far, but in the ‘setting up drill,’ and the ‘school of the company,’ they are fully up to last year. I notice a degree of listlessness at the later drills, and my judgment is that it comes from having the drill-hour from 11 to 12 o’clock. I do not think it wise to give the class over to me after three hours’ study in the school room. I respectfully suggest an earlier hour for the drill, say as soon as may be after the opening exercises. * * * *

“The arms and belts are in good condition. The present condition of the command, as to attendance, deportment, attention to duty, and proficiency, is entirely satisfactory.”

The trouble above suggested as to the drill-hour, is one which the Committee have felt from the first. When the drill

was introduced, in response to petitions from pupils in the school and their parents, we assigned the first hour on Saturday to this exercise. Objection was made to this after a few months, as interfering with the plans for the day, and Wednesday, from 11 to 12, was then assigned. The time given is not a full hour, but it is all that can be spared without serious inconvenience to the school work. We appreciate the benefit that has been derived in many ways, and if it is possible, shall endeavor at the opening of another year to arrange the work of the classes so as to bring the drill earlier; this is a difficult matter, from the fact that the classes contain both girls and boys; but the Committee do not feel justified in allowing it to interfere with the purposes for which the school is intended, and if the two cannot be harmonized, we must, however reluctantly, discontinue the drill.

Grammar and Primary Schools.

These schools are generally in good condition; the work of the teachers, though in some cases as already mentioned, carried on under disadvantages which we have not been able to overcome, has been satisfactory. Both teachers and scholars in the Ward and Harvard schools, are anticipating with pleasure their early removal to the new buildings, where, with increased advantages, we hope to see even better results.

The report of the Superintendent of these schools will be found appended to this report; it is proper to say that the recommendations therein made have not yet been considered by the Board.

We append a table, showing the present classification in the various schools,—the names of the schools, teachers, grades, and rooms, in each building.

Grades I. to VI., inclusive, are grammar classes; and VII. to XII. are primary classes. The latter are half-year classes.

SCHOOLS.	ROOMS.	TEACHERS.	GRADES.
High	6	Mr. J. E. Hoar, Prin. J. W. Mason. Miss A. M. Johnson. C. G. Fogg. M. P. Frye.	
Pierce Grammar.	1	Mr. E. P. Sherburne.	I., II.
	2	Miss E. J. McKenzie.	I., II.
	3	H. R. Palmer.	III.
	4	C. A. Howe.	IV.
Pierce Primary.	5	E. A. George.	V., VI.
	6	M. E. Malone.	VII., VIII.
	7	A. F. Bosworth.	IX., X.
	8	F. E. Draper.	XII.
	8	H. F. Wetherbee.	XII.
Harvard	1	A. M. Osgood.	VIII., IX.
	2	M. E. Kingsbury.	X., XII.
Lawrence	4	E. W. Bean.	II., III.
	1	M. A. Cushman.	V.
	3	F. Swanton.	IV.
	2	S. D. Newton.	VI., VII.
Longwood	1	C. M. Frost.	IX., XII.
Ward	1	Mr. D. S. Farnham.	I., II.
	2	Miss S. J. Gowen.	III.
	3	A. H. Rockwood.	IV.
	4	Mrs. R. E. Lander.	V.
Winthrop	1	Miss F. K. Lamprey.	VI.
	2	A. L. Richardson.	VII.
	4	A. M. Taylor.	X., XI., XII.
Parsons	1	S. C. Hayward.	VII.
	2	E. L. Stokes.	VI.
	3	F. W. Morey.	IX., X.
	4	H. L. Carr.	XI., XII.
Boylston	1	Mr. J. J. Sheehan.	III., IV.
	2	Miss A. L. Howe.	V., VI.
	3	E. W. Cook.	VII., IX.
	4	Mrs. E. T. Lewis.	XI., XII.
Sewall	1	Miss E. L. Wiswall.	V., VI., VII.
	2	F. L. Daggett.	X., XI., XII.
Heath	1	M. J. Collingwood.	II., III., IV.
	2	M. A. Kelley.	V., VI.
	3	D. A. Kelley.	VII., IX.
	4	M. J. Sweeney.	XI., XII.
Newton Street	1	M. E. Hyde.	VIII., IX., XI., XII.

Kindergartens.

We desire at this point to call the special attention of our citizens to the report of a special committee who have been recently considering the propriety of adding Kindergarten methods to our Primary school work, and whose recommendations have been unanimously adopted by the Board :

The Committee appointed to consider the question of establishing public Kindergartens, report as follows :

This question is very fully discussed in a report made to the Boston School Committee by its sub-committee on examinations, and we would in the first instance call attention to the strong and emphatic endorsement of Kindergarten training, as a preparation for the work of the Primary school, contained in that report. [School Document No. 21,—1887.] It is there stated that under Mrs. Shaw's management the Kindergarten has been greatly improved in recent years, and is now "fully entitled to incorporation in the Public School system." "We are strongly of the opinion," say the Boston Committee, "that if the public Kindergarten is under wise oversight and in competent hands, it will minister to the elevation of Primary, Grammar, High and Normal schools; that is, of every school whose pupils have received their first school instruction on the principles now identified with the Kindergarten."

The Superintendent of Schools in Boston submitted a list of questions on this subject to all the teachers of beginners in the Primary schools under his jurisdiction, and from his summary of the testimony contained in their answers we take the following quotations :

1. On the intelligent side, the effects of Kindergarten training are shown in highly quickened powers of observation; in the possession of clear ideas, derived chiefly from systematically guided observation; in the power to express these ideas well in conversation; in the great readiness with which the art of reading is learned; in the very considerable knowledge of numbers and their relations objectively acquired; in some knowledge of forms and colors; in a considerable development and discipline of the active powers, as displayed in the comparative ease with which the manual arts of drawing, writing, and slate-work are acquired. All this is not only a preparation for the intellectual training usually regarded as the peculiar function of the schools, but a very substantial advancement in that training.

2. On the moral side, the effects of good Kindergarten training are traceable in the first manifestations of a sense of justice, one child learning to recognize the rights of other children as limitations on his own rights; in habitual acts of kindness and generosity, evincing a disposition to yield to others what may gratify them but cannot be demanded by them as a matter of right; in polite manners; in truthfulness, its opposite never being fostered by harsh discipline; in an eager desire to please the teacher; and finally, to refer to a characteristic which may certainly be ranked as a virtue, in personal cleanliness and neatness. Of course it is not said or implied that moral training is absent from the Primary schools; but it appears to be true that the Kindergarten training is peculiarly designed to accomplish the ends of moral instruction.

* * * * *

4. As to discipline—the chief point on which opinions differ—the evidence proves that the spirit of the discipline in some Primary schools is not in harmony with that of the discipline in some Kindergartens. There are sometimes Kindergartens in which unguided activity—mere play—comes too near being the rule; on the other hand, there are Primary schools in which repressed activity—unoccupied quietude—would seem to be the principal aim. But there is no doubt that the best Kindergarten discipline and the best Primary

school discipline are alike in spirit and effect; and that, with improvement on both sides, the difficulties arising from inferior discipline will pass away. Such improvement would be strongly promoted by the more intimate association of Primary school and Kindergarten now proposed.

Hon. J. W. Dickinson, Secretary of the State Board of Education, in an address delivered at the dedication of the Kindergarten for the Blind, stated, as his opinion: "If all our children could pass from a well conducted Kindergarten to their courses of elementary study, I am sure it would at once appear, that a foundation had been established for a rapid and successful progress."

The conclusions thus stated by men whose names carry no little weight of authority are abundantly confirmed, in the minds of your committee, by such other evidence as they have been able to gather. They have visited various Kindergartens and have been profoundly impressed with the worth of the system, as thus seen in operation. Believing that we have in our schools an exceptionally intelligent class of teachers for beginners, we have sought their testimony; and have from them a unanimous expression of interest and approval. Some of them have received pupils into their schools, year after year, from Mrs. Shaw's Kindergarten, and have thus had opportunity to judge, by observation and comparison, concerning the worth of Kindergarten training. The evidence of these teachers is earnest and unqualified, affirming the great value of this training as a preparation for Primary work. Other teachers, with less experience to speak from, are no less pronounced in their opinion, derived from general knowledge of Kindergarten methods, that much good is to be expected from their more general adoption. Indeed, from expressions that have come to us in different ways, we are led to believe that the whole body of our teachers is practically unanimous in taking this view of the question.

We recommend, for the coming year, the establishment of three public Kindergartens; one to be located either in the Winthrop, or in the Walter Avenue school buildings, and one each in the Boylston and Sewall Street districts. The former should be a "double" Kindergarten, with two teachers and sixty pupils; the two latter "single" Kindergartens, each with one teacher, and from twenty to thirty pupils. We are of opinion that a majority of the children trained in these Kindergartens will be able, by securing more rapid promotion, to save a year during the Primary and Grammar courses of study, so that their education will really cost the town no more than at present. If, at the end of a few years, this opinion should be confirmed by facts, we should expect to have the benefit of Kindergarten training extended to all young children entering our schools.

For the present, we recommend that these Kindergartens take children not younger than four years of age and give them a year's training, preparatory to their entrance on the Primary work. Some of our teachers feel strongly that children of five are still too young to take up, profitably, the work of the Primary school; and your committee is much inclined to think it will be found wiser, in the end, to keep the children in Kindergartens two years, letting them enter the Primary school when they are six. But this question can be better determined in the light of a larger experience, and for the present we only urge the one year's course.

If these recommendations are adopted by the Board and by the town, it will be quite essential to have our Primary teachers prepared to carry forward the work which the Kindergartens begin. For this, we believe, most of them are now very well qualified. But to remedy whatever lack there may be we have an offer from Miss Fisher, than whom no more valuable instructor on this subject could be procured, to give our teachers one lecture a week, from now till the middle of May, free of all charge.

We feel that much honor and gratitude are due to those who have unselfishly labored, and to those who have given largely of their private means to bring this system of instruction for young children to a point of perfection where its advantages are easily displayed to the public mind. We are persuaded that the time has fully come when the children of our public schools ought to have a wider benefit from this instruction than private generosity can be expected to supply.

We find that the expense of maintaining the "double" Kindergarten will be about \$1,200 per year. The furniture for this school Mrs. Shaw kindly offers to give the town. The expense of the other two Kindergartens recommended by us, should not be above \$800 each the first year, making in all, \$2,800. But to enable these schools to start well and to guard against contingencies, we ask the Board to place among its estimates for the following year the sum of \$3,000, to be expended for public Kindergartens.

HOWARD N. BROWN,
JOHN D. RUNKLE,
MICHAEL DUFFLEY,
Committee.

The Industrial Vacation school and the Evening school have been continued in their season during the year, and the reports of the sub-committees are given below :

The Industrial Vacation School.

As in past years, the school was divided into three sections of 14 each, each section having a daily lesson of two hours during the ten weeks. The first three weeks were devoted to review, and then those pupils who had attended the school for one or more previous vacations were encouraged to select some design for construction. To this work the time of these pupils was mainly devoted for the remainder of the session.

Upon the whole the results were far more satisfactory than in any previous year, so much so that the School Committee, and the comparatively large number of those who visited the exhibition in the Town Hall, believe that the time has come to introduce manual training into our public schools. The time for this step also seems opportune in view of the fact that

several of the schools of the town are soon to be transferred to new and more commodious buildings in which it will be possible to conduct the instruction in the revised courses of study.

The committee are again under obligations to Mr. S. C. Griffin for the excellent and painstaking way in which he conducted the instruction of the school.

The Committee are now considering a revision of the present course of study in the Grammar schools, and contemplate adding manual instruction, to some extent, as it may be found feasible.

Evening School.

The Evening school has held its sessions, as last year, in the High school building. The term began November 7, and will continue until March, should the attendance warrant.

The number of pupils who registered this year is much larger than ever before,—fifty-three boys and twenty-four girls. As usual, many came for a few weeks and then, because of the distance and the inclement weather, or for reasons unknown to the Committee, left or have attended very irregularly.

Next year the school will probably be held in the new building on Boylston Street, and it is hoped that the attendance will be more constant and the school more profitable. We recommend the usual appropriation.

Special Instruction.

The special instructors in music, drawing, and sewing have given faithful attention to their several departments during the year. We have increased the time given to these teachers to meet the increased number of our scholars, and the results have been satisfactory. Early in the year our citizens had an opportunity to see what had been done in the way of musical instruction, by an exhibition in the upper Town Hall, which was well attended by parents and others interested in the schools. The various classes showed by exercises just what we are doing, and at the close a test was given of their ability to sing at sight, which was very gratifying. Some extracts from the reports of the teachers of music and of drawing are given below, which present briefly the plans which we are endeavoring to carry out in these studies :

Report of the Teacher of Drawing.

The study of drawing in our public schools has come to be recognized as a valuable factor in a child's education. It has been but a few years since it was merely tolerated; it is now claiming and receiving more careful attention. * * * During the first and second years of school, the solids are studied as wholes and parts, and expressed with clay and paper, including the drawing of one face. In the drawing we are striving for movement, that is, the power to draw with the entire arm, keeping correct position of the pencil. The drawing has been principally on slates, but I am convinced that far better results would be obtained in the upper grades if paper were sooner used.

Books are introduced for the first time in the third year. Clay is dropped and more attention is given to the development of form by the use of colored paper. This use of paper has been extended throughout the Grammar grades, as it is preferable that the pupil should see the form itself, rather than the lines enclosing it. But here we labor under a disadvantage, as to do this work well, each school building should be provided with at least twenty-five pairs of scissors, for it is often impossible to have the pupils bring them from home; it is also better that the work be done with colored paper, as the color sense can thereby receive a little of the training demanded by the times.

I would like to suggest that the gentlemen of the Committee look into the matter of form expression by means of paper.

The work of the fourth year is continued in the same direction, with the introduction of a few new features. During the fifth year the facts of forms are studied, and the appearance of curvilinear solids above and below the eye.

The drawing of the sixth year is classified under three heads: Construction, Representation, and Decoration, and this distinction is adhered to during the remainder of the Grammar course.

The Constructive drawing includes single and combined working views of geometric solids, and simple details of machinery, developments or patterns of solids, and a few of the most important of the geometric problems.

The Representative drawing commences with curvilinear, after which rectilinear solids are introduced, first directly in front, then at different angles to the spectator, and later small groups are arranged of familiar objects based on the solids; thus the pupil is led step by step from elementary work to that which is more difficult.

In Decoration similar progression is found: first simple units, then the same units varied by leaf curves, conventionalized flowers and leaves used for surface and border repetition, and finally sprays of leaves sketched from nature and employed for purposes of design.

The work in the High school has this year been divided into mechanical and freehand. The majority of the boys have chosen the mechanical course, though two or three are in the freehand division. It has been impossible with the conveniences at command, for the two divisions to work together, therefore they can only receive special supervision on alternate weeks.

The freehand division of the fourthth class work in outline until April, then study light and shade. The third commencing with light and shade in September, are at present obtaining the manipulation of the French saucé,* after which we hope to work from objects, though accommodations for satisfactory results in that direction are wanting. The division of the subject I feel was a wise one, and the work is progressing in a much better manner than last year.

The above is but a synopsis of the plan of our efforts in the matter of art education.

The work in drawing we hope to make tell upon the future of the pupils, that they may have a new medium of expression, and through it become more valuable citizens of the Commonwealth.

MARY A. HURLBUT,

Teacher of Drawing.

Report of the Teacher of Music.

With the close of 1887, expires three and one-third years of my connection with the Brookline public schools. It is certainly true, that each year has shown an advance upon the preceding in the work, and that something has been accomplished in the effort to teach the children to read music, was abundantly demonstrated at the exhibition given last June. Although much has been done, yet we are still, even in the best classes, far below my ideal. * * * *

The last school year closed with an increased interest in music, as a study, on the part of all concerned. The purchase of the larger part of the supplies needed in the work was kindly voted by the Committee, and thus the present school year was begun under far better auspices than any previous, and I believe there has been more uniform progress thus far than ever before. It has been my purpose to get a little nearer to the individual scholar each year, until in the large majority of schools the children can be called upon for individual recitations in music, the same as in reading. * * * *

As I am informed that the Committee are about to adopt a new course of study, I would most earnestly urge the careful consideration of the claims of the study of music, — not simply because it is in the schools, and thus deserves to be recognized as a study, and no longer considered as a pastime, but because of its beneficial effect upon the entire lives of all who are made to accomplish the most that can be in the study of music during their school days. What we need then is, first, more time devoted to music; second, a suitable examination, which *every* scholar must have in order to promotion. * * *

S. W. COLE.

*Preparation of glue and charcoal.

Appropriations.

To defray expenses for the coming year there will be needed the following appropriations :

For Salaries	\$38,750 00
Sewing teacher	600 00
Music teacher	900 00
Drawing teacher	500 00
Clerk at Superintendent's office	250 00
Truant officer	375 00
Janitors	3,500 00
Fuel	3,000 00
Industrial training	1,000 00
Sundry expenses	1,125 00
	<hr/> \$50,000 00
For Text-books and supplies	\$2,500 00
Evening schools	500 00
Industrial vacation schools	500 00
Military drill	300 00
Interior repairs of school houses	750 00

School Committee.

REPORT OF THE SUPERINTENDENT OF SCHOOLS.

To the School Committee of Brookline :

The following report is respectfully submitted for your consideration.

The schools, at present, are in good working condition, and the results for the past year, as a whole, have been satisfactory. It is, however, too much to expect that corresponding grades in all parts of the town will be in equally good condition, or that they will show the same quality of work in all branches. Circumstances beyond our control make that an impossibility.

Your Board can provide commodious buildings, systematic courses of study, and all necessary appliances for carrying on the work, including the best teachers to be had. This being done, everything would seem to be favorable to progress. But we encounter obstacles of one kind or another, which prevent that uniform success we desire.

What are the chief obstacles with which we have to contend, and how can they be partially overcome, that the schools may suffer as little as possible from their existence?

Irregular Attendance.

I recognize the fact that there are families who really need the assistance of their children to aid in household duties, while the fathers and mothers are temporarily absent from home, earning something for their support. With these parents I find no fault; their children attend school as regularly and as constantly as their circumstances will allow. But there is another class of children who embarrass the work and impair the discipline of the schools.

I refer to truants and willful children. They are usually stubborn and defiant at home. Their parents have little or no control over them. They attend school very irregularly, just often enough to avoid arrest as truants. Their influence

is injurious to their schoolmates. What can be done to eradicate this evil? It is a growing one, but by no means peculiar to our own town.

Boys of this stamp, for their own good, for the safety of society, and for their usefulness as citizens hereafter, should be sent to some good parental reformatory school where they would be treated kindly, yet with firmness and promptness, and at the same time, be taught the necessity of obedience to wholesome laws and rules. How otherwise are they to become good and law-abiding citizens?

As we have no proper institution to which (without the consent of the parents) we can send boys whose moral, physical and intellectual well-being need peculiar and special attention, I recommend that on the completion and occupancy of the new Boylston Street school house we try the experiment of setting apart one room for children who, for sufficient reasons, considering the interests of the whole number, would derive more profit by greater personal attention of the teacher than they can now receive in mixed classes. Then, again, the relief to the regular classes would result in great gain in a moral point of view. These pupils could and should be transferred to regular classes whenever, in the judgment of the Committee, it be deemed safe and proper so to do.

The Winthrop School.

The new building of four rooms on Brookline Avenue, now known as the Robert C. Winthrop school, was completed in November last.

During Thanksgiving week three rooms were furnished, one with entirely new furniture, and the other two chiefly with desks and chairs from the Ward and Lincoln schools. Everything being in readiness, the pupils were transferred November 28th to their new quarters, without a single break in the school sessions. The majority of the pupils now attending the Winthrop school were transferred from the lower rooms in the Ward building. A few came from the Lincoln school.

Pierce Primary School.

The Pierce Primary building is in a very crowded condition. At no time since last October has there been a membership of less than two hundred and forty pupils, a number sufficient for six good-sized schools.

The most feasible plan, as a temporary relief, was to hold an afternoon session for one division of the lowest primary class. This plan has been followed for about four months, but it is not altogether satisfactory to the parents, and moreover, both sessions are necessarily shortened thereby.

Some relief will undoubtedly be had on the completion of the Marion Street building, but not sufficient, even at the outset, unless you can transfer eighty pupils now attending the Pierce Primary to the new school. But assuming that this can be done, notwithstanding the great distance many of the children must travel, in going to and from school, every room in that building would then be occupied, and there would not be a single vacant room to meet the wants of a rapidly increasing school population in this section of the town.

I strongly recommend to your Board that immediate steps be taken toward enlarging either the Pierce Grammar or the Pierce Primary building.

The schools for the past year have been conducted on the same general plan as heretofore, with such modifications in classification, transfers, and requirements of grades as seemed desirable to the sub-committees. The usual examinations under the direction of the committee on examinations have been made.

In June last, all the Primary schools, except the lowest grade, were carefully examined as follows: In Reading by Mr. Brown; in Numbers by Dr. Wells; in Spelling by Mr. Duffley; and in Language, Dictation and other exercises by the Superintendent. Messrs. Lincoln and Marvin examined all the Grammar classes in reading. Written examinations were made as usual, by means of uniform printed questions for corresponding grades.

I am aware that the present plan of examining the Primary schools necessitates days of labor on the part of the Primary committee, but I know of no other method consuming less time, likely to be attended with equally satisfactory results, for the following reasons :

It enables that committee, in a comparatively brief time, to make a uniform examination of corresponding grades independently of the teachers, and thus to acquaint themselves to some extent with the general condition of the schools, and at the same time to obtain some knowledge of the character of the instruction given. The teachers and Superintendent profit from the suggestions made by the examiners, and thus indirectly the pupils are stimulated to greater earnestness in their work.

Kindergarten Schools.

Without intending to trespass upon a subject referred by vote of the Board to a special committee, I desire to say a word in favor of establishing one or more Kindergartens, as an integral part of our school system.

For many years there has been maintained in Brookline a free Kindergarten school, conducted under the auspices of Mrs. Shaw, who has, up to this date, paid all its current expenses. Mrs. Shaw now desires to surrender this school to the town. Its merits have been practically tested, as is abundantly shown by the testimony of our primary teachers, who have received pupils from that school. We cannot ignore the fact that necessity compels many to begin to earn their daily bread while yet children.

The statute law fixes the age of admission to primary schools at five years. The Kindergarten renders it practicable and profitable to commence school work at four years of age, and thus virtually to add one year to school life.

A school of this grade maintained by the town, would, like all other public schools, be under the supervision of the School Committee, and consequently the requirements would necessarily be of such a nature as to best prepare the children for entering upon the work of the primary grades.

Special Teachers.

The music and drawing teachers are employed respectively three and two days per week. The sewing teacher is constantly employed. It gives me pleasure to bear testimony to their faithfulness.

Free Text-Books.

The free text-book system has been in operation in Brookline for about three and a half years. Our records show that there are now in use nearly twelve thousand (12,000) volumes in the schools. The original cost was from ten cents to two dollars and sixty-two cents per book, according to grade and quality. This includes all text-books charged and delivered to the various teachers on their requisitions, in accordance with your directions. The records also show the school, the room, and the grade in which these books are used. There is also much other school material, such as blank, copy and drawing books, maps, globes, reference books, papers, slates, pencils, etc.

At the close of each school year the various accounts are closed, and all material expended is charged off, while all books and other material suitable for further use are carried to new accounts.

Books in constant use will last from two to five years, according to circumstances, age of pupils, and grade of books. There will be occasional exceptions to these limits.

Re-Distribution of Text-Books.

Some of the text-books, as arithmetics, for example, are used in all the Grammar grades from the lowest to the highest, extending over a period of six years. As might naturally be expected, certain portions of these books become much defaced from constant wear for three or four years, while other parts of the same book may be in good condition for other grades.

In the interest of economy, it has been necessary to re-distribute books from class to class, that all parts may come into use before they are discarded as worn out.

In conclusion, I desire to return my sincere thanks to the teachers for their aid and hearty co-operation in carrying forward the work of the schools; to the Board of School Committee, for counsel, for cordial support, and for uniform kindness extended to me in the execution of my duties during the year.

D. H. DANIELS,
Superintendent.

JAN. 31, 1888.

REPORT OF THE COMMITTEE ON NEW SCHOOL BUILDINGS.

In order to render a complete report to the town by the Committee appointed to select sites and arrange for the construction of school houses, it seems desirable to state the action of the town and the Committee upon this subject from the beginning; and we regret that in consequence of the incomplete condition of two of the buildings, and the grounds appertaining, we are unable to render a final account, and can only present an approximate cost. This applies more particularly in respect to the filling and grading of the lots.

The first action taken by the town was the appointment of the Boards of Selectmen and School Committee, April 14, 1886, as a Special Committee to select a site and present plans for the construction of a brick Grammar school building to take the place of the Ward school building. The same Committee were also directed to report upon a locality and erection of a Primary school for the same district.

The Committee reported, and on July 7, 1886, the town authorized the same Committee to purchase the Brodhead lot on Boylston Street, for a sum not exceeding \$10,000, and to construct a school house thereon at a cost not exceeding \$40,000,

The Committee were also authorized to purchase a lot of land on or near Pearl Street on Brookline Avenue, at a cost not exceeding \$10,000, and to erect a school house at a cost not exceeding \$20,000, and to use a part of the public playground upon which to place a portion of the said school house, if they deemed it necessary.

At a meeting of the town held April, 1887, the Committee were authorized to purchase a lot of land and buildings thereon on Marion Street, at a cost not exceeding \$15,000.

The sum of \$2,000 was appropriated for grading, and \$20,000 for the school building, to be expended under the direction of the Committee aforesaid, — this building to take the place of the present Harvard school on Beacon Street, and rendered necessary by the widening of that street.

At a special meeting of the town held April 27, 1887, by request of the Committee, the sum of \$8,000 was appropriated as an additional sum for the new school building on Boylston Street.

On July 26, 1887, the town voted to appropriate an additional sum of \$5,000 for the completion of the Marion Street school house. This comprises the action of the town on these matters.

The full Committee have held twenty-three meetings since the first appointment, and the building committee, being a sub-committee, have held six meetings, besides a large number of informal meetings at which minor matters were discussed.

The Committee held its first meeting on May 3, 1886, and organized by the choice of A. D. Chandler as Chairman, and Geo. F. Joyce as Secretary. Two changes have since occurred in the Committee; one caused by the resignation of Mr. Chandler, and one by the declination of Rev. L. K. Storrs to serve upon the School Board another term. These vacancies were subsequently filled by the election of W. H. Bowker as Selectman and Dr. Frank Wells on the Board of School Committee.

The following purchases of land were made in accordance with the votes of the town:

The lot on Boylston Street, containing 35,450 square feet, with	
building thereon	\$10,000 00
The building was sold at auction for	
	57 00
The lot on Marion Street, containing 35,460 square feet, and	
buildings thereon	15,000 00
The buildings were sold for	
	200 00

For the Brookline Avenue school house site considerable difficulty was experienced in securing the necessary land. It was desirable that the building should be located adjoining the public playground, so that the children could avail

themselves of its use at recess time, and thereby save to the town the expense of acquiring land for that purpose. The following purchases were made :

Aspinwall Land Co.,	4,832 sq. ft., at 35c	\$1,691 20
Margaret Conry,	1,578 " "	3,000 00
Heirs of Joanna Davis,	1,638 " " " 70c	1,146 60
Totals	8,048 sq. ft.	\$5,837 80

On the Conry lot were a house and small stable, which were rented at \$20 per month, so that the estate yielded 8 per cent interest on the amount we paid. While the price seemed excessive, it was the lowest which could be obtained after a long negotiation, and the Committee felt it would be unwise to take the land and involve the town in a lawsuit. We considered also that the total cost of the site would be less than \$6000. The building referred to was sold for \$250.

On the Davis lot there was a small house, of no value in itself, but which rented at \$6 per month and seemed to determine the price of the property.

It is not so easy a task as many may imagine, to select and acquire suitable sites for school buildings. There are many things to be considered ; a healthy location, accessible to the pupils, freedom from noise, and when these have been secured, it is more than probable the residents of the neighborhood will object to the close proximity of a school house. The Committee have endeavored to harmonize private interests with public good ; and believe the sites selected will prove desirable purchases for the town and advantageous to the schools.

Boylston Street School House — 8 Rooms.

The Committee held several meetings to consider the plans of the school house on Boylston Street. The set of plans first exhibited received the unanimous approval of the Committee, and it was voted that the plans and specifications be referred to the Building Committee to invite proposals, make contracts, and carry out the work of oversight in all its details to completion.

The proposals obtained by the Building Committee so far exceeded the appropriation, that it was evident important changes must be made in the plans, and it was voted to re-commit them to the architects to see what modification and reduction in the estimates could be made. A second set of plans was accordingly prepared, which would bring the cost within the limit, but the building would have been so inferior in many important points, and no provision having been made for a hall, which was so much needed, the Committee entirely agreed it would not satisfy the demands or the public. Certain changes were suggested, and the architects were requested to obtain estimates upon the plans as improved.

At a subsequent meeting the three sets of plans were exhibited, upon two of which estimates had been received. It was voted, after a protracted discussion, to invite proposals for the third set, which was done, and bids were received and the contracts finally awarded to W. H. Bowker and R. S. Dewing. In accepting these proposals, the Committee secured the option of adding the hall, to which reference has been made, and also placing the water-closets outside of the building instead of in the basement, at prices agreed upon. It was understood the decision should be given directly after the town had acted upon the question of the increased appropriation asked for by the Committee. The town having granted the request, the amended plans were adopted and contractors notified.

Appropriation	\$58,000 00
Paid for land	\$10,000 00
R. S. Dewing, contract mason work	20,800 00
W. H. Bowker, contract carpenter	22,220 00
Walworth Manufg. Co., contract steam heating . .	3,656 00
Fuel, up to present time, about	150 00
Lightning rods	75 00
Total	\$56,901 00

At a meeting held Dec. 12, 1887, the Committee considered the question of making available two large rooms in the upper story for the purposes of industrial education.

The expense of putting in dormer windows and finishing the rooms was estimated to be \$1,147; for piping and radiators for heating the rooms, \$160; additional plumbing and carpentering, \$625; also, for changes in basement, \$80; making a total expense of \$2,012, which was voted by the Committee.

The total cost of the building, exclusive of the architect's commissions, will be somewhat in excess of \$48,000, and including commissions, about \$52,000. This is \$4,000 more than the sum appropriated, but we are fully satisfied not a dollar has been expended that was not necessary and judicious; and the last expense, providing for the system of manual training, is certainly a wise measure.

The expense of removing the ledge cannot be accurately determined. We have expended upon it thus far the sum of \$3,162.38. It is estimated the cost of removing the balance and grading, and making walks and yard of concrete, will be \$6,795. From these amounts must be deducted the proceeds of stone that will be sold, which it is safe to estimate will be \$3,000, thus making the net cost about \$7,000. This sum includes the cost of walks and playground of concrete, and what would usually be required for grading would not be less than \$2,000. So that the total cost of the 35,000 feet of land, including the removal of the rock, will be about \$15,000, which does not appear a large price, considering the extent of frontage.

There are eight school-rooms in the building and a hall to be furnished, but a portion of the furniture in the old building can be used. We shall require for this purpose the sum of three thousand dollars. The building will be ready for occupancy the latter part of March, and it appears there will be required for its completion, and for grading and furniture, a further appropriation of \$14,000.

We have endeavored to practice the strictest economy in the construction of this building, and we submit to the citizens of the town there has been no extravagance in any particular. In fact, we have omitted many items that were desirable, and have sought to give to the town a school building properly adapted to its purposes, complete in its

most important respects, and one that will be creditable and of lasting usefulness. The rooms and halls are spacious, as they should be, well lighted, well ventilated, ample cloak rooms are provided, steam heating substituted for the irregular and at times insufficient furnace heat, and such modern conveniences and improvements furnished as will contribute to the health and comfort of the pupils. In reviewing our work in connection with this building, while the cost has exceeded our first expectation, we fail to discover any mistake made, or anything provided that we could have omitted without detriment. Full and careful consideration has been given to every portion of the work.

Brookline Avenue School House—4 Rooms.

Appropriation	\$30,000 00
Paid for land	\$5,837 80
Grading, pile driving, edge-stones, engineering, examining title, etc.	2,215 83
Johnson Bros., masons' contract	9,789 25
Morton & Chesley, carpenters' contract	8,687 17
Furniture, shades, &c.	872 21
W. A. Johnson, plumbing	418 30
Architects' commissions, about	1,000 00
Total	\$28,820 56

The lot is graded, but we shall require to spend a small amount for concrete walks and fences. The entire appropriation will not be expended. The building was completed and occupied the latter part of November.

Marion Street School House—4 Rooms.

Appropriation	\$42,000 00
Paid for land	\$15,000 00
Morton & Chesley, carpenters' contract	10,826 00
Johnson Bros., masons' contract	10,800 00
Walworth Manufg. Co., steam heating	1,677 00
Labor on land and engineering	160 00
Architects' commissions, estimated	1,200 00
Total	\$39,663 00

This building is not finished, but is expected to be ready for occupancy the first of April. There will be considerable

expense in filling and grading the lot, and the furniture is to be purchased. A portion of that now in use at the Harvard school will be transferred, and it is believed the total expense will come within the appropriation.

In concluding this report, we congratulate the town that the old Ward school house, having outlived its usefulness, will soon exist only in history, and the Harvard school will share the same fate (both standing in the way of the march of improvement), and that three new school buildings have been constructed that are a credit to the town and admirably fitted to serve the cause in which we are all so deeply interested; which lies at the foundation of our prosperity, and gives security and hope for the future.

FRANCIS W. LAWRENCE, *Chairman ex-officio.*

BENJAMIN F. BAKER, *Clerk.*

REPORT OF TRUSTEES OF WALNUT HILLS CEMETERY.

The Trustees of Walnut Hills Cemetery herewith present their report for the year ending January 31, 1888.

During the year past, the grounds have been kept in good order and been well cared for.

Pierce Avenue has been extended about eighty feet; the loam and earth has been removed and filled in with stone some four feet in depth, and made ready for grading.

Bow Avenue has also been blasted out some two hundred and thirty feet, and filled in with broken stone ready for grading.

Twenty-one lots have been trenched and graded; seventeen burial lots and sixteen single-grave lots have been sold.

In consequence of the increase of the work on the grounds, and the distance that the men had to walk to and from their work, a horse, wagon, cart, harnesses, etc., have been purchased.

The details of the work for the year are as follows:—

Whole number of lots trenched and graded	208
“ “ “ sold	149
“ “ grave-lots trenched and graded	102
“ “ “ “ sold	93
Total interments	362
“ “ last year	39
“ “ single graves	16
“ “ private lots	23
Placed in the receiving tomb	5

Several monuments and headstones have been erected.

The expense for the work on the grounds has been as follows : —

Dr.		
To cash balance from last year	\$286 36	
for sale of lots and graves	3,173 08	
for interments	168 00	
for wood, grass, and trees	44 00	
for foundations	118 50	
for use of receiving tomb	63 00	
	<hr/>	\$3,852 94
Cr.		
By cash paid for labor and materials		3,193 89
		<hr/>
Balance on hand		\$659 05
Due for lots	\$859 40	
for stone	117 75	
for foundations	8 50	

Included in the above expense are the following items : —

1 horse	\$230 00
1 cart	90 00
1 express wagon	75 00
1 cart harness	45 00
1 express harness	35 00
1 pung	15 00
Blankets, etc.	11 00

Perpetual Care Fund.

Dr.		
To cash balance from last year	\$177 30	
cash received from sales of lots and graves . .	1,431 98	
	<hr/>	\$1,609 28
Cr.		
By cash paid Mass. Hospital Life Ins. Co., Policy No. 5270 .		700 00
		<hr/>
Balance		\$909 28

Income from Perpetual Care Fund.

Dr.		
To cash balance on hand from last year	\$351 01	
cash received from Mass. Hospital Life Ins. Co.		
Policies	400 09	
	<hr/>	\$751 10
Cr.		
By cash paid for labor and materials		401 50
		<hr/>
Balance		\$349 60

The third article in the rules and regulations has been struck out, and the following article has been substituted :—

“ Third Article. The proprietors of lots shall not erect any monument, cenotaph, or stone commemorative of the dead, without obtaining the approval of such structure by the committee on grounds, unless such plans shall have been selected from those in the possession of and approved by the Board of Trustees, and no flowers, plants, shrubs, or trees shall be planted or cultivated in any lot without the approval of the committee on grounds.”

In improving the grounds, we find that the income from the Perpetual Care Fund is not sufficient to do all that we wish.

FRANCIS W. LAWRENCE,
Chairman ex-officio.
CHARLES S. SARGENT,
DESMOND FITZGERALD,
CHARLES H. STEARNS,
LÉONARD K. STORRS,
BARTHOLD SCHLESINGER,
JAMES H. BOWDITCH,
Trustees.

PARK COMMISSIONERS.

ORGANIZATION, 1887-88.

HENRY M. WHITNEY Term expires 1888.
CHARLES S. SARGENT Term expires 1889.
FRANCIS W. LAWRENCE Term expires 1890.

FRANCIS W. LAWRENCE, *Chairman.*

REPORT OF THE PARK COMMISSIONERS.

The Park Commissioners regret to be obliged to report that they have been able to purchase but one lot of land, that of the Home of the Good Shepherd, containing 6,373 feet, during the past year — the owners of the estates which yet remain to be bought or taken, holding their land at prices which we consider unreasonable — and we are still waiting for the Boston Commissioners to join with us in laying out the Park.

The tenement-house which was purchased last year has yielded a small income, but it has become absolutely necessary that drainage should be furnished in order to keep a respectable class of tenants in the building, the cost of which would absorb the net rents for more than a year to come. We have an offer of \$500 for the building, to be removed, and we recommend the town to authorize us to sell it.

Respectfully submitted.

FRANCIS W. LAWRENCE,
C. S. SARGENT,
HENRY M. WHITNEY,
Park Commissioners.

BROOKLINE, Feb. 10, 1888.

REPORT OF THE COMMITTEE ON THE IMPROVEMENT OF THE BROOKLINE AVENUE PLAYGROUND.

The Committee commenced work upon the playground as soon as material could be procured at satisfactory prices. The disposition to be made of the water running through the playground had their earliest consideration; and it was deemed advisable that a wooden culvert should be built to cover the brook channel. The engineers were consulted as to the proper construction and probable cost of the same; their estimate of cost being two thousand dollars (\$2,000). As the covering of the brook channel was not taken into account in the original estimates of the cost of the improvement of the playground, the Committee laid the matter before the town at a special town meeting held July 26th, 1887, and recommended an appropriation of two thousand dollars (\$2,000), for the purpose of building the culvert, and the transfer of any balance which might remain unexpended of the appropriation for the Brookline Avenue school house, said balance to be used by this Committee for the purpose of improving the playground; and the town made the appropriation and transfer. Plans and specifications for the construction of the culvert were made by the engineers, and proposals for bids for building the same were advertised for in two of the Boston daily papers. Numerous bids were received, and that of George H. Cavanagh was accepted. The culvert was built by the contractor in a satisfactory manner. Two rows of piles were driven into the ground and capped with spruce timbers, the top and sides being covered with planks.

The playground is now substantially filled to grade and the work can be finished this year, as the filling will be settled by the time the frost is out of the ground.

It is the opinion of the Committee that shade trees should be planted on the slope near Aspinwall Avenue, and they recommend that an appropriation be made to cover the cost of the same.

The estimated cost of the work as originally contemplated was	\$19,590 00
Cost of culvert	1,687 48
Extra filling over culvert	1,980 00
Extra loam over culvert	300 00
Probable cost of planting trees	600 00
	<hr/>
	\$24,157 48
Deduct estimated cost of work rendered unnecessary by culvert	400 00
	<hr/>
	\$23,757 48
Amount of appropriation at annual town meeting	\$4,750 00
Special town meeting July 26	2,000 00
Special town meeting Dec. 1	7,000 00
	<hr/>
	13,750 00
Amount needed to finish the work	<hr/>
	\$10,007 48
Whole amount of appropriations made	\$13,750 00
Whole amount of payments	9,964 63
	<hr/>
Amount unexpended	\$3,785 37

The unexpended balance of the appropriation for the Brookline Avenue school house is not taken into account.

The Committee recommend that the unexpended balance of the three thousand seven hundred and fifty dollars (\$3,750), appropriated in 1887 for the improvement of the Brookline Avenue Playground, be re-appropriated for the same purpose, and that the further sum of ten thousand dollars (\$10,000) be appropriated therefor.

BROOKLINE, February 1, 1888.

WILLIAM ASPINWALL,
JAMES B. HAND,
WATTS H. BOWKER,
WILLIAM STEARNS,
EDWARD W. E. TOMPSON.

REPORT OF THE COMMITTEE ON PUBLIC BATHS AND WASH HOUSES.

The Committee on Public Baths and Wash Houses respectfully submit the following report :

The Committee were authorized by vote of the town at the special meeting holden March 2, 1887, to print the report of Mr. George F. Newton, or so much thereof as they might deem expedient, and the sum of seven hundred and fifty (750) dollars was appropriated for that purpose.

After that meeting the Committee carefully examined Mr. Newton's report, with the view of abridging it and thus diminishing the expense of printing it. They also submitted the report to an eminent architect, a friend of Mr. Newton's, residing in Brookline, in order to obtain his opinion as to the expediency of omitting parts of the report in printing. There was a concurrence of opinion that the report, if printed at all, should be printed in full.

As some question had been publicly made after the town meeting, as to the expediency of incurring the considerable expense of printing this report, and as to its necessity for the purpose of giving the requisite information to the voters on the subject, the Committee have decided to refer the whole question again to the town for its action.

No part of the appropriation of seven hundred and fifty (750) dollars has been expended.

WILLIAM ASPINWALL,
WILLIAM I. BOWDITCH,
CHAS. T. DUNCKLEE,
HENRY M. WHITNEY.

BROOKLINE, January 23, 1888.

REPORT OF THE COMMITTEE ON PLANTING TREES.

At the Annual Meeting in March, 1887, the town chose a Committee of three persons for the purpose of planting trees along the streets and highways, in such places as the Committee might deem to be necessary, but as no appropriation was made for the use of the Committee, it has not been able to carry out the desire of the citizens who elected it.

If the town desires to continue this Committee or to elect another to take its place for the year ensuing, we would respectfully suggest that a suitable appropriation be made by the town at the coming Annual Meeting for its use.

All of which is most respectfully submitted by

E. W. E. TOMPSON,
WILLIAM STEARNS,
R. G. F. CANDAGE,
Committee on Planting Trees.

BROOKLINE, Feb. 7, 1888.

REPORTS

OF THE

Town Treasurer and Collector,

OF THE TREASURER OF THE

TRUSTEES OF THE WALNUT HILLS CEMETERY,

AND OF THE TREASURER OF THE

WARREN FUND FOR PLANTING TREES,

FOR THE YEAR ENDING FEB. 15, 1888.

As the drafts from the several departments on the Town Treasury for the January expenses are never made until the following month, the Treasurer's books cannot be closed until about the middle of February. Nothing has been paid, which the town did not receive the equivalent of before Feb. 1.

*General Summary of the Operations of the Town Treasury
for the year ending Feb. 15, 1888.*

RECEIPTS.

Balance from previous year	\$103,026 92
1. Borrowed	454,000 00
In anticipation of Tax Receipts	\$185,000 00
Beacon Street Widening	180,000 00
Marion Street School House	42,000 00
Pond Avenue Sewer	19,000 00
Land for Public Uses	12,000 00
Boylston Street School House	8,000 00
Harrison Place Extension	8,000 00
2. Tax Levy of 1887	383,271 18
3. Corporation and Bank Taxes	108,749 66
4. Tax Levies of 1885 and 1886	10,287 44
5. Water Rates, Meters and Piping	36,613 50
Consumers at Large	23,255 75
Town Departments	10,583 10
Meters, Pipes and Labor	2,774 65
6. Sewer Assessments	24,006 96
7. Interest	2,993 29
Bank Deposits	977 93
Sewer Assessments	497 71

11. Poor	250 87
Corporations and Individuals.	
12. Schools	198 47
Supplies and Non-resident Pupils.	
13. Rent of Town Buildings	1,139 12
Use of Town Hall and Rent of Water Works Engineers' Houses.	
14. Use of Hay Scales	68 25
15. Sales of Town Property	1,653 40
Tax Titles, Buildings, and Stone from new School-house	
Lots, Products from Poor Farm and Industrial School, and old Plank.	
16. Miscellaneous	34,951 78
Sidewalk Assessments, Sullivan Road Improvement, Beacon Street Widening and Water Main, Highway and Sewer Departments.	
Total Receipts	\$1,164,255 88

Balance on hand :

Deposited in National Banks	\$128,913 79
Cash in Office	1,164 75
	\$130,078 54

The balance is made up as follows :

High Service Water Works Appropriation	\$2,892 13
Public Park Loan Appropriation	14,185 88
New School House, Boylston Street	6,874 74
" " Brookline Avenue	1,897 45
" " Marion Street	12,025 36
Beacon Street Widening	56,094 14
Harrison Place Extension	8,000 00
General Fund	28,108 84

The Bank Deposits earn 2 per cent per annum interest.

PAYMENTS.

1. Highways	\$237,519 55
Cost of construction, and maintenance of roads, bridges and sidewalks, watering streets, removing snow, and lighting.	
2. Schools	51,262 32
Salaries of teachers and janitors, cost of text-books and school supplies, fuel, water, lighting, and interior repairs of school buildings.	
3. Building and Care of Sewers	50,731 57
Cost of Pond Avenue, Cypress Court, Longwood Avenue, Waverly Street, Davis Avenue, Clark Road, Harvard Street, Gorham Avenue, Harrison Place extension and Aspinwall Avenue sewers, general improvements, repairs and cleaning.	
4. Police	25,540 83
Pay of officers, maintenance of equipment, expense of fuel, gas and water for the station.

Town Report, public notices and documents.	
Total Payments	\$1,034,177 34

STATEMENT OF MONEY BORROWED.

Of \$318,500 authorized to be borrowed during the year for various purposes, besides the amount in anticipation of Tax receipts, only \$12,000 was raised prior to the 31st day of December last; this was due to the stringent conditions and consequent high rates which prevailed in the money market during the greater part of the year, making it impossible to float a four per cent loan at par.

As a consequence, the treasury balance was at no time large; on the contrary, it was often uncomfortably small, but the drafts from the various town departments and for the extraordinary public works were all met promptly, while the interest saved by the delay in placing the loans amounts to over \$6,000.

In anticipation of Tax Receipts \$150,000 00

At the Adjourned Annual Meeting, April 27th, 1887, it was —

Voted, That the Town Treasurer be authorized to borrow, in anticipation of taxes for the present year, such sums of money as may be needed from time to time, not exceeding altogether one hundred and fifty thousand dollars, paying therefor a rate of interest not exceeding four and one-half per cent per annum, giving the note or notes of the town therefor, signed by the Treasurer and countersigned by at least a majority of the Selectmen, and to be paid from the taxes to be raised this year.

With money at 6 to 7 per cent between the Boston banks from June 15th to December, it was impossible to borrow anything under this vote at as low a rate as $4\frac{1}{2}$ per cent; the rates paid were the very lowest obtainable by best borrowers. The transactions were as follows:—

June 30.	On demand, of First National Bank, Boston, at 6% per annum, paid July 22, 1887	\$35,000 00
July 12.	Of Fall River Savings Bank, at $4\frac{1}{2}$ % per annum, paid Oct. 15, 1887	50,000 00
July 21.	Of Commonwealth of Massachusetts, at 5% per annum, paid Oct. 11, 1887	50,000 00
Sept. 7.	On demand, of First National Bank, at 6% per annum, paid Oct. 11, 1887	35,000 00
Sept. 27.	On demand, of First National Bank, at 6% per annum, paid Oct. 11, 1887	15,000 00

The total cost of all these loans was \$1,386.66.

Beacon Street Widening \$200,000 00

At the Special Meeting, March 29, 1887, it was —

Voted, That the Town Treasurer be authorized to borrow, when so directed by the Selectmen, the sum of two hundred thousand (\$200,000) dollars in such amounts from time to time as they may think necessary, paying therefor a rate of interest not exceeding four per cent per annum, for such times in each case not exceeding ten years, as may seem to the said Treasurer and Selectmen to be for the best interests of the town, giving therefor the note or notes of the town, signed by the Treasurer, and countersigned by a majority at least of the Selectmen; the said sum to be applied toward the payment of land and grade damages and construction of Beacon Street, as altered and widened by the Selectmen, March 21, 1887. Such indebtedness shall be made payable in such annual proportional payments as will extinguish the same within ten years from the date of the delivery of the first of said notes.

Copies of the following circular were mailed to the principal banking firms and savings institutions in New England, and likewise inserted in the advertising columns of the principal Boston papers: —

TOWN OF BROOKLINE

3½ PER CENTS.

AVERAGE 5½ YEARS.

OFFICE OF THE TOWN TREASURER,

June 13th, 1887.

SEALED PROPOSALS will be received until Monday, the twenty-seventh day of June, 1887, at noon, for any amount not exceeding two hundred thousand dollars, of the Notes of the Town of Brookline, authorized by a vote of the Town at a special meeting, held March 29th, 1887, for borrowing money for application towards the payment of land and grade damages and construction of Beacon Street, in said town, as altered and widened by the Selectmen, March 21, 1887.

The Notes will be coupon, of the denomination of \$1,000 each, sealed with the Town Seal, and bearing three and one-half per centum per annum interest, payable semi-annually at the First National Bank of Boston, on the first days of January and July of each year.

The Notes will be dated July 1st, 1887, and payable

\$20,000 July 1st, 1888.	\$20,000 July 1st, 1893.
20,000 " " 1889.	20,000 " " 1894.
20,000 " " 1890.	20,000 " " 1895.
20,000 " " 1891.	20,000 " " 1896.
20,000 " " 1892.	20,000 " " 1897.

The Population of Brookline is 9,800.

The Assessed Valuation for the Tax Levy of 1886 was \$33,434,400, exclusive of Corporation Stock, assessed by the State at over \$5,000,000.

The Total Debt of the Town, this date, is \$1,299,800, of which \$671,000 is for water; the value of securities in the Sinking Fund, this date, is \$183,666, thus leaving the net Municipal Debt \$445,134, being only 1½ per cent of the valuation of taxable property in the town.

The right is reserved to reject any or all bids.

Proposals must be endorsed, "Proposals for Brookline 3½ Per Cents," and addressed to

GEORGE H. WORTHLEY,

Treasurer of Brookline, Mass.

Shortly after the circular was issued, and before the date specified for opening proposals, the money market underwent such a change in the direction of stringency and higher rates than had been ruling, that not a bid was received. The Commissioners of the Sinking Fund took \$5,000 due July 1, 1895, and Blake Brothers & Co., \$7,000 due July 1, 1897, at par,

but it was impossible to sell the remainder. There was no chance for a four per cent loan to meet with better favor until January 1st, 1888, when, after thoroughly canvassing the market, the coupon notes below described, bearing 4 per cent per annum interest were placed at par, the purchasers being:

Blake Brothers & Co.	\$95,000 00
Commissioners of the Sinking Fund, Brookline	68,000 00
The Brookline Savings Bank	5,000 00

\$20,000 00 due July 1, 1889. Interest 4% per an., payable semi-annually.

20,000 00 “ “ 1, 1890.	“ 4%	“ “ “
20,000 00 “ “ 1, 1891.	“ 4%	“ “ “
20,000 00 “ “ 1, 1892.	“ 4%	“ “ “

20,000 00 “ “ 1, 1896.	“ 4%	“ “ “
13,000 00 “ “ 1, 1897.	“ 4%	“ “ “

\$168,000 00

A commission of $\frac{1}{4}$ of one per cent was paid to Blake Brothers & Co. on the amount taken by them, amounting to \$237.50.

To borrow the money needed under the six following votes, the principal Boston bankers were invited to submit proposals as follows:

TREASURY OF BROOKLINE.

[L.S.]

TOWN HALL.

Brookline, Mass., Feb. 14, 1888.

PROPOSALS SOLICITED FOR BROOKLINE 4 PER CENTS.

Coupon Notes, \$1,000 each, dated February 1, 1888; interest February 1st and August 1st.

\$89,000

The money to be paid to the Treasurer of Brookline, Wednesday, Feb. 15, 1888, on his receipt, countersigned by the Selectmen, agreeing to deliver the Notes as soon as they can be printed.

The loan was taken by Messrs. Brewster, Cobb & Estabrook of Boston, at par and $\frac{17}{100}$ per cent premium, or \$1,001 $\frac{70}{100}$ for each \$1,000 note falling due between 1891 and 1898, inclusive, and par for those payable in 1889 and 1890, that being the highest bid. The sums borrowed by authority of each vote are specified thereunder.

For Purchasing and Maintaining Land for Public Uses \$13,500 00

At the adjourned Special Meeting, Nov. 10, 1886, it was —

Voted, That the Treasurer be authorized to borrow, when so directed by the Selectmen, the sum of \$13,500, paying therefor, at a rate not exceeding four per centum per annum interest, for not more than three years, to pay for the lot of land bonded to the town by John T. Davis of St. Louis, and bounded northerly by Tappan Street, easterly by land now occupied by the Boston and Albany Railroad Company, southerly by the location of the Boston and Albany Railroad Company, and westerly by land of Arthur W. Blake, containing 67,179 square feet, more or less, giving therefor the note or notes of the town, signed by the Treasurer and countersigned by a majority at least of the Selectmen.

\$6,000 00	due February 1, 1889,	at 4 per cent per annum semi-annually.
3,000 00	“ “ 1, 1890, “ 4	“ “ “ “
3,000 00	“ “ 1, 1891, “ 4	“ “ “ “

\$12,000 00 only.

For Building a Sewer in the Pond Avenue District \$29,000 00

At the adjourned Special Meeting, Nov. 17, 1886, it was —

Voted, That the Town Treasurer be authorized to borrow, when so directed to do by the Selectmen, the sum of \$29,000, bearing interest at a rate not exceeding four per cent per annum, for not more than three years, to pay for the construction of the sewer in the Pond Avenue District, and raising the grade of the part of Pond Avenue between Washington Street and the Ward school building, as reported to the town by the Selectmen at this meeting, giving therefor the note or notes of the town, signed by the Treasurer and countersigned by a majority at least of the Selectmen.

\$7,000 00	due February 1, 1889,	at 4 per cent per annum semi-annually.
6,000 00	“ “ 1, 1890, “ 4	“ “ “ “
6,000 00	“ “ 1, 1891, “ 4	“ “ “ “

\$19,000 00 only.

Marion Street School House \$42,000 00

At the adjourned Annual Meeting, April 13, 1887, it was —

Voted, That the Town Treasurer be authorized to borrow, when so directed by the Selectmen, a sum not exceeding thirty-seven thousand dollars (\$37,000), paying therefor a rate of interest not exceeding four per cent per annum, for not more than ten years from the date of the first note, to pay for the purchase of land, grading, etc., and the erection thereon of a school building, giving therefor the note or notes of the town, signed by the Treasurer, and countersigned by a majority at least of the Selectmen.

At the Special Meeting, July 26, 1887, it was —

Voted, That the Town Treasurer be authorized to borrow, when so directed by the Selectmen, a sum not exceeding five thousand dollars, paying therefor a rate of interest not exceeding four per cent per annum, for not more than ten years, to pay for the completion of the new school house on Marion Street, giving therefor the note or notes of the town, signed by the Treasurer and countersigned by a majority at least of the Selectmen.

\$5,000 00 due February 1, 1889, at 4 per cent per annum semi-annually.

5,000 00 “ “ 1, 1890, “ 4 “ “ “

5,000 00 “ “ 1, 1891, “ 4 “ “ “

\$8,000 00

<i>For Improving the Brookline Avenue Playground</i>	\$9,000 00
--	------------

At the Special Meeting, July 26, 1887, it was —

Voted, To appropriate the sum of two thousand dollars to be expended in improving the Brookline Avenue playground under the direction of the committee appointed for that purpose, said sum to be borrowed by the Treasurer under the direction of the Selectmen, in the usual manner and form, and to be made payable from the taxes of the year 1888.

At the adjourned Special Meeting, Dec. 1, 1887, it was —

Voted, That the sum of seven thousand dollars be appropriated for the improvement of the Brookline Avenue playground by the special committee on that matter, in accordance with their report at this town meeting. Said money shall be borrowed by the Treasurer under the direction of the Selectmen, and the note or notes of the town shall be given therefor in the usual form, and shall be made expressly payable from the taxes of eighteen hundred and eighty-eight.

No money has been borrowed under these votes.

The Limit of Indebtedness.

Under the existing statutes governing Municipal Indebtedness, the amount which the town can borrow, in addition to its present debt, is as follows :—

<i>Valuation</i> for the assessment of taxes for 1887	\$38,782,600 00
---	-----------------

<i>Gross Capacity</i> (Pub. Stat. chap. 29, sec. 3) 3% is . .	\$1,163,478 00
---	----------------

<i>Present Debt</i>	\$1,526,800 00
-------------------------------	----------------

Deductions allowed :

Water Debt	\$661,000 00
----------------------	--------------

Amount of Sinking Fund .	256,702 00
--------------------------	------------

917,702 00

<i>Net Debt</i> for the purpose of this calculation	609,098 00
---	------------

<i>Margin</i> between present net debt and the 3 per cent Statutory limit	\$554,380 00
--	--------------

<i>Deduct</i> amount liable to be borrowed the coming year in anticipation of taxes	150,000 00
--	------------

<i>Available Balance</i>	\$404,380 00
------------------------------------	--------------

The Total Debt at the beginning of the year was . . . \$1,299,800 00

There was Borrowed during the year in

anticipation of taxes	\$150,000 00	
For widening Beacon Street	180,000 00

Summary of Charges Made to the Town for Water, 1887.

Fire Department, 212 hydrants	\$5,300 00
“ “ Engine houses	69 00
Street Department, (Watering, etc.)	4,400 00
Highway Department	300 00
Town Stable	28 00
Town Hall	79 00
School Houses	325 50
Police Station	42 00
Public Library	18 00
Poorhouse	16 00
Old Cemetery, Walnut Street	5 60
Walnut Hills Cemetery	10 00
	<hr/>
	\$10,593 10

In accordance with a vote of the town the several departments have been charged in the preceding pages with their respective amounts, and the total appears in the treasury receipts on page 284, item 5; a matter of bookkeeping, simply. The charge to the Walnut Hills Cemetery, however, (the accounts and funds of which are in the hands of Trustees,) has not been paid; therefore, the summary of Treasury Receipts, page 264, is \$10 less in amount than the footing of the detailed statement on page 286.

WALNUT HILLS CEMETERY.

\$18,888 95	Total of Uncollected Taxes.	

July 26, 1887, three parcels of real estate were offered at auction for the taxes of 1886, being the only pieces of real estate on which the taxes of that year remained unpaid.

As no purchaser appeared on the day advertised, or subsequently, for two of them, the sale was postponed from day to day, as provided by the statute, and the property was finally taken by the Collector for the town, according to law.

(E. and O. E.)

GEO. H. WORTHLEY, *Treasurer.*

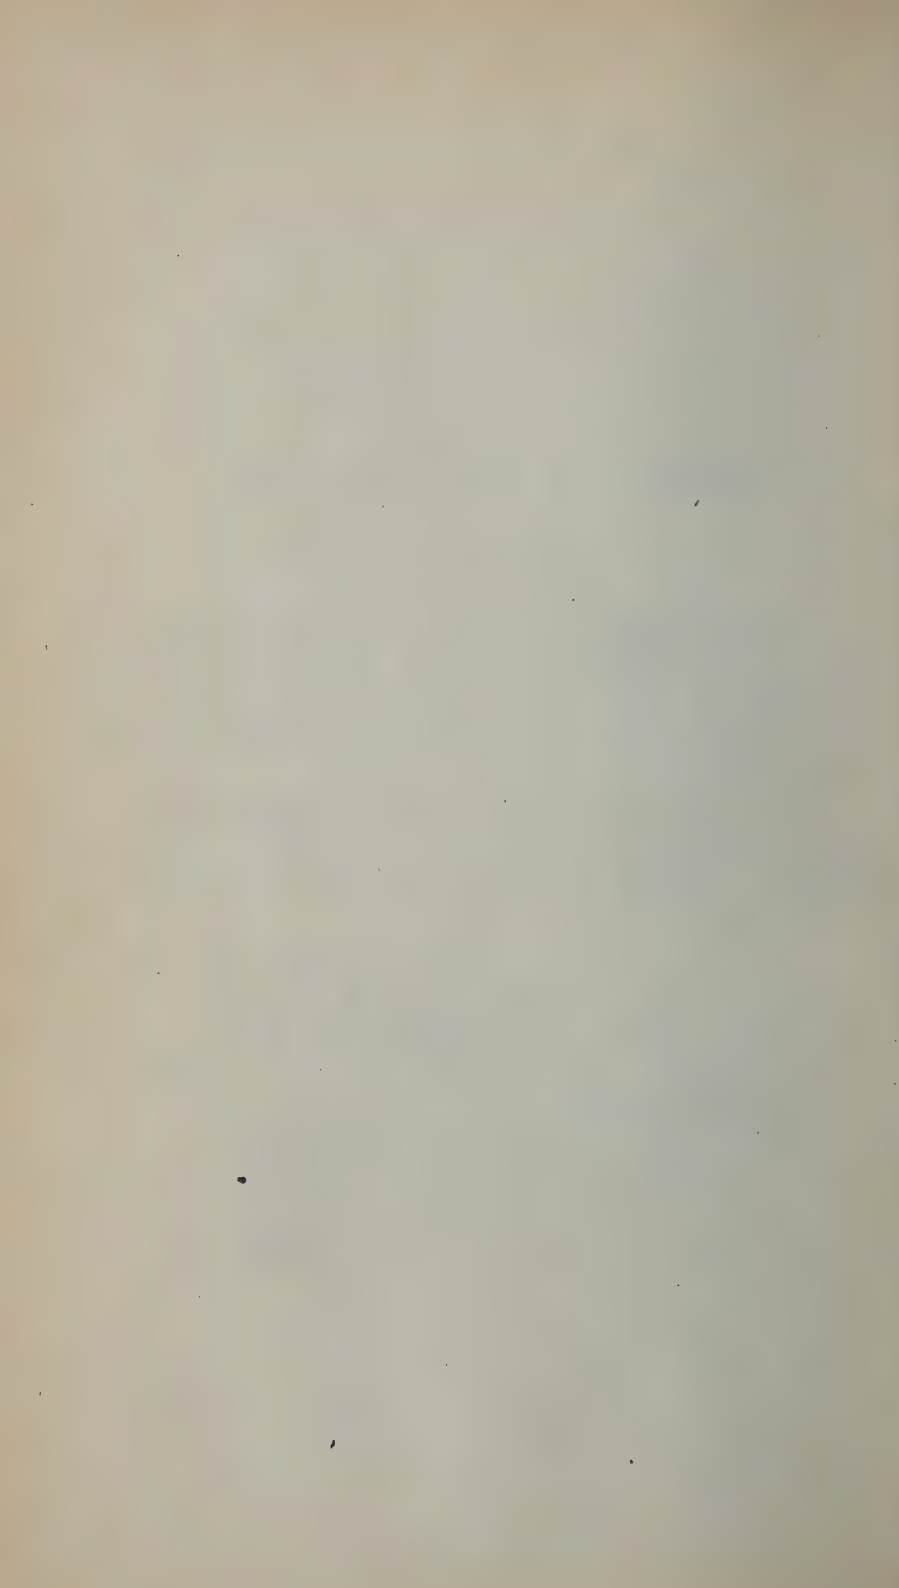

REPORT OF THE AUDITORS.

We have examined the accounts of George H. Worthley, Treasurer of the Town of Brookline, of the Walnut Hills Cemetery Fund, and of the Warren Fund for Planting Trees, and have found the same correctly cast, and with proper warrants and vouchers.

We have also examined his accounts as Treasurer of the Commissioners of the Sinking Fund, together with the securities belonging thereto, and they are as reported to the town.

W. E. LINCOLN,
C. A. W. SPENCER,
GARDNER C. BROOKS,

REPORT OF THE ASSESSORS.

In presenting their annual report, the Assessors invite attention to the gratifying increase in the amount of taxable property, especially of real estate, which is nearly four millions over the last year's valuation. This, though largely due to the operations of the West End Land Company, is not confined to the vicinity of the new avenue, but is extended to other portions of the town, and numerous sales since the assessment was made confirm the judgment of the Assessors, and show that the real estate of Brookline is steadily advancing in value. The amount raised by assessment this year is \$410,959.25; the amount last year was \$352,623.76. This large increase of \$58,335.49 was raised with the addition of only 10 cents on \$1,000 to the rate of last year. The amount received from the State for corporation taxes is largely in excess of our estimates, so that the treasury will be in a favorable condition on the opening of the ensuing year.

The indications of the increasing growth of the town in population and wealth are more abundant than ever before, and we are well assured that the completion of the magnificent improvements now in progress will more than realize our most sanguine anticipations of its increased prosperity and resources.

Herewith is presented a condensed statement of taxation, together with a table of aggregates of debt, expenditures, valuation, and rate up to the present time.

WILLIAM LINCOLN,
J. ANSON GUILD,
R. G. F. CANDAGE,

Assessors of Brookline.

CONDENSED STATEMENT

OF THE TAXATION OF THE TOWN OF BROOKLINE FOR THE YEAR 1887.

Amount voted by the town for general purposes	\$480,237 00
